Jim Bono	jim@tesenergyservices.com	Partner/Vice President of Sales	136 Golden Rd. Sherman, TX 75090 US
----------	---------------------------	------------------------------------	---

A-13. Company history

Our predecessor company, Teague Industries, LP, has been involved in the electric and utility construction industry since 1949 and is now in its third generation of family management. The most recent venture, TES Energy Services, L.P. (TES), began in Dallas, TX in 2002 with the passing of electricity deregulation. Our four partners have over 100 years of combined experience in the industry.

Our initial growth came from helping residential and commercial customers in the Texas electricity market. Since then, TES has expanded its footprint to assisting the following sectors of customers all over the United States with their electricity and natural gas procurement needs:

INDUSTRIAL: Property Management, Manufacturing, Storage and Distribution

COMMERCIAL: Private Recreational Clubs, Office and Retail Space, Property Management, Real Estate Properties

RETAIL: Restaurants, Barber Shops, Automobile Dealerships, Florists, Tanning Salons

NON-PROFIT: Churches, Libraries, Charitable Organizations (Religious & Non-Religious)

MUNICIPAL: Governmental agencies, Public Schools, Private Schools and School Districts

TES was a founding member of the Texas division of The Energy Professionals Association (TEPA), a self-regulating agency providing a framework of good practices for both energy suppliers and brokers.

A-14. Secretary of State

Secretary of State Link:

Section B: Applicant Managerial Capability and Experience

B-1. Jurisdiction of operations

List all jurisdictions in which the applicant or any affiliated interest of the applicant is certified, licensed, registered or otherwise authorized to provide retail natural gas service or retail/wholesale electric service as of the date of filing the application..

File Attached

B-2. Experience and plans

Describe the applicant's experience in providing the service(s) for which it is applying (e.g., number and type of customers served, utility service areas, amount of load, etc.). Include the plan for contracting with customers, providing contracted services, providing billing statements and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Sections 4928.10 and/or 4929.22 of the Ohio Revised Code.

File(s) attached

B-3. Disclosure of liabilities and investigations

For the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant, describe all existing, pending or past rulings, judgments, findings, contingent liabilities, revocation of authority, regulatory investigations, judicial actions, or other formal or informal notices of violations, or any other matter related to competitive services in Ohio or equivalent services in another jurisdiction..

Liability and Investigations Disclosures: T.E.S. ENERGY SERVICES, L.P. does not have any existing, pending or past rulings, judgments, contingent liabilities, revocation of authority, regulatory investigations, or any other matter that could adversely impact the applicant's financial or operational status or ability to provide the services it is seeking to be certified to provide.

B-4. Disclosure of consumer protection violations

Has the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant been convicted or held liable for fraud or for violation of any consumer protection or antitrust laws within the past five years?

No

B-5. Disclosure of certification, denial, curtailment, suspension or revocation

Has the applicant, affiliate, or a predecessor of the applicant had any certification, license, or application to provide retail natural gas or retail/wholesale electric service denied, curtailed, suspended, revoked, or cancelled or been terminated or suspended from any of Ohio's Natural Gas or Electric Utility's Choice programs within the past two years?

No

Section C: Applicant Financial Capability and Experience

C-1. Financial reporting

Provide a current link to the most recent Form 10-K filed with the Securities and Exchange Commission (SEC) or upload the form. If the applicant does not have a Form 10-K, submit the parent company's Form 10-K. If neither the applicant nor its parent is required to file Form 10-K, state that the applicant is not required to make such filings with the SEC and provide an explanation as to why it is not required.

Does not apply

C-2. Financial statements

Provide copies of the applicant's two most recent years of audited financial statements, including a balance sheet, income statement, and cash flow statement. If audited financial statements are not available, provide officer certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, provide audited or officer certified financial statements covering the life of the business. If the applicant does not have a balance sheet, income statement, and cash flow statement, the applicant may provide a copy of its two most recent years of tax returns with **social security numbers and bank account numbers redacted**.

If the applicant is unable to meet the requirement for two years of financial statements, the Staff reviewer may request additional financial information.

File(s) attached

C-3. Forecasted financial statements

Provide two years of forecasted income statements **based solely on the applicant's anticipated business activities in the state of Ohio**.

Include the following information with the forecast: a list of assumptions used to generate the forecast; a statement indicating that the forecast is based solely on Ohio business activities

only; and the name, address, email address, and telephone number of the preparer of the forecast.

The forecast may be in one of two acceptable formats: 1) an annual format that includes the current year and the two years succeeding the current year; or 2) a monthly format showing 24 consecutive months following the month of filing this application broken down into two 12-month periods with totals for revenues, expenses, and projected net incomes for both periods. Please show revenues, expenses, and net income (revenues minus total expenses) that is expected to be earned and incurred in **business activities only in the state of Ohio** for those periods.

