EXHIBIT C - A short description of the nature of the change

The DBA name being filed with this application for Cincinnati Bell Extended Territories LLC is “altafiber Extended Territories”. The standalone name “altafiber” will continue to be used externally. The reason for this second application regarding a new DBA (first application was filed on April 1, 2022 in Case No. 22-0281-TP-ACN) is that the initial Secretary of State filings made by Cincinnati Bell did not include the parent company Cincinnati Bell Inc. (CBI). If the “altafiber” DBA was not assigned to CBI any job postings for corporate would have to be marketed under CBI instead of “altafiber”. The DBA filed in this application makes it possible for all future job postings to be marketed as “altafiber”. The rest of the information found on the previous filing, including the Customer notification information has not changed and is also being included with this filing. A copy of the Secretary of State filing, which became effective on May 3, 2022, is included with this application.

Cincinnati Bell is very proud of the “Bell” name. That said, the brand no longer reflects our transformation into a technology company that is investing billions of dollars into a fiber network that will blanket our operating territory. Our new branding – altafiber – reflects that we are a cutting edge technology company that is making the investments necessary to serve our hometown and beyond for the next 150 years. The name change will have minimal impacts on customers, other than we are committed to building out our fiber infrastructure and bringing enhanced Internet products to the communities we service. Our processes, policies, and procedures will remain the same with regard to serving our customers. Customers will send bill payment to the same place, receive our bill as they always have. Contact numbers for support will remain the same.

EXHIBIT D – Customer Notification

The DBA altafiber brand became official on 3/2/22 but this will be a 6-9 month transition of our brand to altafiber. Our branding will continue as Cincinnati Bell for the time being, but we will leverage various marketing assets to remind customers that we are in the process of transitioning to altafiber. For example, when customers access our web page, they will see a splash page announcing the transition, and then be directed back to the current web site so they can continue their business with our company. When customers call our support lines, our welcome message will include a reminder of the impending brand change before the customer is transferred to a customer service representative. Cincinnati Bell also announced the new branding name across social media platforms, via an article in the local newspaper, advertising new name in Cincinnati Bell stores and including information on the website. Cincinnati Bell will be sending an email to all customers to let them know the bill format will be changing in mid-May. Below is a copy of initial email that was sent to Consumers to notify them of the change.

To Our Valued Customers:

One hundred fifty years ago, Cincinnati Bell set out to connect and serve its community. Since then, we've continually been at the forefront of innovation.

And as we determine what tomorrow holds, one thing is certain: Fiber is the future. It's faster, stronger and more sustainable for all of tomorrow's needs, and will be the driving force behind equitable Internet access, smart cities, and advances in education, business, and health care.

Today, in the spirit of continued innovation, we're excited to announce that Cincinnati Bell will begin doing business as "altafiber."

Why altafiber? The word "alta" is rooted in a word that means elevated ... and that's what we're doing. We're providing an elevated connection through fiber and raising the standard of service to our customers and the communities we serve.

But while our name is changing, our legacy is not. Nor is our commitment to home – in Cincinnati, Dayton, Kentucky, and Indiana.

- altafiber and its employees will continue to support community initiatives – particularly those that provide increased access to education, employment, and healthcare opportunities.
- altafiber will continue to provide you with the same great service that you have come to expect from our company. We look forward to expanding our fiber network and IT services solutions.
- altafiber remains a significant local employer. We are growing, adding jobs, and our executive team will continue to lead this company.

altafiber will also honor our legacy through the recently launched "Bell Charitable Foundation," an exciting new platform for corporate giving that will allow the company to more strategically support organizations that are focused on Economic, Environmental, Social, Technology, and Health & Wellbeing initiatives.

Today's announcement is just the first step and we will provide you with updates as appropriate throughout the process. In the meantime, you can learn more at the link below.
