

**Duke Energy Ohio
Case No. 20-0347-EL-BNR
STAFF Sixth Set of Data Requests
Date Received: September 2, 2020**

STAFF-DR-06-001

REQUEST:

By Staff's calculation 3% of \$7.59 million is \$227,700, is this correct? And will the Company seek to recover this through transmission formula rates (H-22)? Also, please briefly explain what the 3% of costs will be made up of, will it just be the 0.2 mile of transmission line for example?

RESPONSE: See the response to STAFF-DR-05-001. The costs that would be recovered through transmission formula rates are those relating to the 0.2-mile transmission line.

PERSON RESPONSIBLE: Sarah Lawler
