Subject: 04-856-RR-CSS – Follow up on the removal of vegetation causing sight view  
obstructions on Briggs Road, Franklin County, CSX Railroad, Columbus, Ohio, DOT  
151-843V

### **Findings**

Be advised that per your recommendation, I did a follow up inspection at the Briggs Road grade crossing and no exception was taken with the sight views in all four quadrants. The crossing is, as before, clear of all view obstructions and is equipped with automatic gates, audibles, and flashers. The actions taken by the carrier and their continued maintenance at the site have corrected the cause for the complaint.

It recommended that this matter be closed.
