Juliet solar power plant.

Hi Matt, hope all's going well for you.. I have been trying to get a good neighbor agreement from BP.. Mike Wellman has told me, he doesn't have to give me anything. Even though I have been against the project, BP's CEO has offered generous promises and compensation to the folks at the Birch project, who protested.. I continue to be ignored and discriminated against.. I am looking forward to speaking to the State and Federal agencies who deal in the abuse of the Elderly.. I was promised 25k by Clifford Scher on January 2020, to roll over and become submissive.. Please put this text in the record.. Thanks, Steve Espen.. Oh some people are trying to sell their homes and can't get market value. We have to educate future buyers as to how great this project will increase the value of their solid major life purchase. If you have any better ideas on how to proceed, I will listen..
