FirstEnergy – Ohio
Edison

FirstEnergy – Toledo
Edison

Class of customer selection:

Commercial

Industrial

Mercantile

Residential

A-11. Start Date.

Indicate the approximate start date the applicant began/will begin offering services.

Date: 12/01/2016

A-12. Principal officers, directors and partners.

Please provide an attachment for all contacts that should be listed as an officer, director or partner.

A-13. Company history.

Provide an attachment with a concise description of the applicant's company history and principal business interests.

A-14. Secretary of State.

Provide evidence that the applicant is currently registered with the Ohio Secretary of State.

B. Managerial Capability

Provide a response or attachment for each of the sections below.

B-1. Jurisdiction of operations.

List all jurisdictions in which the applicant or any affiliated interest of the applicant is certified, licensed, registered or otherwise authorized to provide retail natural gas service or retail/wholesale electric service as of the date of filing the application.

B-2. Experience and plans.

Describe the applicant's experience in providing the service(s) for which it is applying (e.g., number and type of customers served, utility service areas, amount of load, etc.). Include the plan for contracting with customers, providing contracted services, providing billing statements and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Sections 4928.10 and/or 4929.22 of the Ohio Revised Code.

B-3. Disclosure of liabilities and investigations.

For the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant, describe all existing, pending or past rulings, judgments, findings, contingent liabilities, revocation of authority, regulatory investigations, judicial actions, or other formal or informal notices of violations, or any other matter related to competitive services in Ohio or equivalent services in another jurisdiction.

B-4. Disclosure of consumer protection violations.

Has the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant been convicted or held liable for fraud or for violation of any consumer protection or antitrust laws within the past five years? If yes, attach a document detailing the information.

Yes

☐

No

☒

B-5. Disclosure of certification denial, curtailment, suspension, or revocation.

Has the applicant, affiliate, or a predecessor of the applicant had any certification, license, or application to provide retail natural gas or retail/wholesale electric service denied, curtailed, suspended, revoked, or cancelled or been terminated or suspended from any of Ohio's Natural Gas or Electric Utility's Choice programs within the past two years? If yes, attach a document detailing the information.

Yes

☐

No

☒

B-6. Environmental disclosure.

This section is only applicable if power marketer or retail electric generation provider has been selected in A-1.

Provide a detailed description of how the applicant intends to determine its generation resource mix and environmental characteristics, including air emissions and radioactive waste. Include the annual projection methodology and the proposed approach to compiling the quarterly actual environmental disclosure data. See [4901:1-21-09](#) of the Ohio Administrative Code for additional details of this requirement.

C. Financial Capability

Provide a response or attachment for each of the sections below.

C-1. Financial reporting.

Provide a current link to the most recent Form 10-K filed with the Securities and Exchange Commission (SEC) or attach a copy of the form. If the applicant does not have a Form 10-K, submit the parent company's Form 10-K. If neither the applicant nor its parent is required to file Form 10-K, state that the applicant is not required to make such filings with the SEC and provide an explanation as to why it is not required.

C-2. Financial statements

Provide copies of the applicant's two most recent years of audited financial statements, including a balance sheet, income statement, and cash flow statement. If audited financial statements are not available, provide officer certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, provide audited or officer certified financial statements covering the life of the business. If the applicant does not have a balance sheet, income statement, and cash flow statement, the applicant may provide a copy of its two most recent years of tax returns with social

security numbers and bank account numbers redacted.

If the applicant is unable to meet the requirement for two years of financial statements, the Staff reviewer may request additional financial information.

C-3. Forecasted financial statements.

Provide two years of forecasted income statements based solely on the applicant's anticipated business activities in the state of Ohio.

Include the following information with the forecast: a list of assumptions used to generate the forecast; a statement indicating that the forecast is based solely on Ohio business activities only; and the name, address, email address, and telephone number of the preparer of the forecast.

The forecast may be in one of two acceptable formats: 1) an annual format that includes the current year and the two years succeeding the current year; or 2) a monthly format showing 24 consecutive months following the month of filing this application broken down into two 12-month periods with totals for revenues, expenses, and projected net incomes for both periods. Please show revenues, expenses, and net income (revenues minus total expenses) that is expected to be earned and incurred in business activities only in the state of Ohio for those periods.

If the applicant is filing for both an electric certificate and a natural gas certificate, please provide a separate and distinct forecast for revenues and expenses representing Ohio electric business activities in the application for the electric certificate and another forecast representing Ohio natural gas business activities in the application for the natural gas certificate.

