Case No. 96-190-TP-ACE

Mr. Gary E. Vigorito  
Secretary  
Public Utilities Commission of Ohio  
180 East Broad Street, 10th Floor  
Columbus, Ohio 43266-0573

Dear Mr. Vigorito:

AT&T Communications of Ohio, Inc. ("AT&T") is an Ohio corporation with interim authorization as a NEC to do business in all of Ameritech Ohio, GTE North Incorporated and Cincinnati Bell Telephone Company's service territories within Ohio.

This filing is pursuant to the Local Service Guidelines as specified in Docket Case No. 95-845-TP-COI and AT&T herewith submits one (1) original and ten (10) copies of its proposed Local Exchange Services Tariff. Attached is AT&T's proposed combined tariff including Sections 1-15 as requested by Staff.

Please call me and/or my staff should you have any questions relating to this matter.

Sincerely,

*Judith M. Troup*

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE

The general regulations are applicable in addition to the regulations provided in this and any other tariff of the Company and any future additions to regulations, rates and charges specified in this and other tariffs of the Company.

In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of MTS service shall take precedence over all other interexchange services.

1. Applications for Service

The Company will generally accept applications for service verbally during business hours on normal working days. However, the Company may require written applications for service.

a. Service may be refused under the following conditions:

- (1) Where a customer has an outstanding account with the Company, the Company may require payment for the amount due.
- (2) In the event a customer refuses to pay an advance payment or deposit requested by the Company.
- (3) Upon objection to the furnishing of service made by or on behalf of any governmental authority.

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE (Cont'd)

2. Canceled Applications

Applications for new service, additions or modifications which are canceled before service is established or before the work is completed, may result in a charge to the customer for all expenses incurred before cancellation notice is received. However, the charges shall not exceed those which would apply if the work involved in the application or the request were completed, i.e., all applicable service connection, nonrecurring, equalization, conversion and termination charges.

3. Use of Service

a. Ownership and Use of Facilities

Facilities furnished by the Company on the premises of a customer are the property of the Company. Company agents and employees must be allowed to enter the customer's premises at any reasonable hour for installing, inspecting, maintaining or repairing the facilities, or to remove them.

b. Use of Customer Service

- (1) Customer service is furnished for use by customers.
- (2) Subject to the provisions of c. following, customer service may also be used as composite data service.

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE (Cont'd)

3. Use of Service (Cont'd)

c. Resale and Sharing

The Company will not be responsible for the manner in which the use of Voice Grade Channel Services, CUSTOM NETWORK SERVICE, MTS, WATS or Digital Channel Services or charges are allocated to others by a customer who resells or shares service. All applicable rates and charges for Company service will be billed to the customer.

Service orders will be accepted from the customer. The Company will respond to repair and maintenance requests from others and, in such circumstances, the customer is responsible for any maintenance of service charge that may be billed by the Company.

4. Assignment or Transfer of Service

At the customer's wish, service may be assigned or transferred as follows, provided that no interruption or relocation results:

- a. To another individual, partnership, association or corporation, provided the assignee or transferee assumes all outstanding indebtedness for the service.
- b. To a receiver, trustee or other person appointed by a court or acting pursuant to law in bankruptcy, receivership, reorganization, insolvency, liquidation or other similar proceedings, provided the assignee or transferee assumes any unexpired portion of the initial contract period applicable to the service.

The regulations and conditions contained in this tariff concerning the establishment of service and the furnishing of service to customers applies to the assignee or transferee.

5. Obligation to Furnish Service

The Company's obligation to furnish service is dependent upon its ability to secure and retain without unreasonable expense suitable facilities and rights for the construction, installation, testing and maintenance of the necessary pole lines, channels and equipment.

6. Public Announcement Services

Use of Company facilities for public announcements is subject to the following conditions:

- a. For purposes of identification, customers who transmit recorded public announcements over Company facilities must include the name of the organization or individual responsible for the service and the address at which the service is provided.
- b. Customers transmitting factual public announcements such as time, temperature, weather, stock market quotations, airline schedules, and similar information are exempted from the preceding requirement.
- c. Upon request, the Company will reveal the name and address of the customer responsible for the public announcement service.

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE (Cont'd)

7. Termination of Service

The Company may terminate service in the event of service abandonment, nonpayment of any sum due, abuse or fraudulent use, other violations of the regulations of the Company or objection to the continuance of service made by any legitimate governmental authority.

Subsequent to the completion of an order to discontinue service, it will be reestablished only upon the basis of a new service application.

Abuse or fraudulent use includes but is not limited to:

- a. the use of service or facilities of the Company for any call intended to frighten, abuse, torment or harass;
- b. the use of profane or obscene language;
- c. impersonation with intent to defraud;
- d. interfering with the service of others in any way;
- e. use for any purpose other than communicating;
- f. transmitting a message or otherwise attempting to obtain service for oneself or others so as to avoid payment of the applicable MTS, WATS, or CUSTOM NETWORK SERVICE charges.
- g. unauthorized rearranging, tampering with or making connections to any service provided in this tariff.

8. Fraudulent Use of Calling Cards

In order to control fraud, the Company may refuse to accept calling cards which it determines to be invalid.

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE (Cont'd)

9. Unlawful Use

The service furnished under this tariff shall not be used for any purpose or manner directly or indirectly in violation of the law or in aid of any unlawful act or undertaking.

10. Special Service Arrangements

For purposes of definition, "equipment" includes channels and other facilities.

a. Special service arrangements or equipment consist of offerings not considered standard by the Company; modification of standard equipment to meet a specific need; or standard equipment used for a purpose which is not considered standard by the Company and for which specific rates or charges are not included in this tariff. Special service arrangements requested by a customer will be furnished wherever possible, if not in conflict with restrictions in the tariff. Special service arrangements or equipment will be furnished at rates or charges based upon costs incurred.

b. Overtime

The service connection, installation and nonrecurring charges in this tariff are for work being performed by the Company during the normal business day. When a customer requests work performed at other times, the expense of the work may be billed to the customer in addition to all other charges applicable.

GENERAL REGULATIONS

A. ESTABLISHING AND FURNISHING SERVICE (Cont'd)

10. Special Service Arrangements (Cont'd)

c. Construction Charges

The Company bases its rates and charges on services furnished under normal conditions. Installation of facilities involving unusual costs because of factors such as the time period, type of facility, or location requested by the customer may result in special construction charges which will be based on costs incurred in addition to all other applicable charges.

11. Restoration of Service

- a. The restoration of interexchange service shall be in accordance with Part 64, Subpart D, Appendix A of the F.C.C.'s Rules and Regulations, which specifies the priority system for such activities. In case a shortage of facilities exists, either for temporary or protracted periods, the provision of MTS shall take precedence over all other interexchange services.

GENERAL REGULATIONS

B. CUSTOMER OBLIGATIONS

1. Establishing Identity

- a. The calling party is responsible for establishing its identity as often as necessary during the course of a call.
- b. The calling party assumes full responsibility for identifying the station, party, or person with whom connection is made at the called number or numbers.

2. Payments

- a. The customer is responsible for payment of all charges for service and facilities, including charges for messages originated from or accepted at the customer's station and for charges billed the customer for calling card messages. All bills are due when rendered. Nonpayment of charges for interexchange service may result in the suspension or termination of any and all of the interexchange services furnished the customer.
- b. If service is suspended for nonpayment, service will be restored upon receipt of payment of all charges due, which include charges for service and facilities during the period of suspension and which may include a service restoral charge of \$15. If the customer has a history of payments returned for insufficient funds, the Company may require payment by cash, money order or certified check. If such payment is made by personal check, restoral of service will be effected upon clearance of the check by the bank.
- c. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Company may also refuse to furnish service to any applicant desiring to establish service for former subscribers of the Company who are indebted for previous service until satisfactory arrangements have been made for the payment of the prior indebtedness. If service is established and it is subsequently determined that either condition above exists, the Company may suspend or terminate such service until satisfactory arrangements have been made for the payment of the prior indebtedness.
- d. The Company reserves the right to require advance payments for service. The amount of advance payment is credited to the customer's account and applies to any indebtedness under the contract.

