Re: Ameritech Ohio
Case No. 93-487-TP-ALT

Dear Ms. Crockron:

Ameritech Ohio provides this report on the successful completion of its commitment to provide funding for an internet accessibility pilot program for senior citizens. The stipulation and recommendation that was adopted in the referenced case by the Commission on April 27, 2000 provided in pertinent part as follows:

The Company agrees to provide up to \$50,000 in 2001 towards an internet accessibility pilot program for senior citizens within the Company's current service area. The Company will solicit proposals for a senior citizens internet access pilot, after obtaining the advice of the Staff, the OCC and any consumer groups signing this Stipulation. The Company will select one or more proposals, after consulting with the Staff, the OCC and any consumer group signing this Stipulation. After selection, the Company will provide the entity or entities selected with funding to implement the proposal up to a total of \$50,000, to be paid in a lump sum.

Stipulation and Recommendation, paragraph B.11. A requested extension of time sought on December 13, 2001 to permit the grant selection process to be completed was granted by the Commission in its Entry adopted on December 20, 2001.

A committee comprised of the Commission Staff, the Ohio Consumers' Counsel, the Edgemont Neighborhood Coalition, the Empowerment Center of Greater Cleveland, Parkview Area Seniors, and Ameritech Ohio representatives developed a grant proposal, circulated it statewide, and reviewed and scored the grant applications. The grants, totaling \$50,000, as called for in the stipulation were timely awarded. Ameritech Ohio appreciates the assistance and cooperation of the committee members and the grant applicants in this process.

Thank you for your attention to this matter. Please contact me if you have any questions.

Very truly yours,
