## **EXHIBIT C**

### **DESCRIPTION OF THE TRANSACTION**

ExteNet Systems, Inc. (“ESI”), and Hudson Fiber Network Inc (“HFN”) (together, the “Registrants”), JH Killington Communications, LLC (“JH Killington”), and Mount Royal Holdings, LLC (“Parent”) (and collectively with Registrants and JH Killington, the “Parties”) request approval from the Public Utilities Commission of Ohio (“Commission”) as may be necessary or required for JH Killington to acquire a minority ownership interest greater than 20 percent but less than 30 percent in Parent, the ultimate parent company of Registrants. Other than JH Killington, there will not be any new 20 percent or greater owners of Registrants.

#### **Description of the Registrants**

The executive office of Registrants is at 3030 Warrenville Rd., Suite 340, Lisle, Illinois 60532. HFN is a New Jersey corporation and a wholly owned subsidiary of ESI. ESI is a Delaware corporation and a direct, wholly owned direct subsidiary of Odyssey Acquisition, LLC (“Odyssey”), a Delaware limited liability company, which is in turn an indirect, wholly owned subsidiary of Parent, a Delaware limited liability company.

ESI and its subsidiaries, including HFN (together, “ExteNet”) design, build, own and operate distributed networks for use by national and regional wireless service providers (“WSPs”) in key strategic markets in North America. Using fiber-fed distributed antenna systems, small cells, Wi-Fi and other technologies, ExteNet deploys distributed networks to enhance coverage and capacity and enable superior wireless service in both outdoor and indoor environments. Primary markets addressed by ExteNet include outdoor distributed networks in a variety of densely occupied or heavily traveled settings, and venues used for sports and entertainment events, the

hospitality industry, commercial buildings, and healthcare facilities. ExteNet also provides private lines or IP-based transport services to other carrier and enterprise customers.

ExteNet is authorized to provide services in the District of Columbia and every state except Alaska, Iowa, Maine, Montana, North Dakota, Vermont, and Wyoming. In Ohio, ESI is authorized to provide competitive telecommunications services pursuant to Certificate No. 60-6362 granted in Case 06-1265-TP-ACE on November 29, 2006; and HFN is authorized to provide competitive telecommunications services pursuant to Certificate No. 90-6433 granted in Case 19-1743-TP-ACE on October 18, 2019.

Parent has executive offices located at 750 Park of Commerce Drive, Suite 200, Boca Raton, Florida 33487. Parent has no majority owner, but rather is owned by multiple private equity firms and certain individuals in management of ExteNet. The following are the primary owners of Parent:

Digital Bridge Small Cell Holdings, LLC (“Digital Bridge”): Digital Bridge owns approximately 27 percent of the voting equity of Parent. Digital Bridge is owned by Digital Bridge Holdings, LLC (“DB-Holdings”), affiliates of DB-Holdings, and other institutional investors. DB-Holdings is a communications infrastructure investment platform based in Boca Raton, Florida. It was formed in 2013 by a team of successful investors including Ben Jenkins (former Senior Managing Director at Blackstone and Head of Blackstone’s Hong Kong Office) and Marc Ganzi (former founder and CEO of Global Tower Partners) and owns interests in a broad range of communications infrastructure companies including Vertical Bridge and Mexico Tower Partners.

Stonepeak Communication Holdings LLC (“Stonepeak”): Stonepeak owns approximately 49 percent of the voting equity of Parent. Stonepeak is owned by (i) Stonepeak Infrastructure Fund (Odyssey AIV) LP, which is owned by existing limited partners of other Stonepeak funds, and (ii) Stonepeak Communication Holdings LP, which is owned by existing limited partners and other co-investors. Stonepeak is managed by Stonepeak Infrastructure Partners, a North America focused private equity firm focused on infrastructure investing. Stonepeak Infrastructure Partners invests primarily in businesses comprised of hard assets with leading market positions primarily in the following sectors: Energy, Power and

Renewables, Transportation, Utilities, Water and Communications. Stonepeak Infrastructure Partners manages over \$18 billion of capital.

JH Killington is a newly formed Delaware limited liability company created for the purpose of holding a minority, non-controlling interest in ExteNet. JH Killington is owned and controlled by John Hancock Life Insurance Company (U.S.A.), a Boston-based insurance company. John Hancock Life Insurance Company (U.S.A.) is a wholly owned subsidiary of Manulife Financial Corporation, a publicly-traded company (NYSE: MFC). JH Killington does not provide telecommunications services or have a certificate from the Commission to provide such services.

### **Description of the Transaction**

Pursuant to the Subscription Agreement dated October 14, 2020 between JH Killington and Parent, JH Killington will acquire equity interests in Parent representing a direct minority interest in Parent, and therefore an indirect minority interest in Licensees (the “Minority Ownership Change”). Following receipt of required approvals from the Commission and other regulatory agencies, Parent’s Board of Directors will increase from nine to twelve Directors, with JH Killington appointing the additional three directors. Diagrams depicting the current and post-Transaction corporate ownership structure of Registrants are provided as Exhibit C-1.