---

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

GENERAL REGULATIONS

B. CUSTOMER OBLIGATIONS (Cont'd)

2. Payments (Cont'd)

- e. An administrative charge of \$15.00 is applied to the customer's bill for each occasion that a check, bank draft, or electronic funds transfer is returned for the reason of insufficient funds or no account. When a local exchange company provides the billing function on behalf of the Company, the local exchange company's return check charge applies.
- f. The customer may be required to make a deposit to be held as a guarantee for the payment of service charges. When service is terminated, the amount of the deposit will be applied to any indebtedness to the Company for service charges. A deposit may be refunded or credited to the customer's account at any time prior to termination of the contract. In case of a cash deposit, simple interest at the annual rate of 6 percent will be paid for the period during which the deposit is held. The Company may accept a bond in lieu of deposit. (T)

g. Initial Contract Period (T)

An initial contract period applies to all services and facilities provided for a customer. The initial contract period begins the day following the completion of the installation of service facilities.

The initial contract period for all services and facilities is one month unless otherwise specified in this paragraph.

	Initial Contract Period
Key selective signaling (on voice communicating equipment).....	Ten years on same continuous property

2. Payments (Cont'd)

h. Termination Charges

(T)

Termination charges apply, in addition to all charges due for service, prior to expiration of the initial contract period when service is terminated by the customer or by the Company for any reason under the provisions of this tariff as follows:

(1) Contract Periods of Two Years or Less

The termination charge due for an initial contract period of two years or less is the unexpired portion of the initial contract period, except for service items for which a specific termination liability is stipulated in this tariff.

(2) Contract Periods Over Two Years

The termination charge for an initial contract period longer than two years is an amount equal to fifty percent of the charges for the unexpired portion of the initial contract period, at the rate in effect at the time the service is discontinued, except for service items for which a termination liability is stipulated in this tariff.

(3) Stipulated Termination Liability

For items of service for which a termination liability is included with the rates and charges sections of this tariff, the termination liability will be reduced by a proportionate amount for each month within the applicable contract period that the monthly rate has been collected.

Commission approval of the above termination liability language is not intended to indicate that the Commission has approved any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

(T)

(4) Special Facilities

The termination charges for special facilities furnished at rates or charges based upon costs incurred apply as follows where the initial contract period is:

- One year or less, the termination charge is the charge due for the unexpired portion of the initial contract period.
- In excess of one year, the termination charge is the unrecovered portion of the expense incurred by the Company for the facilities, installation and removal, less the salvage value of the facilities removed. The unrecovered expense is determined by applying to the net incurred expense (after salvage) the ratio of the unexpired to the full initial contract period.

GENERAL REGULATIONS

B. CUSTOMER OBLIGATIONS (Cont'd)

2. Payments (Cont'd)

1. Conditions Under Which Termination Charges Do Not Apply (T)

(1) Assignment or Transfer of Service

Termination charges do not apply when the service is transferred to a new customer without interruption of the service and the new customer assumes all outstanding debt to the Company; or when the service is transferred without interruption to a receiver, trustee or other person appointed by a court or acting under law in bankruptcy, receivership, reorganization, insolvency, liquidation or other similar proceedings and the transferee assumes all outstanding debt to the Company.

(2) Termination of Service in Disaster Cases

Termination charges do not apply to service which is terminated due to fire, flood or other disasters.

(3) Withdrawal of Experimental Offerings

Termination charges do not apply to service which is terminated due to withdrawal by the Company of an experimental service.

j. Service Terminated After Expiration of Initial Contract Period (T)

When service is terminated after the expiration of the initial contract period, the charges applicable are those due through the last full or partial day of service.

B. CUSTOMER OBLIGATIONS (Cont'd)

3. Lost or Damaged Equipment and Facilities

If equipment and facilities are lost or damaged due to customer, authorized user or Other Common Carrier (OCC) negligence or willful act, the customer shall be required to pay the expense incurred by the Company in connection with replacement or repair of the equipment or facilities. This does not apply to normal wear and tear or causes beyond the customer's control.

4. Floor Space, Power Supply and Other Premises Arrangements

a. The customer, authorized user or OCC shall provide, install, maintain and bear the expense of:

- (1) Adequate electric power, light, heat and ventilation required to operate and maintain Company facilities installed on the premises of the customer or authorized user;
- (2) Adequate space, floor arrangements, housing, supporting structures and conduit for Company equipment located on the premises of the customer or authorized user;
- (3) Service or channel terminations at locations which are potentially hazardous to employees or agents of the Company.

b. Company agents or employees should be allowed on the premises of the customer or authorized user at any reasonable hour for the purpose of installing, inspecting, repairing, or, upon termination of the service, removing the facilities of the Company.

GENERAL REGULATIONS

B. CUSTOMER OBLIGATIONS (Cont'd)

4. Floor Space, Power Supply and Other Premises Arrangements (Cont'd)

- c. The Company facilities should be available for maintenance purposes at a time agreeable to both the Company and the customer. An allowance will not be made for the period during which the service is interrupted for maintenance. For all channel services furnished on a twenty-four hour basis, the facilities shall be available once in each twenty-four hours.

5. Service in Hazardous Locations

The customer must install and maintain service at locations which are or may be hazardous or dangerous to employees, agents, or property of the Company, unless otherwise specified in this tariff.

For DATAPHONE Digital Service, the customer is responsible for providing, installing and maintaining sealed conduit with explosive-proof fillings between facilities furnished by the Company in explosive atmospheres and points outside the hazardous areas where connection may be made with regular facilities of the Company.

GENERAL REGULATIONS

C. OBLIGATIONS AND LIABILITY OF THE COMPANY

1. Except as specified in 2. and 7. following, the Company's liability for services rendered under this tariff shall not exceed an amount equal to the proportionate fixed monthly rate provided under this tariff for the service for the period during which the service was affected.

Approval of tariff language by the Public Utilities Commission of Ohio does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

2. The Company is not liable for any defacement of, or damage to, the premises of a customer resulting from service installation or removal, when such defacement or damage is not the result of negligence of the Company.
3. The Company is not liable to the customer for all claims, losses or damages arising from the use of service furnished under this tariff, such as:

Claims for libel, slander, invasion of privacy, or infringement of copyright arising from any communication; claims for patent infringement arising from combining or using the Company service in connection with facilities or equipment furnished by others; or all other claims arising out of any act or omission of others relating to the service provided by the Company.

GENERAL REGULATIONS

C. OBLIGATIONS AND LIABILITY OF THE COMPANY (Cont'd)

4. The Company does not guarantee or make any warranty or accept liability for claims, losses, or damages with respect to its service when used in an explosive atmosphere.
5. License under patents, other than the limited license to use, is not granted by the Company for any service offered under this tariff. The Company will defend the customer against claims of patent infringement arising solely from the use of service offered under this tariff, and will indemnify the customer for any damages awarded based solely on such claims.
6. The Company's failure to provide or maintain service under this tariff shall be excused by labor difficulties, governmental orders, civil commotions, acts of God and other circumstances beyond the Company's reasonable control, subject to the Adjustment of Charges for Service Interruptions in D. following.
7. The Company's liability for its willful misconduct is not limited by this tariff.

