Hello! My name is Maribeth Uralrith and I am 100 % opposed to the proposed solar farms coming to Highland County, Clinton, and Ross Counties but most specifically the ones that will basically surround the farming Village of Lynchburg, Ohio. I am a resident of Lynchburg, Ohio. My family has lived in Lynchburg since the late 1700's. The blood, sweat, and tears of my ancestors are sown in the soil here. I have done hours of research and the list of the negative affect of these farms is outstanding. Much too much to write in this email. The main atrocity is that we the people were not give our right as an American citizen to vote on this. It was thrown at us like a thief in the night. This is not right and not fair!!! We ask for the right to vote on this subject. I am asking you specifically to either deny that these companies can proceed or allow us to put it on the ballot for a vote. The community is opposed to these farms. It is not fair that our land, our lives, our pursuit of happiness be denied because large companies want to go green at our expense and the expense of our lives. Thank you!
