Exhibit C

**Revisions to Choice One Communications of Ohio Inc.
Local Exchange and Interexchange Services Tariff, P.U.C.O. Tariff No. 3
Requested Issued Date December 18, 2003 and Requested Effective Date January 1, 2004**

Overview of requested changes:

Add toll free service options descriptions and pricing.

Details of requested changes:

Check Sheet (pages 2 & 4)

Section 14.30.1 (page 266)

Created sub-section to cover new toll free service options (area code block, area code routing, area code allow, percent traffic allocation routing, time of day routing).

Sections 14.31 & 14.32 (page 266.1)

No changes made to these sections other than to move to page 266.1 to allow space for toll free service options descriptions on page 266.

Section 14.34 (I) (pages 269 & 270)

Added pricing for toll free service options and toll free directory listing to the Price List.

Clarification to indicate that 18/6 rounding applies to toll free service; this is not a change to current practice and does not impact customers - just a clarification in the tariff for internal purposes to make consistent with our tariffs in other states.

Specify for each service affected whether it is business; residence; or both. Also indicate whether it is switched or dedicated service.

These revisions affect switched access business customers only.
