Staff Review and Recommendation for

Quick Energy Solutions, LLC

Case No. 19-1422-EL-AGG

On September 15, 2023, Quick Energy Solutions, LLC (Quick Energy or Applicant) filed an application with the Commission for renewal of its certification as a competitive retail electric service (CRES) provider in Ohio. Revisions were filed on September 25, 2023. On October 12, 2023, the application was suspended in order to give the Commission and Staff additional time to consider the application.

The application, as filed, did not include the required financial statements necessary to determine the financial capability of Quick Energy to operate as a CRES provider in Ohio. A request was made to Quick Energy to file an amended exhibit. On October 25, 2023, Quick Energy filed the requested amendment to its application. After review of the revised documents, Staff determined that the application is now in compliance with the requirements for providing CRES in Ohio. Therefore, Staff is recommending that the application filed by Quick Energy on September 15, 2023, as amended on September 25 and October 25, 2023, be approved.
