**SUMMER/WINTER SEWER USAGE FORMULA**

This formula applies to Domestic sewer customers and Non-Domestic sewer customers providing service to apartment buildings that have five or more residential units in a building.

**Definitions:**

**Winter Period** is defined as the revenue periods of December, January, and February wherein the sewer customer's meter is read and/or estimated and billed.

**Winter Period Average Usage** is defined as the sum of the usage per the actual and/or estimated water meter registration during the Winter Period divided by three.

**Summer Period** is defined as the revenue period of May, June, July, August, and September wherein the sewer customer's meter is read and/or estimated and billed.

**Non Summer Period** is defined as the revenue periods of October through April wherein the sewer customer's meter is read and/or estimated and billed.

**Formula Description:**

The volume of sewer usage during the Summer Period months shall be considered to be equal to the lesser of the Winter Period Average Usage or actual usage. In the Summer Period, the lesser of the Winter Period Average Usage or actual usage as defined above will be billed at the tariff rates for General Sewer Service as listed on Section 4, Sheet No. 1.

For domestic customers who have not been provided service for all three Winter Period months and thus have not established a Winter Period Average Usage, the lesser of actual Summer Period usage or 6 Ccf (4,500 gallons) per month will be used for the Summer Period billings. The lesser of actual usage or 6 Ccf will be billed at the tariff rates at the General Sewer Service tariffs as listed on Section 4, Sheet No. 1.

For Non-Domestic customers who have not been provided service for all three Winter Period months and thus have not established a Winter Period Average Usage. This Summer/Winter Sewer Usage Formula shall not apply until the customer has an established Winter Usage Average.

In the Non-Summer Period, sewer customers will be billed for sewer service based on actual and/or estimated water meter registration and using the General Sewer Service tariff as listed on Section 4, Sheet No. 1.
