Dear «ADDRESSEE»:

You are receiving this letter because we wanted to let you know about a proposed power line project in your area.

AEP Ohio representatives plan to build .1 miles of power line to extend into Dayton Power and Light Company's proposed substation. The improvements, located in Taylor Township in Union County, increase electric reliability for customers. Construction begins early next year and concludes next summer.

Please see the attached Construction Notice, which we must submit to the Ohio Power Siting Board (OPSB) when we make certain changes to our transmission facilities. The submission complies with Rule 4906-6-01, et. seq., of the Ohio Administrative Code. We filed this project as the Marysville-Peoria 345 kV Transmission Line Project, Public Utilities Commission of Ohio Case No. 20-1449-EL-BNR.

The Construction Notice to construct, operate and maintain this facility awaits review by the OPSB. Please make this Construction Notice available to the public. We also are communicating with landowners in the project area.

Feel free to contact me if you would like to receive an electronic copy of the Construction Notice or if you have any questions about this project.
