CUSTOM CALLING PLUS SERVICES

B. SERVICE DESCRIPTIONS (Cont'd)

13. Quiet Time Service

Quiet Time is an optional feature available to residential customers. It allows subscribers to block incoming calls from ringing their telephone line during time periods specified by the subscriber. Subscribers have the option to either set a daily schedule for the Quiet Time service to be active to block incoming calls on their line through a telephone user interface (TUI) or to use specific star codes to activate/deactivate Quiet Time on an as-needed basis.

Subscribers have the option to allow callers to ring through when Quiet Time is active. Callers can ring through by entering a subscriber-specific password after the call has been connected or by calling from a telephone number in a subscriber-set priority list.

During service set up, subscribers may choose one of the following announcement options for call treatment if the caller does not initially ring through:

- 1) Connection to Call Forward Don't Answer (Applicable for Call Forwarding Don't Answer subscribers only) if the subscriber has messaging service, the caller may stay on the line and leave a message.
- 2) Generic Announcement - Callers hear a generic announcement indicating the customer is not available.
- 3) Emergency Breakthrough - callers hear a generic announcement indicating the customer is not available and have the option to key in code to connect the call in emergency situations.

Through the TUI, the subscriber can:

- Change the password that gives the subscriber access to the TUI.
 - Create/edit/delete the Quiet Time schedule.
 - Activate or deactivate the Quiet Time schedule.
 - Choose the announcement option.
 - Create/edit/delete caller breakthrough password.
 - Create/edit/delete priority breakthrough caller telephone number list.
 - Deactivate/activate Quiet Time service on either telephone number list.
- Distinctive Ring numbers or none of the Distinctive Ring numbers on the line. (Only applicable for Quiet Time Subscribers who also subscribe to Distinctive Ring).
