COMPANY:
USDOT#:
CROSSING ID:

COMMENT:
Closing the railroad crossing at Franklin St in Lewis Center would create tremendous safety and traffic problems. EMS couldn't get to the other side of the village quickly. Franklin St is used as a path to get to the park by people, especially children. It would be unsafe to close this crossing.

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