If the applicant is filing for both an electric certificate and a natural gas certificate, please provide a separate and distinct forecast for revenues and expenses representing Ohio electric business activities in the application for the electric certificate and another forecast representing Ohio natural gas business activities in the application for the natural gas certificate.

File(s) attached

C-4. Credit rating

Provide a credit opinion disclosing the applicant's credit rating as reported by at least one of the following ratings agencies: Moody's Investors Service, Standard & Poor's Financial Services, Fitch Ratings or the National Association of Insurance Commissioners. If the applicant does not have its own credit ratings, substitute the credit ratings of a parent or an affiliate organization and submit a statement signed by a principal officer of the applicant's parent or affiliate organization that guarantees the obligations of the applicant. If an applicant or its parent does not have such a credit rating, enter 'Not Rated'.

This does not apply

C-5. Credit report

Provide a copy of the applicant's credit report from Experian, Equifax, TransUnion, Dun and Bradstreet or a similar credit reporting organization. If the applicant is a newly formed entity with no credit report, then provide a personal credit report for the principal owner of the entity seeking certification. At a minimum, the credit report must show summary information and an overall credit score. **Bank/credit account numbers and highly sensitive identification information must be redacted.** If the applicant provides an acceptable credit rating(s) in response to C-4, then the applicant may select 'This does not apply' and provide a response in the box below stating that a credit rating(s) was provided in response to C-4.

File(s) attached

C-6. Bankruptcy information

Within the previous 24 months, have any of the following filed for reorganization, protection from creditors or any other form of bankruptcy?

- Applicant
- Parent company of the applicant
- Affiliate company that guarantees the financial obligations of the applicant
- Any owner or officer of the applicant

No

C-7. Merger information

Is the applicant currently involved in any dissolution, merger or acquisition activity, or otherwise participated in such activities within the previous 24 months?

No

C-8. Corporate structure

Provide a graphical depiction of the applicant's corporate structure. Do not provide an internal organizational chart. The graphical depiction should include all parent holding companies, subsidiaries and affiliates as well as a list of all affiliate and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. If the applicant is a stand-alone entity, then no graphical depiction is required, and the applicant may respond by stating that it is a stand-alone entity with no affiliate or subsidiary companies.

File(s) attached

Section D: Applicant Technical Capacity

D-1. Operations

Power brokers/aggregators: Include details of the applicant's business operations and plans for arranging and/or aggregating for the supply of electricity to retail customers.

Operations Description: I. Business Operations:

- o The applicant is an energy consulting company providing retail electric and natural gas brokerage services to end user commercial, industrial and residential customers in Texas. Outside Texas, the applicant primarily focuses on commercial and industrial customers.
- o The applicant works with customers of all sizes and business types, ranging from retail, manufacturing, property management, religious organizations, government entities and schools. The applicant has expanded operations to most deregulated territories in the United States, acquired licenses as needed.
- o In addition to helping customers make informed decisions on their electricity and natural gas procurement, the applicant also offers auxiliary consultant services for power factor correction, recovering utility rebates, lighting retrofitting and more.

II. Proposed Plans for Arranging for Electricity & Gas Services:

The applicant proposes to offer retail electricity and natural gas procurement services. The general process is as follows:

- o TES DEFINES THE PROJECT – We discuss the customer’s specific needs (i.e. start date, contract length, contract language requests like Add/Delete, Move Out language, billing concerns, reducing rate of current contract).
- o TES COMPLETES DUE DILIGENCE AND REQUEST PRICING – We send the customer the forms that we use with the suppliers in the process. We review a sample of current invoices. We create and send out the bid request including all applicable locations.
- o TES RECEIVES BIDS AND MAKE RECOMMENDATIONS – We send the customer the best pricing and recommendations for the contract. After discussion, the contract is requested. Because the pricing is based on the market, the turnaround time to return the contract is usually very time sensitive.
- o TES PROVIDES FUTURE SUPPORT – As the new contract begins, TES will continue to provide assistance for any questions, account changes or billing issues the customer has for the term of the contract. This includes any changes in services, adding locations or resolving billing disputes on behalf of the customer. For commercial rental spaces with tenants, we work with the provider for any ADDS/DELETES or MOVE IN AND OUTS to ensure accuracy and seamless transitions.

III. Payment:

- o The applicant will not be paying any utility (i.e., electricity or gas) bills and / or charges for its customers. Fees for electricity and gas procurement services will be collected from the Electric or Gas Supplier through a price adder. Customers will pay the supplier directly; the supplier will then remit our fees to us for our aggregated customers.
- o Depending on the utility area or supplier providing service, the customer may choose the method to be billed:

Supplier Consolidated Billing Option - the customer will receive one electricity or gas bill directly from the supplier with whom they have a contract. The supplier has consolidated the charges from the utility into their bill.