C-4. Credit rating.

Provide a credit opinion disclosing the applicant's credit rating as reported by at least one of the following ratings agencies: Moody's Investors Service, Standard & Poor's Financial Services, Fitch Ratings or the National Association of Insurance Commissioners. If the applicant does not have its own credit ratings, substitute the credit ratings of a parent or an affiliate organization and submit a statement signed by a principal officer of the applicant's parent or affiliate organization that guarantees the obligations of the applicant. If an applicant or its parent does not have such a credit rating, enter "Not Rated".

C-5. Credit report.

Provide a copy of the applicant's credit report from Experian, Equifax, TransUnion, Dun and Bradstreet or a similar credit reporting organization. If the applicant is a newly formed entity with no credit report, then provide a personal credit report for the principal owner of the entity seeking certification. At a minimum, the credit report must show summary information and an overall credit score. Bank/credit account numbers and highly sensitive identification information must be redacted. If the applicant provides an acceptable credit rating(s) in response to C-4, then the applicant may select "This does not apply" and provide a response in the box below stating that a credit rating(s) was provided in response to C-4.

C-6. Bankruptcy information.

Within the previous 24 months, have any of the following filed for reorganization, protection from creditors or any other form of bankruptcy? If yes, attach a document detailing the information.

Applicant

Parent company of the applicant

Affiliate company that guarantees the financial obligations of the applicant

Any owner or officer of the applicant

Yes

☐

No

☒

C-7. Merger information.

Is the applicant currently involved in any dissolution, merger or acquisition activity, or otherwise participated in such activities within the previous 24 months? If yes, attach a document detailing the information.

Yes

☐

No

☒

C-8. Corporate structure.

Provide a graphical depiction of the applicant's corporate structure. Do not provide an internal organizational chart. The graphical depiction should include all parent holding companies, subsidiaries and affiliates as well as a list of all affiliate and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. If the applicant is a stand-alone entity, then no graphical depiction is required, and the applicant may respond by stating that it is a stand-alone entity with no affiliate or subsidiary companies.

C-9. Financial arrangements.

This section is only applicable if power marketer or retail electric generation provider has been selected in A-1.

Provide copies of the applicant's financial arrangements to satisfy collateral requirements to conduct retail electric/natural gas business activities (e.g., parental guarantees, letters of credit, contractual arrangements, etc., as described below).

Renewal applicants may provide a current statement from an Ohio local distribution utility (LDU) that shows that the applicant meets the LDU's collateral requirements. The statement or letter must be on the utility's letterhead and dated within a 30-day period of the date the applicant files its renewal application.

First-time applicants or applicants whose certificate has expired must meet the requirements of C-9 in one of the following ways:

1. The applicant itself states that it is investment grade rated by Moody's Investors Service, Standard & Poor's Financial Services, or Fitch Ratings and provides evidence of rating from the rating agencies. If you provided a credit rating in C-4, reference the credit rating in the statement.

2. The applicant's parent company is investment grade rated (by Moody's, Standard & Poor's, or Fitch) and guarantees the financial obligations of the applicant to the LDU(s). Provide a copy of the most recent credit opinion from Moody's, Standard & Poor's or Fitch.
3. The applicant's parent company is not investment grade rated by Moody's, Standard & Poor's or Fitch but has substantial financial wherewithal in the opinion of the Staff reviewer to guarantee the financial obligations of the applicant to the LDU(s). The parent company's financials and a copy of the parental guarantee must be included in the application if the applicant is relying on this option.
4. The applicant can provide evidence of posting a letter of credit with the LDU(s) listed as the beneficiary, in an amount sufficient to satisfy the collateral requirements of the LDU(s).

D. Technical Capability

Provide an attachment for each of the sections below.

D-1. Operations.

Power brokers/aggregators: Include details of the applicant's business operations and plans for arranging and/or aggregating for the supply of electricity to retail customers.

Power Marketers/Generators: Describe the operational nature of the applicant's business, specifying whether operations will include the generation of power for retail sales, the scheduling of retail power for transmission and delivery, the provision of retail ancillary services, as well as other services used to arrange for the purchase and delivery of electricity to retail customers.

D-2. Operations expertise and key technical personnel.

Provide evidence of the applicant's experience and technical expertise in performing the operations described in this application. Include the names, titles, e-mail addresses, telephone numbers and background of key personnel involved in the operational aspects of the applicant's business. If vendors or third parties are or will be utilized for any activities listed in this application, provide the name, contact information for each, and list which activities they will perform. Also, indicate which activities will be performed directly by the company. Please note that this information is required to be updated within 30 days of any changes.

