RE: Clay Substation Project
Ohio Power Siting Board Case Number 19-1822-EL-BLN
Proof of Compliance with Ohio Administrative Code 4906-6-11

Dear Chairman Trombold,

The Dayton Power and Light Company d/b/a AES Ohio (“AES Ohio”) hereby files this proof of compliance with the notice requirements set forth in Rules 4906-6-11 of the Ohio Administrative Code for the above-referenced project application:

1. In accordance with OAC 4906-6-11(C), AES Ohio mailed a letter describing the project to each property owner and affected tenant via first class mail on April 16, 2021.

Respectfully submitted,

ss:/ *Randall V. Griffin*

Dear Valued Customer,

DP&L values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements The Dayton Power and Light Company (“DP&L”) is building an electric transmission substation close to your property. The Project involves building the new Clay Substation which is located on North Gath Road in Clay Township, Highland County, Ohio.

As described in the Letter of Notification Application, which was approved by the Ohio Power Siting Board (“OPSB”) on February 11, 2020 (Case Number 19-1822-EL-BLN), the Project will involve tapping the existing 345 kilovolt (kV) transmission line from the Stuart Substation to the Clinton Substation and building a new greenfield 345kV substation for the purpose of interconnecting a new solar generator to the AES Ohio transmission system.

Actual construction for the project is scheduled to begin on April 26, 2021 and the project is expected to be in-service by December 31, 2021. DP&L does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, DP&L employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for DP&L. If you have any questions about whether someone works for or is a contractor of DP&L please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 19-1822-BLN.

If you have questions, please contact Michael Russ by email at dpltransmissionmaintenancegroup@aes.com or call 937-475-8044.

Sincerely,

Dayton Power and Light Transmission Department
