**REVIEW AND RECOMMENDATION  
SUBMITTED ON BEHALF OF THE STAFF OF  
THE PUBLIC UTILITIES COMMISSION OF OHIO**

---

On October 13, 2020, Broadwing Communications LLC dba CenturyLink (Applicant) filed an ATA seeking to revise its intrastate carrier switched access services tariff P.U.C.O. No. 2. The Applicant proposes to revise its tariff language to update the company's interstate tariff references to the appropriate CenturyLink FCC tariff. The former reference was to Broadwing Communications, LLC Tariff FCC No. 1. The revised reference now reads CenturyLink Competitive Operating Companies Tariff F.C.C. No. 2.

Therefore, pursuant to 4901:1-7-14(F) O.A.C. of the Local Exchange Carrier to Carrier Rules, an application to make a change in the intrastate carrier switched access reciprocal compensation tariff of a competitive local exchange carrier (CLEC) must be filed as an ATA tariff amendment subject to the thirty-day automatic approval process. Staff reviewed all documents and exhibits filed with this application and finds them to be compliant with Commission rules. Thus, Staff has determined that the request to revise the Applicant's PUCO Tariff No. 2 appears to satisfy the Commission's requirements set forth in 4901:1-7-14(F) of the Administrative Code. Staff recommends that this application be approved on November 12, 2020 and made effective on November 13, 2020.
