Subject: Support Emerson Creek!

Dear Docket Submission Ohio Public Siting Board,

As an Ohioan and a strong supporter of rural economic development, I want to encourage you to award a permit to the Emerson Creek Wind project (Docket No. 18-1607-EL-BGN, Emerson Creek).

Wind energy projects like Emerson Creek are an important part of the future of Ohio's economy. Ohio manufacturing already supplies many of the components for wind projects in other states, and it's high time we put these components, and Ohio manufacturers, to work in our own state.

The economic, community, infrastructure, and health benefits that this project will bring to Northern Ohio are hardly debatable. OPSB Staff, local governments, and some area residents have all reached an agreement supporting the issuance of a permit with a set of conditions. The OPSB should stand with OPSB staff and local stakeholders. Approve Emerson Creek Wind.

As I was unable to attend the virtual public hearing in mid-August, please accept this as my written testimony.

Regards,
