Attached as Attachment A, please find revised tariff page 34.

Exhibit B of Initial Application

Attachment B-1 stated that “Applicant’s equipment collocated in other carrier’s end office premises.” This would mean that the services provided are via facilities and not resold. As a facilities based carrier, you would need to provide an access tariff. If the company is not a facilities based provider, this language would need to be clarified.

Attached as Attachment B, please find an access tariff.

Attachment B-2 states that service will be provided to business customers, but other parts of the application state both business and residence. Will you please confirm for me the types of customers who will be served through this tariff?

Applicant will provides service to business customers only. Attached as Attachment C, please find revised exhibit and tariff pages.

Exhibit F of Initial Application

Rule 4901:1-6-08(E)(12) states that “a notarized affidavit signed by an authorized employee and accompanied by the bona fide request for interconnection letter sent to the ILEC that verifies that the applicant has entered into negotiations to establish an interconnection and/or transport and termination agreements with, at a minimum, the ILEC(s) serving the geographic area(s) where the applicant will be providing its services.” Please provide copies of the bona fide requests for interconnection.

Attached as Attachment D, please find a copy of the bona fide request for interconnection letter sent to the ILEC, including revised exhibit and tariff pages.

SECTION 5 – BASIC SERVICE DESCRIPTION**5.2.3 Basic Local Exchange Service**

Basic local exchange service means residential-end-user access to and usage of telephone-company-provided services over a single line or small-business-end-user access to and usage of telephone-company-provided services over the primary access line of service, which in the case of residential and small-business access and usage is not part of a bundle or package of services, that does both of the following:

- (a) Enables a customer to originate or receive voice communications within a local service area as that area exists on the effective date of the amendment of this section by S.B. 162 of the 128th general assembly;
- (b) Consists of all of the following services:
 - (i) Local dial tone service;
 - (ii) For residential end users, flat-rate telephone exchange service;
 - (iii) Touch tone dialing service;
 - (iv) Access to and usage of 9-1-1 services, where such services are available;
 - (v) Access to operator services and directory assistance;
 - (vi) Provision of a telephone directory in any reasonable format for no additional charge and a listing in that directory, with reasonable accommodations made for private listings;
 - (vii) Per call, caller identification blocking services;
 - (viii) Access to telecommunications relay service; and
 - (ix) Access to toll presubscription, interexchange or toll providers or both, and networks of other telephone companies.

Basic local exchange services cannot be used to originate calls to caller-paid information services (e.g., 900, 976) provided by other companies. Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch. Each Basic Local Exchange Service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time.
