Re: Case No. 18-91-EL-BGN - In the Matter of the Application of Paulding Wind Farm IV LLC for a Certificate of Environmental Compatibility and Public Need to Construct a Wind-Powered Electric Generation Facility in Paulding County, Ohio.

Supplement - Compliance with Condition 4 – As-Built Specifications

Dear Ms. Troupe:

On February 21, 2019, Paulding Wind Farm IV LLC (“Paulding Wind”) received a certificate from the Ohio Power Siting Board (“OPSB”) authorizing it to construct a wind-powered electric generation facility in Paulding County, Ohio, subject to 26 conditions, as well as the requirements set forth in the Ohio Administrative Code Rule 4906-4-09.

On October 5, 2020, Paulding Wind filed notice to reflect that it submitted to OPSB Staff a copy of the as-built specifications for the facility. With that filing, Paulding Wind complied with Condition 4. At this time, Paulding Wind is supplementing that filing with a copy of the document provided to OPSB Staff.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ Christine M.T. Pirik
