Re: Securus Technologies, LLC (90-5787-CT-TRF)
Proposed Tariff Revisions

Dear Sir or Madam:

Enclosed please find proposed tariff revisions to Securus Technologies, LLC's ("Securus") Public Utilities Commission of Ohio Tariff No. 1. Securus has also enclosed the Telecommunications Filing Form. The revisions proposed in this tariff filing are to comply with the recent Federal Communications Commission ("FCC") order regarding incarcerated calling services ("ICS"). In 2021, the FCC issued new ICS call rate caps applicable to most ICS and requiring the application of an end-to-end analysis to determine call jurisdiction, as well as new disclosure requirements for customer bills.¹ Except for reducing the rate caps applicable to ICS calls from prisons and jails, these revisions neither affect the current authorized ancillary service charges under this tariff nor change the underlying services Securus is providing under the tariff. Accordingly, Securus respectfully requests the filing be allowed to take effect with an effective date of October 26, 2021 (the effective date for implementing the FCC requirements).

Sheets affected by this filing include the following:

- Ninth Revised Sheet No. 2 updating the Check Sheet.
- Fourth Revised Sheet No. 3 updating the Table of Contents.
- Second Revised Sheet No. 7.1 adding the definition of Site Commission and moving content to Original Sheet No. 7.2.
- Original Sheet No. 7.2 moving content from Sheet No. 7.1.
- Fourth Revised Sheet No. 20 adding a new provision to Section 4: RATES regarding the FCC's exercise of jurisdiction over ICS calls of indeterminate jurisdiction, Securus' compliance with FCC ICS call rate cap requirements, adding a table of the FCC's rate caps, removing existing rates, and updating Company name.

¹Rates for Interstate Inmate Calling Services, WC Docket No. 12-375, Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60 (released May 24, 2021).

- Second Revised Sheet No. 21 adding FCC compliant rates, removing existing rates, and updating Company name and contact information.

The requested effective date of this filing is October 26, 2021. A copy of the Customer Notice is included as Exhibit D.

Securus sincerely appreciates your attention to this matter. If for any reason this tariff filing is suspended, Securus requests it be allowed to go into effect on an interim basis. If you have questions regarding this filing, please contact me at (972) 277-0395 or by email at dconde@securustechnologies.com. You may also contact Michael S. J. Lozich - Sr. Corporate Counsel & Director of Regulatory and Governmental Affairs at (972) 277-0565 or by email at mlozich@securustechnologies.com.

SECTION 4: RATES

Pursuant to the Federal Communications Commission’s Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60, released May 24, 2021 and effective October 26, 2021 (the “FCC 2021 Order”), the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Ohio. To the extent that location data is not available, a call will be treated as jurisdictionally indeterminate and, therefore, subject to FCC jurisdiction. As a result, all call rates in this tariff are subject to the FCC’s jurisdiction and rules regarding ICS. Securus’ practices in connection with charging ICS call rates in connection with Inmate Calling Services complies with Federal Communications Commission Rule 47 CFR § 64.6030. Also pursuant to the FCC 2021 Order, any lower Ohio state ICS rate caps will also apply to any jurisdictionally indeterminate ICS call. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then any other applicable Ohio state ICS rate caps will apply. The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table:

A recent Federal Communications Commissions ("FCC") Order released May 24, 2021 sets maximum rate caps on Incarcerated Calling Services ("ICS") effective October 26, 2021.

The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table. Correctional Facility rates will not exceed the below listed rate caps.

Type / Size of Facility	Maximum Rate Cap
Prison	\$0.14 per minute
Jails with ADP of 1,000 or more	\$0.16 per minute
Jails with ADP less than 1,000	\$0.21 per minute

"Average Daily Population" or "ADP" means the sum of all incarcerated persons in a facility for each day of the preceding calendar year, divided by the number of days in the year.

The above rate caps should result in lower call costs for most ICS customers in the state of Ohio.
