Dear Ms. McNeal:

Duke Energy Ohio, Inc., hereby files the confidential supplement to its Long-Term Forecast Report as indicated in its initial filing of June 29, 2018. The additional information in its T-forms regarding planned electric transmission lines and proposed substations contained in the confidential supplement is being filed under seal as it contains both critical energy infrastructure information and information relating to business strategic planning and competitive business practices. The R-forms will be filed as an additional supplement by the end of next week. Also included for filing here is an additional affidavit, as required by O.A.C 4901:5-1-03(D), to support the complete supplemental filing.

Please do not hesitate to contact me should you have any questions.

Very truly yours,
