REQUEST:

Does Duke Energy Ohio, Inc. anticipate that it will apply for and obtain Ohio EPA General Permit OHH00002 “General Permit for Discharges of Hydrostatic Test Water”?

RESPONSE: The Company anticipates that Ohio EPA General Permit OHH000003 will be required due to the lack of sanitary services along the project route, the quantity of test water that will be generated, and the likelihood that the testing will be broken up into segments.

PERSON RESPONSIBLE: Steve Lane