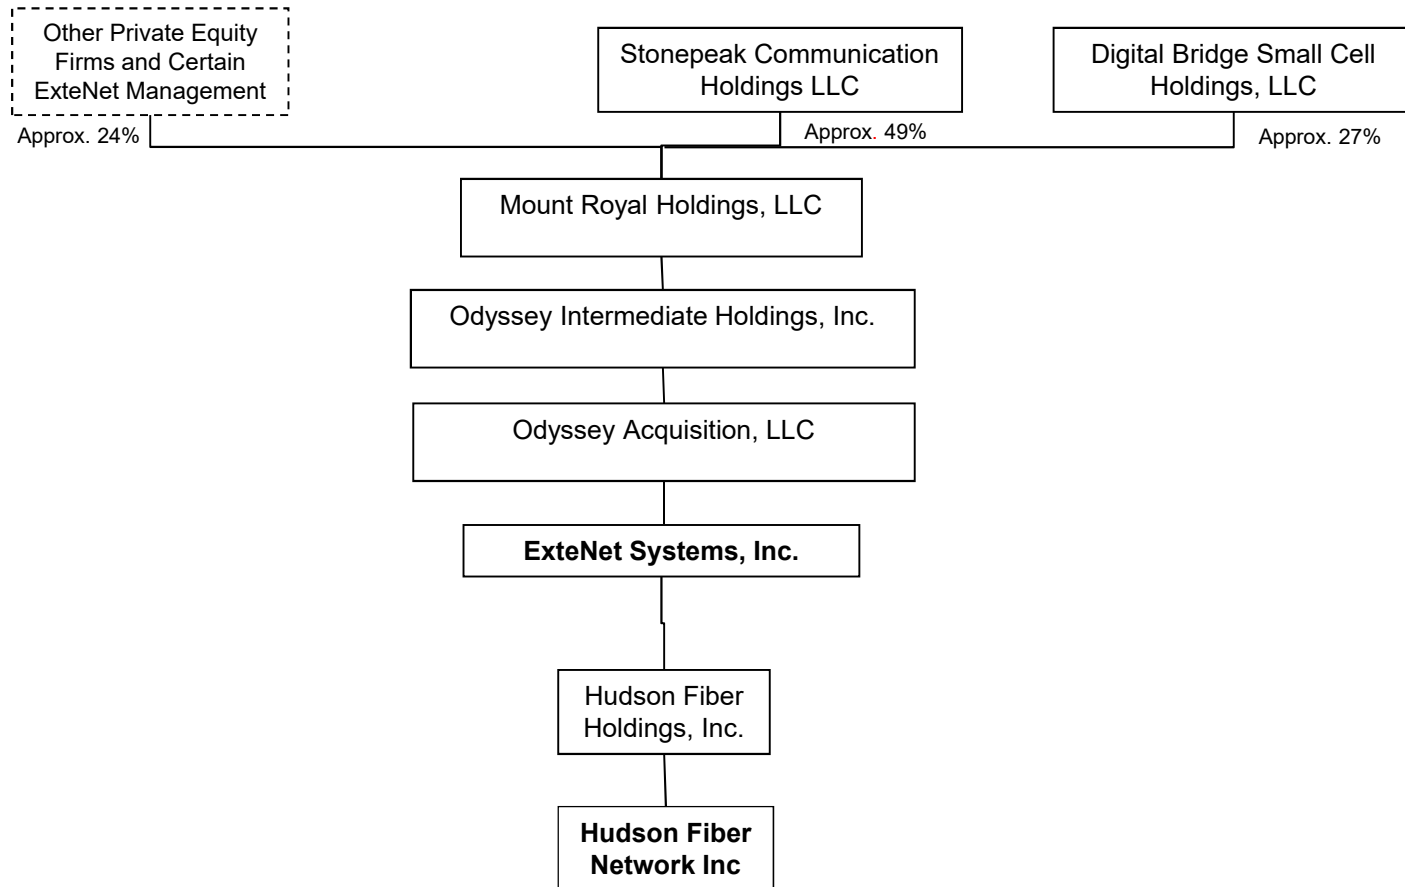

### **Public Interest Considerations**

Applicants respectfully submit that the Minority Ownership Change will serve the public interest. The Minority Ownership Change will be transparent to Registrants’ customers and will not transfer actual working control of Applicants or create a new majority equity owner in Parent. Because the Minority Ownership Change will occur at the holding company level and will not affect the rates, terms and conditions under which Registrants operate or the day-to-day operations of Registrants, the Minority Ownership Change will have no effect on the services Registrants provide. Following completion of the Minority Ownership Change, Registrants will continue to provide high-quality communications services to their customers without interruption.
