

BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Emergency Application of)
Carroll Township Treatment Services, Inc.) Case No. 20-1322
for an Increase in Rates and Charges)

EMERGENCY SMALL UTILITY APPLICATION
FOR AN INCREASE IN RATES
AND CHARGES

Carroll Township Treatment Services, Inc., the applicant in this proceeding, is a Sewage Disposal System company providing utility service to 400 to 5000 customers in the area of Carroll Township, Ottawa County, Ohio. For the (12) months ended June 30, 2020, the current rates and charges of applicant produced annual gross revenues of \$71,725.96. The expenses for the same twelve-month period were \$191,907.54. (See attached Exhibit 5) Based upon current expense levels, the existing rates do not provide sufficient income for utility service to continue to operate. CTTS has survived in part due to short term loans made by Wild Wings, Inc. totaling \$157,095. And additional repairs are required to the aging plant and equipment. Finally, the utility is required to rebate overcharges to customers in addition to current operating expenses as ordered in Case No. 18-0889-ST-AIR.

Applicant proposes the rates attached as Exhibit 1 to this application. Exhibit 2 is a copy of the rates currently in effect. Applicant has attached, as Exhibit 3, its most recent annual report filed with the Commission, and its most recent federal income tax return as Exhibit 4.

Applicant agrees to supply, to the best of its ability, information requested by the Commission's staff in the course of its investigation of this application.

Wherefore, considering the statements made above, applicant requests the Public Utilities Commission of Ohio to:

1. Waive the filing requirements specified in Section 4909.18 (A) through (E), Revised Code and proceed according to R.C. § 4909.16

3. Specify the form of notice which should be employed by applicant to inform the public of the substance and prayer of this application.
4. Cause an investigation to be made of the facts set forth in this application.
5. Determine if the rates and charges proposed by applicant are reasonable or, in the alternative, determine what rates should be charged by applicant in order to provide a reasonable level of compensation for utility service.

Respectfully submitted,

Walter Harris, President/Treasurer
