

Description	Name
<p>Reference case number: 16-1871-EL-BGN</p> <p>I believe the State of Ohio has an obligation to protect our natural resources and should regard the protection of Lake Erie as a priority.</p> <p>I do not support the Icebreaker Wind Turbine project. I am very concerned about the industrialization of Lake Erie. I strongly urge the Ohio Power Sitting Board to uphold its decision to include 33 critical conditions in its permit to build wind turbines on Ohio's greatest natural resource.</p>	R. Lewis
<p>I believe the State of Ohio has an obligation to protect our natural resources and should regard the protection of Lake Erie as a priority.</p> <p>I do not support the Icebreaker Wind Turbine project. I am very concerned about the industrialization of Lake Erie. I strongly urge the Ohio Power Sitting Board to uphold its decision to include 33 critical conditions in its permit to build wind turbines on Ohio's greatest natural resource. This project would not be economically feasible without government subsidy. The profit resulting from this subsidy would accrue to the foreign owner of the project, and provide no real economic benefit to the State. In addition, these wind turbines would constitute an environmental hazard to migratory birds whose migration routes cross the lake, as well as other unknown environmental risks. It would also pose a potential hazard to navigation, which particularly concerns me as a boater. As a Professional Engineer licensed by the State of Ohio, License #E-37571, I am pledged to protect the public health and safety, and thus I am duty bound to oppose this ill-advised project.</p>	Dr. Thomas Kenat, Ph.D., P.E.

<p>Please defeat the windmill proposal. This would ruin our lake Erie skyline and could cause harm to our bird migration.</p>	Vicki Beal

<p>In regards to case # 16-1871-EL-BGN, Please hold firm on the requirement to not allow operation of the windmills from dusk to dawn. As a boater of 45 years on the great shores of Lake Erie, these windmills will significantly detract from the beauty of our shoreline. In addition, they also create an increased danger to the water foul in the area surrounding the location of each windmill. I ask for your support in this case # 16-1871-EL-BGN to help protect our wonderful resource and it's wildlife.</p>	Frank Maresh
<p>Reference case number: 16-1871-EL-BGN</p> <p>I believe the State of Ohio has an obligation to protect our natural resources and should regard the protection of Lake Erie as a priority.</p> <p>I do not support the Icebreaker Wind Turbine project. I am very concerned about the industrialization of Lake Erie. I strongly urge the Ohio Power Sitting Board to uphold its decision to include 33 critical conditions in its permit to build wind turbines on Ohio's greatest natural resource. As a boater, I am extremely concerned as to the hazards wind mills will pose to recreational boating.</p>	Mike Zavasnik

<p>We do not support the Lake Erie windmill project. There is no advantage to having this project located in our Great Lakes.</p> <p>Thank you, Bryan S. Carlton Bull Construction Services, LLC</p>	<p>BRYAN CARLTON</p>
