DIRECTORY LISTINGS

A. GENERAL (Cont'd)

4. Directory listings must conform to the Telephone Company's specifications for its directories. (Cont'd)
 - b. In connection with nonresidence service, a descriptive term characterizing the listed party's business or purpose in a general way is furnished (in abbreviated form) as a part of the listing, when desired. When the character of the listed party's business or purpose is apparent from the name under which it is conducted, a further designation is unnecessary and is not furnished.
5. Listings are regularly provided in connection with all classes of exchange service except public service. At the request of the customer, the entire listing may be omitted from the directory (non-published service or (C) non-list service) or the address only may be omitted (non-address service). (C) Regulations and rates and charges for these services are specified in paragraphs D., E., and J. following. (C)
6. For the initial service period and for regulations concerning the termination of directory listings, see Section 11 of this tariff. For other general regulations regarding listings and directories, see Section 2 of this tariff.
7. Listings are of two types: primary listings and additional listings. Supplementary material not regularly provided as part of a primary listing or an additional listing is classified as extra line matter.
8. To be eligible for any type of additional listing, a customer must pay the appropriate monthly rate, if any, for a primary listing or its equivalent.
9. Both listing types described in paragraph 7. above are available for Company-provided mobile telephone service. Cellular telephone, pager or voice messaging services may subscribe for additional listings. However, due to the technical nature of these services, the Company may place limitations on, or refuse a listing for cellular, pager or voice messaging services.

J. NON-LIST SERVICE

1. General

- a. Non-List Service is a directory listing option available to residence and nonresidence customers who choose to exclude their name, address, and telephone number from appearing in the Telephone Company's alphabetical directories. However, the customer's name, address, and telephone number will appear in the Directory Assistance information database and will be furnished to the calling party when requested through Directory Assistance.
- b. When calling the Universal Emergency Number Service (911), a customer forfeits the privacy afforded by Non-List Service to the extent that the name, address and telephone number associated with the originating station is furnished to the Public Safety Answering Point on a call-by-call basis for the purpose of responding to emergency calls.

2. Regulations

- a. The acceptance by the Company of the customer's request to refrain from publishing the customer's name, address and telephone number in the directory does not create any relationship or obligation, direct or indirect, to any person other than the customer.
- b. In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing the name, address or telephone number of a Non-List Service subscriber in the directory will attach to the Company, and where such name, address, and telephone number are published in the directory, the Company's liability will be limited to and satisfied by a refund of any monthly charges which the Company may have made under paragraph J.3. following for Non-List service. For additional liability information, see Section 2, paragraph B.1.
- c. The customer indemnifies and saves the Telephone Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the name, address and telephone number of a Non-List Service subscriber. For additional liability information, see Section 2, paragraph B.1.
