Columbus, Ohio 43215-3797

**Re: Case Nos. 09-277-EL-BGN and 10-654-EL-BGN**  
Hog Creek Wind Project, LLC

**November 5, 2022 Incident – Good Cause for More Time for Final Report**

Dear Ms. White:

Hog Creek Wind Project, LLC (“Hog Creek”) is certified to operate and maintain the wind-powered electric generation facility located in Hardin County, Ohio, in accordance with the orders issued by the Ohio Power Siting Board (“Board”) in the above-referenced cases.

Ohio Administrative Code (“O.A.C.”) Rule 4906-4-10 requires Hog Creek to submit a final written report in the case docket within 60 days after the date of the incident, unless Hog Creek can demonstrate good cause as to why more time is needed and commits to providing interim reports to the Board’s Executive Director at least every 60 days until the final report is docketed.

Hog Creek and the turbine manufacturer have been investigating the incident since it occurred, however, it will take several more months before the full inspection will be completed. Therefore, in order to ensure that the investigation is thorough and complete prior to being submitted to the Board, good cause exists to provide more time for Hog Creek to file the final report of the incident. Further, Hog Creek commits to provide interim reports on the status of the investigation to the Board’s Executive Director at least every 60 days until the final report is docketed.

We are available, at your convenience, to answer any questions you may have.

Respectfully,

/s/ Terrence O’Donnell
