I am Dominic Miller and I reside at 1582 St. Rt. 4 Bellevue, Huron County, Sherman Twp., Ohio. I live in the footprint of the Emerson Creek, Firelands Wind LLC project, case # 19-1073-BTX. I strongly oppose this transmission line project based on all the same opposition testimony that was given in the hearings for the Emerson Creek Wind Project case # 18-1607-EL-BGN. There is absolutely no public need for either project. One project can not be logically or economically built without the other. There is no public need or any other need for a Wind project with out a transmission line to connect it to the PJM grid. And likewise there is no public need or any other need for a transmission line without a Wind project. Please do NOT approve this transmission line project or this wind project.

Thank you, Dominic Miller
