Subject: I support Emerson Creek Wind!

Dear Docket Submission Ohio Public Siting Board,

Since I was unfortunately unable to attend the virtual public hearing in mid-August, please accept this as my written testimony.

As an Ohioan and a strong supporter of rural economic development, I want to encourage you to award a permit to the Emerson Creek Wind project (Docket No. 18-1607-EL-BGN, Emerson Creek).

Wind energy projects like Emerson Creek are an important part of the future of Ohio's economy. Ohio manufacturing already supplies many of the components for wind projects in other states, and it's high time we put these components, and Ohio manufacturers, to work in our own state.

The economic, community, infrastructure, and health benefits that this project will bring to Northern Ohio are hardly debatable. Please support clean, reliable, and affordable energy that will spur economic development across Ohio. Grant a permit to Emerson Creek Wind.

Regards,
Tom Miller
