<b>Project Name:</b>	Hardin Solar III
<b>Enter your Comment or Complaint:</b>	<p>I own a 40 acre farm surrounded on 3 sides by Hardin solar 3, Silt and sediment filled water is running off current site and flooding my woods and also dumping straight into my creek. My woods is the home of an endangered species the Blue sided salamander, no proper investigation into negative effects to wetland areas in my property was done prior. sediment fabric is improperly installed. Dust from construction has caused great issues for me because they were not adequately watering the ground during the construction. This was documented not only by myself but also by one of the Corporate reps of Inverenergy . Then the dust that was used in construction of roadways blew and caused a fish kill in my pond due to a ph change. The roads in front of my house was turned directly into pure tar from heavy truck traffic. It seems</p>

as if new offences are happening each day, sad but I feel this is a Public Nuisance and would like for your input and help to address these issues and others.