GENERAL REGULATIONS

D. ADJUSTMENT OF CHARGES FOR SERVICE INTERRUPTIONS

When a Company-caused error or malfunction causes a customer's service to be interrupted, the Company will provide a credit allowance not exceeding an amount equal to the proportionate fixed monthly rate that would have been billed to the customer for the period of time the service was interrupted. However, if service is restored within 24 hours of the interruption report or detection by the Company, no allowance will be made.

E. EFFECT OF CHARGE CHANGES ON PENDING ORDERS

Note: The charges referenced in this paragraph apply to nonrecurring and/or one time charges.

1. If a customer places an order before an authorized charge increase goes into effect, billing will be at the level of charge that was effective at the time of the order provided the work can be completed within the Company's normal installation interval (which is the shortest period in which the order can be completed).
2. If an order is placed before a charge increase or decrease goes into effect and completion takes longer than the normal interval for causes beyond the Company's control, billing will be at the level of charge that is in effect when the work is completed.
3. For parts of orders completed at various times for services whose nonrecurring charges are increased over the completion period, billing will be at the charges that are in effect at the date of completion for each part.

GENERAL REGULATIONS

F. MINIMUM/MAXIMUM LEVEL PRICING

1. Prices identified in this tariff are subject to change within a range of rates. Such ranges shall apply to the services contained throughout this tariff (except Section 6, C.3.f. and g.). The rates and charges applicable at any given time, which lie somewhere between the maximum and minimum levels, are covered on a PRICE LIST furnished to the Public Utilities Commission of Ohio (PUCO) by the Company. (T)
2. The Company will furnish the PUCO a new PRICE LIST reflecting changed rates and charges. Any change to a rate or charge below the maximum level shall not be construed as an application to increase rates. (D)
3. Rates and charges as added, changed or deleted from this tariff are effective on or as soon after the tariff or PRICE LIST effective date as practicable, when billing capability exists in each billing company's service area.

GENERAL REGULATIONS

G. INSTALLATION, MAINTENANCE AND REPAIRS

1. All ordinary expense of installation, maintenance and repair, in connection with Company facilities and services provided to customers is borne by the Company unless otherwise specified in the tariffs. A customer is not permitted to install, rearrange, disconnect, remove or repair any Company apparatus, except when involved in service furnished at hazardous locations, when written consent of the Company is required.
2. Maintenance and repairs of Company-provided facilities during normal working hours on normal working days are performed at the Company's expense, except as follows:
  - a. If the customer requests work performed at other times for reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expenses may be billed to the customer. This provision shall not apply to emergencies affecting public health, safety, unavoidable casualties, or acts of God.
  - b. If the customer requests "standby" workmen to safeguard the continuity of service at special events, irrespective of when such "standby" workmen are provided, the added cost may be billed to the customer.

H. USE OF CONNECTING COMPANY LINES

When facilities are provided jointly by the Company and one or more Local Exchange Carriers, the Company shall not be held liable for any act or omission of the other carriers.

I. TRANSMITTING MESSAGES

The Company does not transmit messages but offers the use of its facilities for communications between customers or others, unless otherwise specifically provided in this tariff.

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

GENERAL REGULATIONS

K. SPECIAL ACCESS SURCHARGE

1. A special access surcharge, required by the Local Exchange Carrier, applies to each local channel termination associated with Channel Services and to each AT&T WATS/800 access line. This surcharge is applicable when the local channel or access line is connected to a PBX or equivalent device which is capable of interconnecting the Channel Services or AT&T WATS/800 access line with local exchange service. When analog or digital high capacity facilities interconnect with the local exchange network, the special access surcharge is applied on a per voice grade equivalent, for example:

<u>Local Channel or Terminating Channel</u>	<u>Voice Grade Equivalent</u>		<u>Surcharge</u>	<u>Monthly Rate</u>
1	1	x	\$25.00	\$ 25.00
1	24	x	25.00	600.00
1	672	x	25.00	16,800.00

2. The special access surcharge applies on each local channel and AT&T WATS/800 access line termination installed whether the interconnection capability exists in the customer's premises equipment or in a Centrex CO type switch.
3. The customer may be exempt from the monthly special access surcharge if:
  - a. The customer certifies that the local channel or AT&T WATS/800 access line terminates in a device not capable of interconnecting the service with the local exchange network, or
  - b. The customer certifies that the local channel or AT&T WATS/800 access line termination, by nature of its operating characteristics, could not make use of telephone company common lines, or
  - c. The customer certifies that the local channel or AT&T WATS/800 access line is connected to a Local Exchange Carrier's switched access service that is subject to carrier common line charges.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

GENERAL REGULATIONS

K. SPECIAL ACCESS SURCHARGE (Cont'd)

4. The certification will be in the form of a written notification to the Company. The notification may be provided:
  - a. At the time the service is ordered, or
  - b. At such time as the service is reterminated to a device not capable of interconnecting to the local exchange network, or
  - c. At such time as the local channel or AT&T WATS/800 access line becomes associated with a switched access service that is subject to carrier common line charges.

If a written certification is not received at the time an order for new service is placed, the special access surcharge will be applied. The Company will cease billing the special access surcharge and the exempt status will become effective on the date certification is received by the Company on services in place. A change charge, as set forth in Section 3, paragraph B.4, applies if a certification is reported by the customer to the Company subsequent to the completion of an initial order for service.

GENERAL REGULATIONS

N. PROMOTIONAL OFFERINGS

The Company may from time to time engage in special promotional service offerings, designed to attract new customers or to increase existing customer awareness of a particular tariff offering. Requests for promotional offerings will be presented to the PUCO for its review, in accordance with rules and regulations established by the PUCO.

1. Demonstration Calls

The Company may promote its service by offering three minute AT&T WATS demonstration calls at no charge to prospective customers. These promotional/demonstration calls will originate only from temporary demonstration locations which the Company will, from time to time, establish for promotional purposes.

2. AT&T Long Distance Certificates and Gift Coupons

As a promotion of its services, the Company will offer AT&T Long Distance Certificates and/or coupons to existing and prospective customers. The certificates or coupons may be applied to the customer's bill, or redeemable for any goods or services at participating vendors, will be given at various locations including, but not limited to, trade shows, fairs, exhibits, meetings, seminars and similar events.

GENERAL REGULATIONS

N. Promotional Offerings (Cont'd)

22. AT&T Simplified Calling Plan Promotion No. 2 - Beginning October 1, 1997, and ending March 31, 1998, AT&T will offer the following promotion to residential customers in conjunction with, and as described in, AT&T's interstate Simplified Calling Plan Promotion No. 2. To be eligible for this promotion, customers must have selected AT&T as their interexchange carrier. Customers must enroll in this offer by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number, or by enrolling during a marketing contact by AT&T.

The following AT&T domestic intrastate InterLATA and intrastate intraLATA calls are eligible for the promotional prices specified below:

- Dial Station
- Customer Dialed Calling Card Station (billed to an AT&T CIID/891 Card associated with a Main Billed Account)
- Operator Dialed Calling Card Station (billed to an AT&T CIID/891 Card associated with a Main Billed Account)
- Operator Station
- Person-to-Person

Dial Station	Peak	Off-Peak
Price per minute	\$.22	\$.10

Operator Dialed Calling Card Station, Operator Station, and Person-to-Person calls will be rated at \$.30 per minute, all day, seven days a week. Service charges will also apply, as specified in P.U.C.O. No. 2 Draft 1.

