Re: PUCO Case No. 20-395-RR-FED- In the Matter of a Request for the Installation of Active Warning Devices at the Grand Trunk Western Railroad Crossing, New York Avenue, DOT#905-282V, in Lucas County, Ohio.

On January 7, 2020, the Ohio Rail Development Commission (ORDC) authorized construction for Grand Trunk Western Railroad to install active warning devices at the following location:

| Street | DOT# | County | Project |
|-----------------|----------|--------|------------------|
| New York Avenue | 905-282V | Lucas | Lights and Gates |

On March 11, 2020, the Commission issued a Finding and Order approving the project and ordering completion by December 11, 2020. Prior to completion, the Commission suspended the project deadline indefinitely due COVID-19, which was still in effect upon completion of the project.

The crossing project has been completed and is in-service as follows:

| Street | DOT# | County | Date of Completion |
|-----------------|----------|--------|--------------------|
| New York Avenue | 905-282V | Lucas | 1-14-2021 |

Accordingly, the above case may be closed.