Utility Consolidated Billing Option - the customer will receive one electricity or gas bill directly from the utility. The utility has consolidated the charges from the supplier into their bill. for BOTH supply and distribution services. The customer remits payment for their bill. The utility takes the credit risk and forwards payment to the supplier.

Dual Billing Option - the customer will receive two bills, one directly from the supplier and one from the utility. The customer is responsible to pay both invoices directly.

o The applicant will not be issuing any bills to customers for its licensed services, and we will not be issuing any bills on behalf of any supplier.

D-2. Operations Expertise & Key Technical Personnel

Given the operational nature of the applicant's business, provide evidence of the applicant's experience and technical expertise in performing such operations. Include the names, titles, e-mail addresses, and background of key personnel involved in the operations of the applicant's business.

State of Ohio License Renewal
Exhibit B-2 - Experience & Plans
T.E.S. ENERGY SERVICES, L.P.

I. Description of the applicant's experience in this field

A. Primary Products and Services include:

- Applicant is an energy consulting company of retail electric supply to end user commercial, industrial and residential customers.
- Outside of Texas, we work with businesses in the commercial, industrial and government entities to help them make informed decisions on their energy procurement throughout the deregulated territories.

B. Ancillary Services include:

1. Power Factor Correction

- Service Entrance Capacitor Banks eliminate low power factor utility penalties
- Motor Capacitors also eliminate distribution losses and save kilowatt hours (energy)

2. Energy / Operational Savings

- Lighting retrofits, on/off controls, daylight harvesting, skylights
- Identify incorrectly sized motors, overloaded equipment, loads that can be turned off
- Electrical capacity increases
- Adjustable speed drives
- High efficiency motors
- Identify compressed air leaks
- Air conditioning system desiccants
- Infrared inspection / scanning
- Predominant use studies to obtain sales tax exemption on gas and electric utility bills

3. Power Quality

- Measurements/studies to identify the root cause(s) of problems
- Provide power conditioning and various equipment solutions
- UPS
- Voltage regulation
- Surge protection
- Harmonic filters and line reactors
- Dip Proofing inverters
- Programming AC/DC adjustable speed drives to eliminate nuisance tripping
- Single phasing protection
- Flicker, motor soft starters
- Protective device coordination
- "Ride thru" techniques to eliminate nuisance equipment/process shutdowns

4. Engineering / Projects

- Studies
- Specialized design such as power measurement systems
- Specification preparation
- Turn key projects

II. Plans

A. Response for Competitive retail electric service (CRES)

1. For the protection of consumers in this state, the public utilities commission shall adopt rules under division (A) of section **4928.06** of the Revised Code specifying the necessary minimum service requirements, on or after the starting date of competitive retail electric service, of an electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code.

2. As Applicant is a *power broker and aggregator*, it does not fall into any of four classes defined above, therefore **the rules specified in this section are not applicable.**

B. Response for Competitive retail natural gas service (CRNGS)

1. For the protection of consumers in this state, the public utilities commission shall adopt rules under section **4929.10** of the Revised Code specifying the necessary minimum service requirements of a retail natural gas supplier or governmental aggregator subject to certification under section 4929.20 of the Revised Code.

2. As the Applicant is a *competitive retail natural gas broker and aggregator*, it does not fall into either of classes defined above, therefore **the rules specified in this section are not applicable.**

C. Response for providing billing statements and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4928.06 and 4928.10 of the Revised Code.

1. T.E.S. Energy Services, L.P. (TES) is in compliance with the regulations under the State of Texas, and therefore the customer is still afforded some consumer protections.

2. The Order adopting New §25.112 and §25.486 was approved at the May 1, 2020 Open Meeting. Any customer that agrees to contract TES for services is provided with all disclosure items required, regardless if they reside inside or outside Texas.

3. The disclosure clearly states that:

- TES is compensated through the REP or Gas Supplier
- TES does not invoice its customers so there will be no billing statements
- TES can be reached by phone, email or fax for any inquiries
- The customer may file an informal complaint with the commission by contacting the Public Utility Commission of Texas, Customer Protection Division, P.O. Box 13326, Austin, Texas 78711-3326; (512) 936-7120; customer@puc.texas.gov.

State of Ohio Electric License Renewal Exhibit C-5 Note on Credit Report

T.E.S. ENERGY SERVICES, L.P.

Please note that we are working with Experian for two corrections on the report:

#1 Address

First we requested to update 17000 Dallas Parkway, Suite 221, Dallas, TX 75248 as the Ultimate Parent location.

Second we requested to remove the 17480 Dallas Parkway, Suite 200, Dallas, TX 75287 address from the company record.

#2 Key Personnel

The Key Personnel requires corrections. We sent in a request to update the information.