Peak Rate Period: 7:00am to, but not including, 7:00pm Monday through Friday

Off Peak Period: 7:00pm to, but not including, 7:00am Monday through Friday and all day Saturday and Sunday

27. AT&T Simple RATES Promotion

Beginning April 1, 1998, and ending September 30, 1998, customers meeting the following criteria can enroll in this promotion: (C)  
1) potential AT&T Residential Customers who convert to AT&T as their primary interexchange carrier from another carrier, and verbally affirm that their average monthly usage is \$10.00 or more; or 2) existing AT&T Residential Customers presubscribed to AT&T as their primary interexchange carrier who verbally confirm that another interexchange carrier has made a request and/or offered an incentive to the customer to convert to that carrier. No written offer or price information will be required. Existing AT&T customers must have an average monthly toll usage of \$10.00 or more during the three most recent billing cycles that are available.

Customers can enroll in this offer by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number or by enrolling during a marketing contact by AT&T.

Customers will receive the benefits of this promotion for the first six monthly billing periods following enrolling in this promotion. After the customer has completed the first six monthly billing periods, they will automatically be enrolled in the AT&T Simplified Calling Plan Promotion No. 9, providing it is still available or unless the customer advises AT&T otherwise.

AT&T intrastate Direct Dialed calls and Customer Dialed AT&T CIID/891 Card calls billed to the customer's Main Billed Account and eligible for this promotion.

AT&T will use the schedule below to rate eligible calls all day, seven days a week.

Class of Service	Rate Per Minute	Service Charge
Dial Station	\$0.10	None
Card Calls	0.30	\$0.30

The AT&T Simple RATES Promotion is subject to the terms and conditions of the AT&T Simple RATES promotion included in AT&T's Tariff F.C.C. No. 27. This promotion is not available to customers subscribing to any other AT&T intrastate calling plan.

36. AT&T Sub-Timing Promotion

Beginning April 16, and ending June 30, 1998, AT&T will provide the promotional rates specified below. To be eligible for this promotion, the Customer must be presubscribed to AT&T as their primary interexchange carrier.

The AT&T Sub-Timing Promotion is subject to the terms and conditions of the AT&T Sub-Timing Promotion included in AT&T's F.C.C. No. 27. This promotion is not available to customers subscribing to any other AT&T intrastate calling plan.

AT&T Direct Dialed calls and customer dialed AT&T CIID/891 Card calls billed to the customer's main billed account are eligible for the promotional rates specified below:

Class of Service	Initial Period Rate	Additional Period Rate	Service Charge
Dial Station	\$0.12	\$0.012	None
Card Calls	\$0.30	\$0.30	\$0.30

The Initial Period for Dial Station calls and Card calls consists of one full minute. The Additional Period for Dial Station calls consists of six second increments, and the Additional Period for Card calls consists of one full minute increments. Dial Station calls which are less than a minute will be rounded up to a full minute. Dial Station calls greater than one minute which involve a fractional part of a six second increment will be rounded up to a full six second increment. The duration of Card calls which involve a fractional part of a minute will be rounded up to a full minute.

If the computed charges for a call include a fraction of a cent, the fraction is rounded down to a whole cent.

P.U.C.O. No. 2  
DEFINITIONS

A. DEFINITIONS OF TERMS

ACCESS CONNECTION

A service component which connects local channels or other access at an AT&T central office.

AT&T CARD

A card authorized and issued by AT&T Communications to which the charges for MTS calls may be billed (see Calling Card).

AT&T CENTRAL OFFICE

The physical point of access for a service to the AT&T interoffice network. Criteria for establishing AT&T central offices and a list of AT&T central offices with services provided are in AT&T's Tariff F.C.C. No. 10.

AUTHORIZED USER

An individual, partnership or corporation authorized by the customer to be connected to the service of the customer and on whose premises a station of the service must be located.

BIT

The smallest unit of information in the binary system of notation.

BRIDGED LOCAL CHANNEL

A voice grade private line component which connects an AT&T central office and a Local Exchange Carrier bridge or a customer's premises and a Local Exchange Carrier bridge.

CALLING CARD

Denotes a credit/charge card for use in billing MTS calls.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
DEFINITIONS

A. DEFINITIONS OF TERMS (Cont'd)

CENTRAL OFFICE

A switching unit, in one location of a telecommunications system providing service to the general public for terminating and inter-connecting lines. More than one central office may be located in the same building.

CENTRAL OFFICE AREA

The specific section of an exchange area served by a particular or group of central offices.

CHANNEL

A path for electrical communication, between two or more points.

CHANNEL OPTION

A component added to a channel to change and/or augment its transmission characteristics.

CHANNEL SERVICE UNIT FUNCTIONALITY

Equipment provided by the customer which performs the functions of properly terminating the digital service, amplification, signal shaping and remote loop-back.

DEFINITIONS

---

A. DEFINITIONS OF TERMS (Cont'd)

COMPANY

AT&T Communications of Ohio, Inc. and the American Telephone and Telegraph Company, Interstate Division (AT&T Communications).

COMPOSITE DATA SERVICE

The combined use of terminal equipment and customer-provided data switching equipment with the use of telecommunications services of the Company by a Composite Data Service Vendor to perform data switching for others.

COMPOSITE DATA SERVICE VENDOR

A customer that has been certified by the Federal Communications Commission pursuant to Section 214 of the Communications Act of 1934, as amended; to acquire and operate facilities to provide composite data service for others.

CONTRACT

The service agreement between a customer and the Company under which facilities for communications between specified locations are furnished in accordance with the provisions of this tariff.

CUSTOMER

The individual, firm or partnership contracting for service and responsible for the payment of charges and compliance with the regulations of the Company.

---

P.U.C.O. No. 2  
DEFINITIONS

A. DEFINITIONS OF TERMS (Cont'd)

CUSTOMER PREMISES EQUIPMENT

Terminal equipment, a multiline terminating system or protective circuitry located at a premises.

DEMARICATION POINT

The electrical terminus of service. It provides a physical interface to the service in terms of design, installation and testing.

DESIGN LAYOUT REPORT DATE

The date on which the design layout report or access information is received by the Company from the Local Exchange Carrier.

EXCHANGE

A Local Exchange Carrier's basic unit for the administration of communications service in a specified area.

EXPENSE INCURRED BY THE COMPANY

An estimate of the items of expenditure by the Company.

FUNCTION CONNECTION

A service component which connects office functions together or to an interoffice channel.

HOME NPA

As used in connection with AT&T MEGACOM 800 Service or AT&T 800 MEGACOM Plus Service, the NPA of the AT&T MEGACOM 800 Service or AT&T 800 MEGACOM Plus Service central office from which a customer has obtained service. As used in connection with AT&T 800 READYLINE, AT&T 800 READYLINE Plus, AT&T 800 Plan E, AT&T 800 Plan K or AT&T 800 Plan P, the NPA from which a customer obtains AT&T 800 READYLINE, AT&T 800 READYLINE Plus, AT&T 800 Plan E, AT&T 800 Plan K or AT&T 800 Plan P.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
DEFINITIONS

A. DEFINITIONS OF TERMS (Cont'd)

INITIAL CONTRACT PERIOD

The minimum length of time for which a customer is obligated to pay for service and facilities whether or not used by the customer.

INTERBRIDGE LOCAL CHANNEL

The portion of a multipoint local channel between Local Exchange Carrier bridges.

INTEROFFICE CHANNEL (IOC)

A path for transmission furnished between AT&T central offices. An IOC can only be provided where the originating and terminating AT&T central offices are equipped with suitable facilities and equipment for the type of service required.

