**Re: i-wireless, LLC d/b/a K-Wireless LLC dba Access Wireless
Case No. 11-571-TP-UNC; Notice of Addition of T-Mobile USA, Inc.
as an underlying carrier**

To Whom It May Concern:

The Public Utilities Commission of Ohio ("Commission") entered an Order on November 22, 2011 designating i-wireless, LLC d/b/a K-Wireless LLC dba Access Wireless ("Access Wireless") as an Eligible Telecommunications Carrier ("ETC"). The Order stated, "The designation shall be statewide in scope, subject to the existence of the underlying carrier's facilities and the corresponding coverage," and did not otherwise define or limit the service area.

Since designation, Access Wireless has been providing wireless Lifeline service to eligible Ohio customers utilizing the Sprint wireless network. By this letter, Access Wireless hereby notifies the Commission that it is in process of transitioning to the T-Mobile USA, Inc. ("T-Mobile") wireless network because of the FCC-approved merger between Sprint and T-Mobile. All existing rates, terms, and conditions of Access Wireless' Lifeline service will apply.

If you have any questions or if I may provide you with any additional information, please do not hesitate to contact me.

Respectfully submitted,
