**Subject:** Feathering requirement

Hi, I read that the feathering requirements for the Icebraker Project wind turbines is in danger to be defeated.

I urge you to uphold these requirements to save hundred?thousands? of birds.  
I personally have many bird feeders in our yard, also 4 Hummingbird feeders - I am probably saving some birds on a very small scale, especially in this drought. So, please try your best to save a much larger number of birds!

Thank you, Sincerely, Gisela Peace, Huntingdon, Pa.