ISOCRONOUS

With isochronous transmission, timing is derived from the signal carrying the data (i.e., no timing or clock lead is provided at the customer interface).

LOCAL ACCESS AND TRANSPORT AREA (LATA)

A geographic area established by a Local Exchange Carrier which delimits its operational area.

LOCAL CHANNEL

A channel that connects an AT&T central office to a customer's premises.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
DEFINITIONS

---

A. DEFINITIONS OF TERMS (Cont'd)

LOCAL EXCHANGE CARRIER (LEC)

Refers to those carrier's authorized to provide exchange service.

MESSAGE TELECOMMUNICATIONS SERVICE (MTS)

A communication between two or more locations in the State of Ohio.

MULTILINE TERMINATING SYSTEM

Premises switching equipment and key telephone type systems which are capable of terminating more than one local exchange service line, WATS access line, channel service or communications system.

NORMAL WORKING DAYS

All days except Saturdays, Sundays and New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, day after Thanksgiving and Christmas Day.

OFF-NETWORK CALL

A call from a station on a CUSTOM NETWORK SERVICE to a station which is not associated with that user's CUSTOM NETWORK SERVICE.

OFFICE FUNCTION

A service component located and furnished at an AT&T central office able to perform such functions as channel derivation, switching, conversion, transfer or conferencing functions.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

---

P.U.C.O. No. 2  
DEFINITIONS

---

A. DEFINITIONS OF TERMS (Cont'd)

ON-NETWORK CALL

A call between stations on a CUSTOM NETWORK SERVICE.

OTHER ACCESS

Includes any customer-provided access to a Company service.

OTHER COMMON CARRIER (OCC)

Specialized Common Carriers, Domestic and International Record Carriers and Domestic Satellite Carriers engaged in providing telecommunications services authorized by the Federal Communications Commission.

PATRON

Used in connection with Composite Data Service, denotes a subscriber to the data switching services of a Composite Data Service Vendor.

PREMISES

The building or portion of a building occupied by a customer.

PRICING SERVING OFFICE

The AT&T central office which is nearest to the customer's premises.

PROTECTIVE CIRCUITRY

A Company-provided connecting arrangement or discrete electrical circuitry that is within the scope of the Registration Program and is designed to protect a circuit from harm.

DEFINITIONS

A. DEFINITIONS OF TERMS (Cont'd)

RATE CENTER

A specified geographical location used for determining mileage measurements.

RIGHT OF WAY

A strip of land which the Company has acquired the right to use for installing, constructing, operating and maintaining its facilities.

RING-DOWN OPERATION

A type of signaling in connection with which ringing current is applied to the line by operation of a key or a hand generator, or by activation of automatic ringing equipment.

SERVING OFFICE

A serving office is an office of the Company from which communications services are furnished.

SERVING WIRE CENTER

The Local Exchange Carrier wire center from which the customer's premises or AT&T central office would normally obtain dial tone.

SPECIAL ACCESS SURCHARGE

A surcharge required by the Local Exchange Carrier is applied to all local channel terminations which are capable of being connected to the local exchange network for use of such network.

A. DEFINITIONS OF TERMS (Cont'd)

STATION

A point on a customer's, authorized user's or OCC's premises at which a service is terminated.

SWITCHING EQUIPMENT

Equipment which performs the function of establishing and releasing connections on a per call basis between stations, telecommunications services or communications systems.

TELECOMMUNICATIONS NETWORK

The MTS and WATS network provided by this Company.

TERMINAL EQUIPMENT

Devices, apparatus and their associated wiring, provided by a customer which do not constitute a communications system.

TERMINATION CHARGE

A charge applied when a service contract is terminated before the expiration of the initial contract period.

TERMINATION LIABILITY

A specific charge associated with an item of service from which the applicable termination charge is computed.

USUAL WORKING HOURS

The hours in a normal business day, together with, in the case of maintenance and repair forces, all other regularly scheduled work hours on normal working days.

SERVICE CHARGES

A. GENERAL

1. Service charges are one-time charges that apply for service connections and changes, visits by the Company to the customer's premises when trouble reports result from the use of the customer's premises equipment or systems. They apply in addition to all other rates and charges for service.
2. The charges are structured to reflect the work performed in serving the customer on each occasion. There is one major category of charges described in this section:

Service and Equipment Charges, which apply for service connections and changes.

3. These nonrecurring charges will appear on the first bill issued after the service is provided to the customer.

B. SERVICE AND EQUIPMENT CHARGES

1. Definitions

a. Changes in Service

Changes in service, channels or equipment after their initial establishment.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

SERVICE CHARGES

B. SERVICE AND EQUIPMENT CHARGES (Cont'd)

1. Definitions (Cont'd)

b. Establishment of Service

The initiation of the service, channels or equipment for a customer, or transfer of service, lines or equipment from one premises to another on noncontiguous property.

c. Network Interface

A part of the exchange access line that is located so as to be accessible to the customer, normally in close proximity to the protector or the first point on a customer's premises at which the network facility wiring is accessible.

2. Regulations

- a. The service and equipment charge covers establishment of or changes to access provided to the customer's premises. It includes termination in a network interface.
- b. The charges specified are for work performed during normal working hours.
- c. If a customer requests work to be performed outside normal working hours, the Company will apply an additional charge to cover the expenses incurred. This charge will be estimated and quoted in advance to the customer.
- d. When a customer's premises is destroyed by fire, flood, or similar disaster, a service and equipment charge will not be applied for reestablishing service.

SERVICE CHARGES

C. MOVES

A move involves a change in the physical location of either a point of termination at a customer's premises or a change of a customer's premises. The charges for the move are dependent on whether the move is to a new location within the same building or to a different building.

Unless specified differently in other sections of this tariff, the following conditions apply to all services:

1. Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring or service charge for the service affected. There will be no change in the minimum period requirements.

2. Moves to a Different Building

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new services. The customer will also remain responsible for satisfying all outstanding minimum period charges for the disconnected service.

Original Title Sheet

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

---

CONTENTS

SHEET

Connections ..... 1

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission  
of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS

1. General

When customer premises equipment is connected to MTS, WATS, CUSTOM NETWORK SERVICES or certain Channel Services, it must comply with the F.C.C.'s Registration Program. If grandfathered customer premises equipment, test equipment or communications systems are connected, the Minimum Protection Criteria specified in this tariff must be met.

This Company's services are not represented as adapted for connection to other services or communications systems. They are designed, operated and maintained to provide satisfactory transmission only between a calling and a called station(s) equipped with suitable customer premises equipment.

The Company is responsible for the quality of transmission for its services from demarcation point to demarcation point. The Company is not responsible for the quality of transmission on the customer's side of the demarcation point at a premises.

a. Customer Responsibility

When customer premises equipment or a communications system is connected to services of this Company, the customer assumes responsibility for the connection as follows:

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

1. General (Cont'd)

a. Customer Responsibility (Cont'd)

- (1) The customer is responsible for the installation, operation and maintenance of any terminal equipment or communications system provided by themselves. No combination of terminal equipment or communications system shall require change in or alteration of the services of the Company, cause electrical hazards of Company personnel or its agents, damage to Company equipment, malfunction of billing equipment, or degradation of service to persons other than the user of the subject terminal equipment or communications system, the calling or called party. Upon notice from the Company that the terminal equipment or communications system is causing such hazard, damage, malfunction or degradation of service, the customer shall make such change as shall be necessary to remove or prevent such hazard, damage, malfunction or degradation of service.
- (2) The operating characteristics of customer premises equipment or communications systems connected to services, MTS or WATS must not interfere with, or impair, any of the services offered by this Company. In addition, they must not endanger the safety of Company employees or its agents or the public, damage or interfere with the proper functioning of Company equipment, or otherwise injure the public in its use of Company services.

