NORTH VERNON - 6.615 kW FOR  
CERTIFICATION AS AN ELIGIBLE OHIO  
RENEWABLE ENERGY RESOURCE  
GENERATING FACILITY.

CASE NO. 20-1725-EL-REN

### ENTRY

Entered in the Journal on November 18, 2020

{¶ 1} On November 17, 2020, SRECTrade, on behalf of North Vernon, filed the above-captioned applications pursuant to Ohio Adm.Code 4901:1-40-04(D) for the certification of four facilities as eligible Ohio renewable energy resource generating facilities as defined in R.C. 4928.01.

{¶ 2} Ohio Adm.Code 4901:1-40-04(D)(2) provides that if the Commission takes no action with respect to an application within 30 days of filing, the application is deemed automatically approved on the 31st day after the date filed.

{¶ 3} Ohio Adm.Code 4901:1-40-04(D) further provides that, upon good cause shown, the Commission may suspend the certification of an application. The attorney

examiner finds that good cause exists to suspend the 30-day approval process for the above-captioned cases in order for the Commission and its staff to further review these matters.

{¶ 4} It is, therefore,

{¶ 5} ORDERED, That the automatic approval process for certification as an eligible Ohio renewable energy resource generating facility be suspended for the applications in the above-captioned cases. It is, further,

{¶ 6} ORDERED, That a copy of this Entry be served upon all parties of record.
