

# Memo

To: Docketing Division

From: Jill Henry, Rail Specialist, Rail Division

Cc: PUCO Legal Department

Date: 4/29/2020

Re: PUCO Case No. 17-2199-RR-FED- In the Matter of an Extension Request for an Upgrade to the Active Warning Devices at the Norfolk Southern Railway Crossing, S. Munson Road DOT#509-484C, in Fulton County, Ohio.

---

On September 22, 2017, the Ohio Rail Development Commission (ORDC) authorized construction for Norfolk Southern to upgraded warning devices at the following location:

| Street       | DOT#     | County | Project                            |
|--------------|----------|--------|------------------------------------|
| S. Munson Rd | 509-484C | Fulton | New House, Controller & LED Lights |

On November 21, 2017, the Commission issued a Finding and Order approving the project and ordering completion by August 21, 2018. Project delays occurred due to impending positive train control requirements, so the deadline was extended until November 15, 2018.

The crossing project has been completed and is in-service as follows:

| Street       | DOT#     | County | Date of Completion |
|--------------|----------|--------|--------------------|
| S. Munson Rd | 509-484C | Fulton | 9/19/2018          |

Accordingly, the above case may be closed.