The Company will take immediate action to protect its services or interests if this regulation is violated. See Termination of Service, Section 1, paragraph A.7.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

1. General (Cont'd)

a. Customer Responsibility (Cont'd)

- (3) The Company is not obligated to alter or modify its services because of additions or changes to customer premises equipment or a communications system provided by the customer or others.
- (4) If a trouble report occurs on an assembly, the customer must determine whether the fault is in 1) the connected premises equipment or communications system or 2) Company services. The Company will test and maintain only the services it provides.

The testing of services will usually be made from a Company office. A repair person will be dispatched to a customer's premises only when this Company deems it necessary to complete its tests, or when a specific request for a dispatch is received. When a repair person is dispatched, a maintenance of service charge as specified in Section 13 will apply if testing discloses that the service is functioning correctly.

- (5) Information a Customer Must Provide - Prior to reconnecting grandfathered equipment to Company services, the customer must provide the following information about the equipment to the Company:

- Manufacturer's name, model number and type
- Ringer Equivalence Number and Type (if known)
- Type of standard jack (if required)
- Service to which equipment is being connected
- Notarized affidavit for premises wiring
- Description of interface
- Line or pin assignment for a multiline jack

The customer must also notify the Company when the grandfathered equipment is permanently disconnected.

Issued:

Effective:

Filed under authority of Entry issued by The Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

1. General (Cont'd)

b. Company Responsibility

In addition to furnishing and maintaining components for its services, the Company will provide technical information pertaining to interface parameters as an aid to the customer in selecting the appropriate interface.

The Company is not responsible to any party if a change in its service components, Minimum Protection Criteria, operations or procedures, which are consistent with the Registration Program, 1) affects any facilities, customer premises equipment or communications systems provided by others in any way or 2) requires their modification in order to be used with Company services. However, if such changes can be reasonably expected to materially affect the operating or transmission characteristics of the services or render any customer premises equipment or communications system incompatible with the services, the Company will make a reasonable effort to notify the customer in writing of the proposed change. A reasonable interval will be allowed before the change is implemented to enable the customer to maintain compatibility of the customer premises equipment or communications system with Company services.

Channel Services may or may not be suitable for use with all types of terminal equipment or systems, and where such equipment or system is connected to Company facilities, the responsibility of the Company shall be limited to the furnishing of facilities suitable for a Channel Service and to the maintenance and operation of such facilities in a manner proper for such Channel Service. Subject to this responsibility, the Company shall not be responsible for 1) the through transmission of signals generated by terminal equipment or systems, or for the quality of, or defects in, such transmission, 2) the reception of signals by terminal equipment or system or 3) address signaling.

Issued:

Effective:

Filed under authority of Entry issued by The Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

1. General (Cont'd)

b. Company Responsibility (Cont'd)

Where the requirement for protective equipment is due to circumstances beyond the control of the customer or authorized user, such as the proximity of an electrical power generating or distributing station, high frequency radio station or diathermy equipment except in connection with service furnished to a customer or authorized user operating such station or equipment, the Company will provide the required equipment.

c. Service Provided by a Local Exchange Carrier

Company services may be connected to services provided by a Local Exchange Carrier. The connections are subject to the regulations in this tariff and the appropriate tariff(s) of the Local Exchange Carrier.

d. Connection of a Communications System or MTS/WATS Equivalent Service

When a communications system or MTS/WATS equivalent service is connected to the Company's services, the customer must make all arrangements concerning the connected systems or service with its provider. The connection does not constitute a joint undertaking between this Company and the provider of the system or service. The system or service must be operated and maintained so it will work satisfactorily with the Company's services. Connections to service will be made in accordance with the following:

Issued:

Effective:

Filed under authority of Entry issued by The Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

1. General (Cont'd)

d. Connection of a Communications System or MTS/WATS Equivalent Service (Cont'd)

- (1) When MTS, WATS or a CUSTOM NETWORK SERVICE is connected to switching equipment, terminal equipment or a communications system which is also connected to switching or terminal equipment, such equipment shall provide the necessary answer supervision so that chargeable time begins upon delivery of the MTS, WATS or CUSTOM NETWORK SERVICE call to the equipment and ends upon termination of the call by the calling party.
- (2) The connection at the service demarcation point must be made so that it continually complies with the specified Minimum Protection Criteria following.
- (3) When a communications system fails and the connection to services is not through switching equipment, the communications system must be arranged to promptly return the service to an idle (on-hook) state. In addition, the customer must promptly notify the Company when the communications system fails.
- (4) If a communications system uses satellite facilities (directly or indirectly), and is connected to Company services, there may be two or more satellite links involved in the combined connection. In such cases, the Company will not be responsible for any deterioration in the quality of the through transmission of signals on such a connection. The Company will continue to furnish service using the components that it considers to be appropriate. Credit allowance for impaired transmission resulting from such connection will not be granted.

2. Minimum Protection Criteria

a. General

Minimum Protection Criteria have been specified so that Company personnel or its agents, equipment and services will be protected from the harmful effects of signal power overload, hazardous voltages and longitudinal imbalance. Minimum Protection Criteria applies to the direct electrical, acoustic or inductive connections of customer premises equipment and communications systems to Company services and is set forth in AT&T's Tariff F.C.C. No. 1, Section 2.7.5.

b. Direct Electrical Connections

In addition to the regulations in a. preceding, customer premises equipment, test equipment and communications systems which are connected to MTS, WATS or CUSTOM NETWORK SERVICES on a direct electrical basis must comply with the following:

To prevent excessive noise and crosstalk, it is necessary that the power of the signal presented at the central office not exceed 12dB below one milliwatt when measured over any three second interval. To insure that this limit is not exceeded, the power of the signal which may be applied by the premises equipment, test equipment or communications system to the demarcation point will be specified for each customer location. In no case shall the power exceed one milliwatt.

P.U.C.O. No. 2  
CONNECTIONS WITH CUSTOMER PREMISES EQUIPMENT

A. CONNECTIONS (Cont'd)

2. Minimum Protection Criteria (Cont'd)

b. Direct Electrical Connections (Cont'd)

When customer premises equipment, test equipment and communications systems are connected to a local channel service at the customer's premises, the regulations set forth in National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5, paragraph 2.5, Connections apply. When an AT&T enhanced service located in an AT&T central office is connected to a local channel at the same AT&T central office, an access connection is required as set forth in Section 10 of this tariff. In addition, when a local channel service is furnished from an AT&T central office, the connection at the AT&T central office must comply with the regulations in the tariff of the service connected at that office.

c. Acoustic or Inductive Connections

In addition to the regulations in a. preceding, customer premises equipment and communications systems which are connected to MTS, WATS or CUSTOM NETWORK SERVICE on an acoustic or inductive basis must comply with the following:

To prevent excessive noise and crosstalk, it is necessary that the power of the signal which is applied by the equipment to the demarcation point located on the customer's premises be limited so that the signal power does not exceed 9dB below one milliwatt when averaged over any three second interval. However, to permit each customer, independent of distance from the central office, to supply signal power which at the central office approximates 12dB below one milliwatt when averaged over any three second interval, the Company, at the customer's request, will specify, for each customer location, the signal power at the demarcation point, which shall in no case exceed one milliwatt.

A. CONNECTIONS (Cont'd)

3. Recording of Two-Way Telephone Conversations

The recording of two-way telephone conversations are governed by state and federal regulations. (Also, see AT&T's Tariff F.C.C. No. 1).

