Just want to add to the record.I am having trouble getting a good neighbor agreement from BP Lightsource..Texting with Mike Wellman is bringing more frustration..Looks like they are just plain BS ing around,trying to make a case to disqualify me from the program,or just ignoring me!!Is this the standard position BP uses to belittle elderly citizens?Matt is there anyone at the OPSB or out your organization that can moderate this problem..Elder abuse is a serious problem..I never though this would be a problem in my State..I've always been a contributing citizen all my life..