D-3. FERC power marketer authorization.

This section is only applicable if power marketer or retail electric generation provider has been selected in A-1.

Provide the FERC docket granting the applicant power marketer authority.

As authorized representative for the above company/organization, I certify that all the information contained in this application is true, accurate and complete. I also understand that failure to report completely and accurately may result in penalties or other legal actions.

Title

Competitive Retail Electric Service Affidavit

County of Dallas :

State of Texas :

Gregory Shively, Affiant, being duly sworn/affirmed, hereby states that:

1. The information provided within the certification or certification renewal application and supporting information is complete, true, and accurate to the best knowledge of affiant, and that it will amend its application while it is pending if any substantial changes occur regarding the information provided.
2. The applicant will timely file an annual report of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Sections 4905.10(A), 4911.18(A), and 4928.06(F), Ohio Revised Code.
3. The applicant will timely pay any assessment made pursuant to Sections 4905.10, 4911.18, and 4928.06(F), Ohio Revised Code.
4. The applicant will comply with all applicable rules and orders adopted by the Public Utilities Commission of Ohio pursuant to Title 49, Ohio Revised Code.
5. The applicant will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the applicant.
6. The applicant will fully comply with Section 4928.09, Ohio Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The applicant will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The applicant will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The applicant will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the applicant will provide, it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio.
11. The Applicant will inform the Public Utilities Commission of Ohio of any material change to the information supplied in the application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating consumer complaints.

12. The facts set forth above are true and accurate to the best of his/her knowledge, information, and belief and that he/she expects said applicant to be able to prove the same at any hearing hereof.

13. Affiant further sayeth naught.

Attachment B: Managerial Capability

B-1. Jurisdiction of operations.

Maryland, Massachusetts, New Jersey, Pennsylvania, Illinois, Virginia, Ohio, New York

B-2. Experience and plans

PRX Energy contracts directly with customers using a Consulting Services Agreement that stipulates the terms of engagement including the fee for service, the term of service and term renewal protocols. PRX Energy does not sell electricity to customers nor do we take title to the electricity that our customers purchase. Therefore, much of the Section 4928.10 of the Revised code does not apply to our services. PRX Energy is however highly experienced with the contents of supplier invoices and does provide customers with an invoice review to assure accuracy with the supply contract terms. Furthermore, PRX Energy will assist its customers in dealing with supplier billing errors and other concerns. Essentially, PRX Energy, by representing its customer, acts as the customer in its engagements with suppliers that are operating under the terms of 4928.10 of the Revised Code.

B-3. Disclosure of liabilities and investigations.

PRX Energy has no existing, pending or past rulings, judgments, contingent liabilities, revocation of authority, regulatory investigations, or any other matter that could adversely impact financial or operational status.

Attachment D: Technical Capability

D-1. Operations:

PRX manages competitive RFPs and reverse auctions for the benefit of client energy purchases. Resulting contracts are between the client and the supplier. PRX Energy advises during contract negotiations and provides insight on market trends for the purpose of determining proper pricing terms and term lengths.

D-2. Operations expertise and key technical personnel:

About

PRX Energy and GreenSky Development Group are focused on helping clients minimize energy cost and market risk while maximizing performance against sustainability goals including participation in renewable energy, demand response and energy efficiency.

Mr. Shively's professional goals are to improve the market's ability to develop and manage increasingly complex energy strategies and leverage renewable assets and technology to simplify data intensive analytics, decision making and management metrics.

Mr. Shively's background consists of deep experience in the areas of energy market design, market price trends, supply strategies and renewable asset development. A wealth of experience in a consulting capacity evaluating and understanding energy risks and opportunities provides a strong base of experience to develop creative energy strategies that meeting defined goals and provide for continuous improvement.

PRX Energy and GreenSky Development Group were created to develop renewable assets and implement integrated energy strategies that help companies and campuses minimize their energy spend by maximizing their leverage in competitive markets. By building energy portfolios that properly balance market risk, regulations and energy projects, energy costs can be contained and consistently managed in support of long-term business goals.

Specialties:

Supply Side Management - risk management, purchasing, sourcing, demand response and renewables

Market Advisory - natural gas and power markets including renewable power, demand response and generation.

Renewable Energy Development - screen, value and develop renewable energy projects and offtake

Executive-Level Relations - C-Suite competencies with industrial, commercial, public sector, municipals and institutional clients