Experian is working on these changes. Our contact advised us to send the report "as is" so we don't miss the Ohio deadline. She said these changes have no material impact on the credit score so the report is valid as it stands.

Experian Business Credit Score

34

Business
Credit Score

Medium Risk

The objective of the Experian Business Credit Score is to predict payment behavior. High Risk means that there is a significant probability of delinquent payment. Low Risk means that there is a good probability of on-time payment.

Key Score Factors:

- Number of active commercial accounts.
- Balance of all commercial accounts.
- Percent of delinquent commercial accounts.
- Commercial account balance 1-30 days delinquent.

Business Credit Scores range from a low of 1 to high of 100 with this company receiving a score of 34. Higher scores indicate lower risk. This score predicts the likelihood of serious credit delinquencies within the next 12 months. This score uses tradeline and

Experian Financial Stability Risk Rating

1
Financial
Stability Risk
Rating

A Financial Stability Risk Rating of 1 indicates a 0.55% potential risk of severe financial distress within the next 12 months.

Key Rating Factors:

- Number of active commercial accounts.
- Risk associated with the company's industry sector.
- Percent of commercial accounts delinquent.
- Balance to high credit ratio for other commercial accounts.

Financial Stability Risk Ratings range from a low of 1 to high of 5 with this company receiving a rating of 1. Lower ratings indicate lower risk. Experian categorizes all businesses to fit within one of the five risk segments. This rating predicts the likelihood of payment default and/or bankruptcy within the next 12 months. This rating uses tradeline and collections information, public filings as well as other variables to predict future risk.

Credit Summary

This location does not yet have an estimated Days Beyond Terms (DBT), or a Payment Trend Indicator. This is often the result of too few Payment Tradelines.

Objective

To provide quality consulting services through education and practical experiences.

Experience

Over-head and Underground Electrical Construction 1973-2004

- Co-owner and President of Teague Industries ,Inc./ dba Utility Construction Co. , Inc.
- Teague Industries , Inc. was a major contractor for Texas Utilities ,Inc . for 54 years. We excelled in pioneering the development of underground electrical distribution systems throughout the State of Texas. As a complement to the business we installed thousands of miles of fiber-optic cable throughout the region as well as Overhead distribution power lines.

Power and Demand Side Consulting 2002-present

- Co-founder of TES Energy Service, LP i.e., Teague Energy Services. TES Energy Services was founded to bring my energy background to the market place assisting customers with pricing options as well as demand side management of their facilities. My knowledge of the grid systems as well the production of electricity is of benefit to the customer who does not have the background to make difficult decisions on their electricity needs.

Family

- Married for over 40 years with 3 children and mutiple grandchildren.

ACCOUNTANTS' COMPILATION REPORT

ACCOUNTANTS' COMPILATION REPORT

To the Partners
T.E.S. Energy Services, L.P.
Dallas, Texas

Management is responsible for the accompanying financial statements of T.E.S. Energy Services, L.P. (a partnership), which comprise the statement of assets and capital – tax basis as of December 31, 2021, and the related statement of revenues and expenses – tax basis for the twelve months then ended in accordance with the tax basis of accounting, and for determining that the tax basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The financial statements are prepared in accordance with the tax basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit substantially all the disclosures ordinarily included in financial statements prepared in accordance with the tax basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the company's assets, liabilities, equity, revenue, and expenses. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to T.E.S. Energy Services, L.P.

Competitive Retail Electric Service Affidavit

County of DALLAS :

State of Texas :

Mike Teague, Affiant, being duly sworn/affirmed, hereby states that he is a principal of

T.E.S. Energy Services, L.P. and authorized to and does make this affidavit:

1. The information provided within the certification or certification renewal application and supporting information is complete, true, and accurate to the best knowledge of affiant, and that it will amend its application while it is pending if any substantial changes occur regarding the information provided.
2. The applicant will timely file an annual report of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Sections 4905.10(A), 4911.18(A), and 4928.06(F), Ohio Revised Code.
3. The applicant will timely pay any assessment made pursuant to Sections 4905.10, 4911.18, and 4928.06(F), Ohio Revised Code.
4. The applicant will comply with all applicable rules and orders adopted by the Public Utilities Commission of Ohio pursuant to Title 49, Ohio Revised Code.
5. The applicant will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the applicant.
6. The applicant will fully comply with Section 4928.09, Ohio Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The applicant will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The applicant will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The applicant will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the applicant will provide, it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio.
11. The Applicant will inform the Public Utilities Commission of Ohio of any material change to the information supplied in the application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating consumer complaints.

12. The facts set forth above are true and accurate to the best of his/her knowledge, information, and belief and that he/she expects said applicant to be able to prove the same at any hearing hereof.

13. Affiant further sayeth naught.