4. Violation of Regulations

Where any terminal equipment or communications system is used with Channel Services furnished by the Company and any of the connections provisions are violated, the Company will take such immediate action as appropriate for the protection of its facilities and will promptly notify the customer of the violation. The customer shall discontinue such use of the equipment or system or correct the violation and shall confirm in writing to the Company within ten days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Company within the time stated preceding shall result in cancellation of the customer's service until such time as the customer complies with the provisions of this tariff.

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

A. APPLICATION

This section applies to intrastate Message Telecommunications Service (MTS) furnished between two or more locations in the State of Ohio. The rates for Dial Station calls originating on a line for which the subscriber pays a rate that is described solely as a business or commercial rate in the applicable local exchange tariff for switched services are specified in Section 11 (AT&T Commercial Long Distance Service).

B. REGULATIONS

1. The regulations in Section 1 pertaining to payment for service, advance payments, construction charges, deposits, termination of service and broadcast of recorded conversations are applicable to MTS.

In addition, where this section refers to regulations, rates and charges in other sections of the Company's tariff, such sections and any future revisions or additions to them are made a part of this section.

2. The obligations of both Company and customer as described in Section 1 also apply to MTS. In addition, during an MTS or CUSTOM NETWORK SERVICE call, the customer should exchange identifying information with the called party to protect both their interests.

3. Authorized Connections

Equipment and facilities provided by the customer may be connected with facilities furnished by the Company for MTS, subject to the provisions of Section 4, paragraph A.1.d.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

B. REGULATIONS (Cont'd)

4. Emergency Calls

MTS calls to governmental emergency service agencies as defined in a. following are offered at no charge to customers when the calls meet the criteria in b. following:

MTS calls to governmental emergency service agencies as set forth in a. following, having primary or principal responsibility with respect to the provision of Emergency Services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth in b. following, are offered at no charge to customers:

- a. Governmental Fire Fighting, State Highway Patrol, Police and Emergency Squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (Live) 24 hour basis, 365 days a year, including holidays.
- b. An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life and/or property and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for such emergency.

5. Emergency Shortage of Facilities

The Company reserves the right to limit the length of conversations in times of emergency if a shortage of facilities occurs.

6. Priority of Service

In case of a shortage of facilities for a temporary or protracted period, the establishment of MTS has precedence over all other like services unless the public interest requires otherwise.

MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE

1. Definition

Two-point MTS is furnished by toll connections between two Local Exchange Carrier's main stations or PBX trunk lines or a combination of the two.

2. Classes of Service

Seven classes of two-point MTS are offered: dial station\*, customer dialed calling card station, operator station, operator dialed calling card station, person-to-person, real time rated--operator station/person-to-person and Telephone Relay Service (TRS) assisted calls.

a. Customer Dialed Service

- (1) Dial station service is used when the customer dials a telephone number directly without the assistance of a Company operator. If Automatic Number Identification (ANI) is not available for dial completion, a customer may give a Company operator the telephone number of the telephone, private branch exchange (PBX) system or PBX station being called and the call is considered customer dialed.

Non-Subscriber Service Charge - Where billing capabilities permit, a service charge is applicable to Dial Station, Operator Station, Person-to-Person, or Real Time Rated calls billed to residential lines which are presubscribed to an interexchange carrier other than AT&T, or not presubscribed to any interexchange carrier. This service charge is in addition to the initial period and additional period charges (for Dial Station found in Section 11 and for Operator Services found in Section 6) and to Service Charges associated with Operator Handled call types. The terms and conditions of this service charge are described in AT&T's Tariff F.C.C. No. 27.

\* Marketed by AT&T Communications of Ohio, Inc. under the name AT&T Long Distance Service.

C. TWO-POINT SERVICE (Cont'd)

2. Classes of Service (Cont'd)

a. Customer Dialed Service (Cont'd)

- (1) Exclusions from this service charge include, but are not limited to: calling card calls; intraLATA calls; conference calls; calls to AT&T Directory Assistance or to AT&T 500 Personal Number Service, AT&T Easy Reach Service, or 800, 900 telephone numbers; calls using Busy Line Verification or Interruption Services; calls using Telecommunications Relay Service; calls originated from cellular phones; calls from certified customers with disabilities; calls billed to residential lines which have discontinued presubscription to AT&T, but for whom an active billing record still exists in AT&T's billing system; calls made via AT&T Prison Collect with Controls Service; or to collect calls accessing the AT&T network via 1-800-CALLATT.

MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE (Cont'd)

2. Classes of Service (Cont'd)

a. Customer Dialed Service (Cont'd)

(2) Customer Dialed Calling Card Station

Rates apply when calls are originated and billed as specified below. Rates do not apply when 1) the customer dials the appropriate AT&T access code (e.g., "0", "00", "10288+0", an AT&T designated number for completion of Customer Dialed Calling Card calls) and does not enter the called number prior to the call timing out and being transferred to a live AT&T operator or the automated system; or 2) the customer dials an AT&T designated number for completion of Customer Dialed Calling Card calls, but fails to respond to system prompts and must be transferred to a Company operator.

(a) Customer Dialed/Automated

The customer dials the appropriate AT&T access code plus the telephone number desired and completes the call without the assistance of a live AT&T operator or the automated operator system (except in the case for calls made from a rotary phone) and the call is billed to a calling card.

(b) Customer Dialed/Operator-Assisted

The customer dials the appropriate AT&T access code plus the telephone number desired and Company operator assistance is limited to recording the calling card number for billing purposes.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

2. Classes of Service (Cont'd)

a. Customer Dialed Service (Cont'd)

(2) Customer Dialed Calling Card Station (Cont'd)

(c) Customer Dialed/Operator Must Assist

The customer dials the appropriate AT&T access code plus the desired telephone number and the local exchange Operator Services equipment capability precludes the customer from completing the call without the assistance of a Company operator and the call is billed to the customer's calling card.

Each of the preceding types of calls are further classified based upon the type of calling card that is used for billing purposes, as follows:

- AT&T CIID/891 Card\*

An AT&T calling card using a nontelephone number Card Issuer Identifier (CIID) (14 digit) or "891" (21 digit) International Billing Number Format.

- All Other Cards

All cards other than the AT&T CIID/891 Card. For example, this includes AT&T Cards which are not in the CIID/891 format, other interexchange and Local Exchange Carrier calling cards, commercial credit/charge cards and Commercial Calling Cards\*\*.

\* Marketed by AT&T Communications of Ohio, Inc. under the name AT&T Calling Card.

\*\* A Commercial Calling Card is a calling card issued by AT&T or a Local Exchange Company that is billed to an account associated with a line for which the subscriber pays a rate that is described as a business or commercial rate in the applicable Local Exchange Company tariff. A credit/charge card is a card issued by a non-carrier to a customer who the issuer defines as a commercial or business account. A Consumer Calling Card is any calling card that is not a Commercial Calling Card.

C. TWO-POINT SERVICE (Cont'd)  
2. Classes of Service (Cont'd)

b. Operator-Assisted Service

- (1) An Automated Service Charge applies to any 0+ Operator Station, Person to Person, or Real Time Rated call that is fully automated through operator systems and does not use a live Company operator, except as listed below.

An Operator-Assisted Service Charge applies to any Operator Station, Person to Person, Real Time Rated call that is dialed using the appropriate Operator code (e.g. 0, 00, 10288 0+) that involves a live Company operator, except as listed below.

The Automated Service Charge and the Operator-Assisted Service Charge do not apply to card calls, calls in which a Company operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of the handicap, 9+ calls in which a Company operator is used only to record the calling station number where Originating Number Identification (ONI) is not available in the area of the Local Exchange Company serving the originating station, or to 0+ calls in which a Company operator places a call because Automatic Number Identification (ANI) equipment is not available.

