Harbor View, Ohio 43434

Dear Mr. Larrow,

SUBJECT: ROUTING DESIGNATION

On May 2, 2002, in Case No. 02-979-TR-UNC, the Commission requested comments on staff's proposed designation of a 3-mile segment of U.S. 23 between the Michigan-Ohio border as an alternative preferred route for the transportation of highway route controlled quantities of radioactive materials (HRCQ). No comments were filed in the docket. Consequently, on June 11, 2002 the Commission issued a final entry approving the route for the transportation of one shipment of HRCQ of radioactive materials.

It has recently been brought to our attention that a number of persons may not have been served a copy of either entry. Therefore, those parties who wish to file comments may submit an application for rehearing in accordance with Rule 4901-1-35 of the Ohio Administrative Code on or before July 11, 2002. A copy of both entries is attached to this letter. I regret any inconvenience this may have caused.

Sincerely,

Robert E. Marvin, Director  
Transportation Department  
Public Utilities Commission of Ohio
