SECTION 2 - RULES AND REGULATIONS continued

2.6 Deposits

The Company does not require a deposit from the customer.

2.7 Advance Payments

For customers whom the Company feels an advance payment is necessary, the Company reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and if necessary a new advance payment will be collected for the next month.

2.8 Taxes

The customer is responsible for the payment of all state, local and E911 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the company's tariff. The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate local competition procedures required by the Commission. The company shall comply with Commission procedures by sending notice to all customers informing them of the new line item charges.

All state and local taxes (i.e., gross receipts tax, sales taxes, municipal utilities tax) are listed on customer bills as separate line items and are not included in the quoted rates.

2.9 Billing of Calls

All charges due by the Subscriber are payable at any agency duly authorized to receive such payments. Any objection to billed charges authorized should be promptly reported to the Company. Adjustments to customer bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate.