- (2) Customer dialed Operator-Assisted service is used when a Company operator is needed to complete one of the following call types:
- (a) Operator station calls, when the customer specifies to a Company operator a particular telephone number to be reached, in order to arrange for charges to be paid by the called party (collect call), billed to a third number charged to a calling card (See Note), or for calls where dial station rates do not apply.
  - (b) Person-to-person calls, when the customer specifies to a Company operator a particular person to be reached, a particular mobile station to be reached through a MCC operator or a particular station, department or office to be reached through a PBX attendant.

(c) Real Time Rated--Operator Station/Person-To-Person

Real time rated rates apply to calls for which the Company furnishes time and/or charges.

Note: Calling card, as used herein, denotes a credit/charge card for use in billing MTS calls.

C. TWO-POINT SERVICE (Cont'd)

2. Classes of Service (Cont'd)

c. Operator Dialed Service

(1) Operator Dialed Calling Card Station

Rates apply when 1) the customer dials the appropriate AT&T access code and does not enter the called number prior to the call timing out and being transferred to a live AT&T operator or the automated operator system, and the completed call is billed to a calling card; or 2) the customer dials an AT&T designated number for completion of Customer Dialed Calling Card calls, but fails to respond to system prompts and must be transferred to a Company operator, and the completed call is billed to a calling card.

Calls charged to the AT&T Card, AT&T CIID/891 Card or Local Exchange Carrier's card will be included on the MTS bill for the telephone account number with which the card is associated. Calls charged to a commercial credit/charge card will be billed by statement of the card issuer.

MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE (Cont'd)

2. Classes of Service (Cont'd)

d. Telephone Relay Service (TRS) Assisted Calls

- (1) TRS Assisted calls are calls completed through the TRS established by the Public Utilities Commission of Ohio (PUCO). This service permits hearing and/or speech impaired customers who use a Text Telephone (TT) or its equivalent, to communicate with users of ordinary telephones. Communication takes place by relaying conversations (voice to TT and vice versa). These calls are between party(ies) who must communicate by means of a TT and others who communicate by means of an ordinary telephone.
- (2) A completed TRS assisted call is rated and billed as a call from the originating telephone number (calling station) to the terminating telephone number (called station).
- (3) Dial station rates less applicable discounts apply to TRS assisted calls except where additional operator assistance or special billing is requested. In those cases, the applicable class of service, e.g., customer dialed calling card station, operator station or person-to-person, rates apply.
- (4) The Company shall not be liable for errors in translating, transmitting, receiving or delivering messages by telephone, TT, or any other instrument over the facilities of connecting utilities or through the TRS established by the PUCO, except for errors resulting from the gross negligence or willful misconduct on the part of the Company.

Issued:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE (Cont'd)

2. Classes of Service (Cont'd)

e. Transfer Service Fee

A Transfer Service Fee applies to all completed calls when the Customer transfers to the AT&T network from a Local Exchange Company network. The Transfer Service Fee is applied in addition to any other applicable Service Charges or Surcharges. The Transfer Service Fee does not apply to calls to 800 numbers, 900 numbers, calls to Select Call Service numbers, calls transferred to an AT&T Operator by the Local Exchange Company Operator in a local services resale arrangement.

f. Public Payphone Surcharge

(1) A Public Payphone Surcharge applies to all completed consumer intrastate calls placed from a public/semi-public payphone, which are not paid on a sent paid basis. Specifically, the public payphone surcharge applies to:

- 1) calling card service (other than AT&T Prepaid Card Service;
- 2) collect calls;
- 3) calls billed to a third number;
- 4) completed AT&T 500 Personal Number Service calls;
- 5) completed AT&T Easy Reach 700 Service calls;
- 6) calls to intrastate Directory Assistance; and
- 7) calls completed via AT&T DIRECTORY LINK Service.

(2) The Public Payphone Service is applied in addition to any other applicable service charges or surcharges. Discounts offered by AT&T discount plans and promotions will not apply to the Public Payphone Surcharge unless the specific charge is expressly covered in the AT&T discount plan or promotion.

g. Customer Owned Coin Operated Telephone Service

Rates and associated service charges shown in the AT&T Ohio P.U.C.O. No. 2 -- Draft 2 Price List apply to intrastate calls placed from a Customer Owned Coin Operated Telephone (COCOT) where AT&T provides operator coin supervision. In this case, a bill will be issued monthly to the COCOT owner to collect the revenue owed to AT&T that was paid for by coin at the COCOT. This bill will include all applicable revenue less 35% to allow the COCOT owner to recover the administrative costs incurred in collecting and remitting the revenue due to AT&T and associated uncollectibles.

MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE (Cont'd)

3. Rates and Charges

a. Rates Applicable on Certain Holidays

On New Year's Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day, the rate applicable is the Evening rate for that class of service unless a lower rate would normally apply.

b. Initial Minute, Additional Minutes, Service Charges and Time of Day Rate Schedules

Two-point MTS rates are quoted in terms of initial minute, additional minutes and service charges following.

(1) Initial Minute

Initial minute rates are for connections of one minute or less.

(2) Additional Minutes

Additional minute rates are for additional whole minutes or fractions beyond the initial minute during which connection continues.

(3) Service Charges

A service charge applies to the initial period rate for each customer dialed calling card station, operator dialed calling card station, operator station, person-to-person and real time rated--operator station/person-to-person call, and to Dial Station Calls originated from Residential lines which are not presubscribed to AT&T as the primary interexchange carrier.

Issued:

Effective:

Filed under authority of Entry issued by the Public Utilities Commission of Ohio, in Case No. 96-190-TP-ACE.

District Manager, Chicago, Illinois

C. TWO-POINT SERVICE (Cont'd)

3. Rates and Charges (Cont'd)

b. Initial Minute, Additional Minutes, Service Charges and Time of  
Day Rate Schedules (Cont'd)

(4) Time of Day Rate Schedules

Rate schedules for Day, Evening and Night/Weekend periods are provided for each class of two-point MTS service. When the calculation of charges for a two-point MTS call results in a fractional penny of charge, the amount will be rounded down to the nearest whole cent.

c. Timing

- (1) For dial station, customer dialed calling card station, operator dialed calling card station, operator station and real time rated--operator station calls, a message starts at the time communication is established between the calling station and the called telephone number, PBX system or PBX station reached directly rather than through a PBX attendant.
- (2) For person-to-person and real time rated--operator station/person-to-person calls, a message starts at the time communication is established between the person calling and 1) the particular person called, 2) another party acceptable to the person calling or 3) a PBX station reached through a PBX attendant.

P.U.C.O. No. 2  
MESSAGE TELECOMMUNICATIONS SERVICE

---

C. TWO-POINT SERVICE (Cont'd)

3. Rates and Charges (Cont'd)

c. Timing (Cont'd)

- (3) Chargeable time ends when the calling station hangs up thereby releasing the network connection. If the called station hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

d. Time of Day

- (1) The time legally or commonly in use at the rate center of the calling station determines the rate period for customer dialed calls.
- (2) In cases where a message begins in one rate period and ends in another, the appropriate time of day rates are applied to the portion of the message occurring in each rate period.

e. Method of Applying Rates

- (1) Two-point MTS rates between points in the State of Ohio are based on the airline distance between rate centers which is computed as specified in E. following.
- (2) The rate centers and the central offices for the State of Ohio are listed by rate center and numerically by central office in AT&T's Tariff F.C.C. No. 10 in which this Company concurs.
