Re: **In the Matter of the Letter of Notification Application of The Dayton Power and Light Company for a Certificate of Environmental Compatibility and Public Need for The Sugarcreek-Normandy Circuit Addition Project**
PUCO Case No. 21-0496-EL-BLN
Proof of Compliance with Ohio Administrative Code 4906-6-11

Dear Chairman French,

The Dayton Power and Light Company (“DP&L”) doing business as “AES Ohio” hereby files this proof of compliance with the notice requirements set forth in Rules 4906-6-11 of the Ohio Administrative Code for the above-referenced project application:

1. In accordance with OAC 4906-6-11(C), AES Ohio mailed a letter notifying area landowners of the commencement of construction via first class mail on August 20, 2021 (Enclosure 1).
2. In accordance with OAC 4906-6-11(C), AES Ohio mailed a letter notifying area tenants of the commencement of construction via first class mail on August 20, 2021 (Enclosure 2).

Respectfully submitted,

ss:/ *Randall V. Griffin*

Randall V Griffin (Ohio Bar No. 0080499)
Chief Regulatory Counsel
The Dayton Power and Light Company

Dear Valued Customer

The Dayton Power and Light Company d/b/a AES Ohio (“AES Ohio”) values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements AES Ohio is making to an electric transmission line that is close to your property. The work is being done on the Sugarcreek-Normandy transmission line which is in Sugarcreek Township in Greene County, Ohio; unincorporated Montgomery County, Ohio; and the city of Centerville, Montgomery County, Ohio.

In certain locations, we will need to utilize access points located on individual properties. Landowners affected by this have already been contacted by AES Ohio representatives.

Actual construction for the project is scheduled to begin in September 1, 2021 and the project is expected to be in-service by March 1, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0496-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Sincerely,

AES Ohio

Parcel: O67 21909 0001

Dear Valued Customer

The Dayton Power and Light Company d/b/a AES Ohio (“AES Ohio”) values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements AES Ohio is making to an electric transmission line that is close to your property. The work is being done on the Sugarcreek-Normandy transmission line which is in Sugarcreek Township in Greene County, Ohio; unincorporated Montgomery County, Ohio; and the city of Centerville, Montgomery County, Ohio.

In certain locations, we will need to utilize access points located on individual properties. Landowners affected by this have already been contacted by AES Ohio representatives.

Actual construction for the project is scheduled to begin in September 1, 2021 and the project is expected to be in-service by March 1, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0496-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Sincerely,

AES Ohio

PUCO Case Number 21-0496-EL-BLN
Parcel: O67 21707 0003

Dear Valued Customer

The Dayton Power and Light Company d/b/a AES Ohio (“AES Ohio”) values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements AES Ohio is making to an electric transmission line that is close to your property. The work is being done on the Sugarcreek-Normandy transmission line which is in Sugarcreek Township in Greene County, Ohio; unincorporated Montgomery County, Ohio; and the city of Centerville, Montgomery County, Ohio.

In certain locations, we will need to utilize access points located on individual properties. Landowners affected by this have already been contacted by AES Ohio representatives.

Actual construction for the project is scheduled to begin in September 1, 2021 and the project is expected to be in-service by March 1, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0496-EL-BLN.

In certain locations, we will need to utilize access points located on individual properties. Landowners affected by this have already been contacted by AES Ohio representatives.

Actual construction for the project is scheduled to begin in September 1, 2021 and the project is expected to be in-service by March 1, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0496-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Dear Valued Customer

The Dayton Power and Light Company d/b/a AES Ohio (“AES Ohio”) values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements AES Ohio is making to an electric transmission line that is close to your property. The work is being done on the Sugarcreek-Normandy transmission line which is in Sugarcreek Township in Greene County, Ohio; unincorporated Montgomery County, Ohio; and the city of Centerville, Montgomery County, Ohio.

In certain locations, we will need to utilize access points located on individual properties. Landowners affected by this have already been contacted by AES Ohio representatives.

Actual construction for the project is scheduled to begin in September 1, 2021 and the project is expected to be in-service by March 1, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0496-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Sincerely,

AES Ohio
