RE: Letter of Notification
Seaman-Adams Transmission Line Rebuild Project
Seaman-Adams 138 kV Transmission Line Rebuild Project
Case No. 20-1495-EL-BLN

Dear Neighbor,

You are receiving this letter because public records show you own property or live near a proposed power line project.

AEP Ohio representatives plan to rebuild approximately 8 miles of power line. The project involves rebuilding two separate power lines as one power line in Scott and Meigs townships in Adams County. Company representatives plan to rebuild the line with single steel poles. The upgraded equipment helps improve electric reliability for local customers.

We filed this project with the Ohio Power Siting Board (OPSB) as the Seaman-Adams 138 kV Transmission Line Rebuild Project. If approved by the OPSB, construction would begin later this year and complete toward the end of next year. **Please see Page 3 of this document for key regulatory information associated with this project.**

You may comment on this project by:

- Calling me at (380) 205-5046.
- Sending an email to jkdemaree@aep.com.
- Sending your comments directly to the OPSB at 180 East Broad Street, Columbus, Ohio, 43215-3793. You may also contact the OPSB at (866) 270-6772 or contactopsb@puc.state.oh.us. (Note: You can file petitions to intervene in the OPSB process to the siting board up to 10 days following the notice announcing the project).

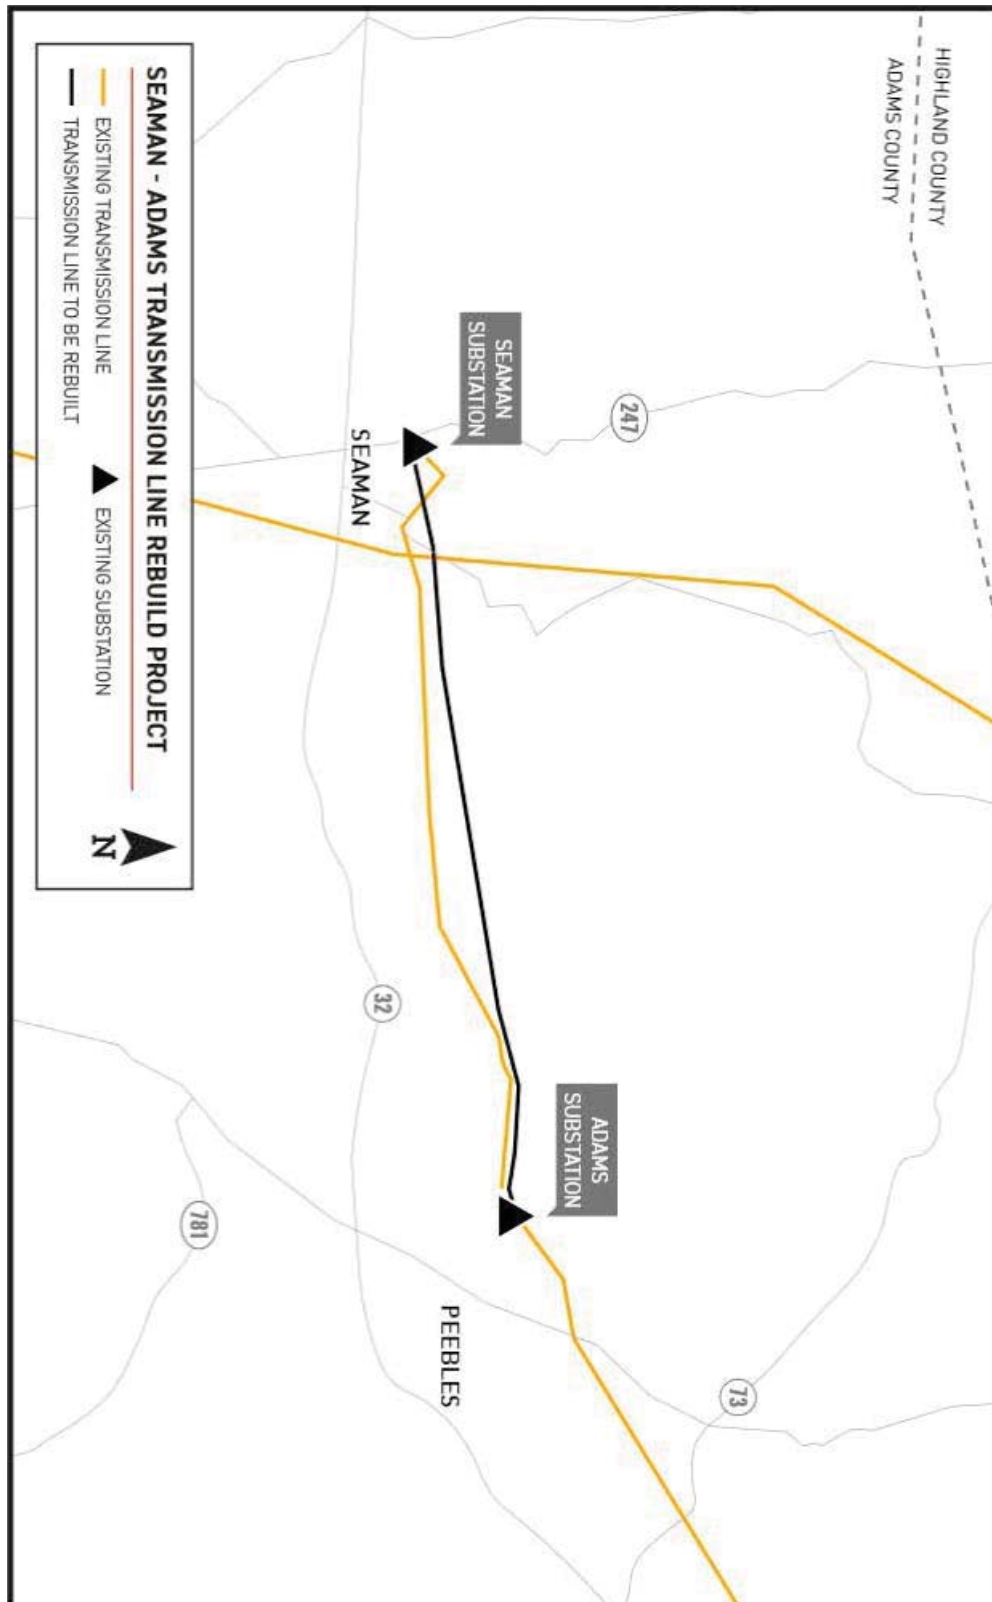

The following map shows the project area. Please use this map only as a general guide due to its reduced scale and limited detail.
