Dear Miami Township Residents and Businesses,

Welcome to Miami Township's Electric Aggregation Program. In 2012, Miami Township voters authorized the Township Trustees to form a governmental aggregation program to negotiate a more favorable price and terms for electricity supply for Township residences and businesses. Miami Township Trustees recently entered into an agreement with Duke Energy Retail, a competitive retail electric service provider and affiliate of Duke Energy Ohio, as the new supplier for this program.

### Fixed Price Electricity Plan

- **Fixed Electricity Price** of 5.20¢/kWh through your May 2014 meter reading.
- Provides **security** against electricity price fluctuations.
- **One energy bill** from Duke Energy, your local utility.
- **Electricity price will never change** for the term of this offer.
- **Duke Energy** will continue to maintain the electric lines and respond to emergencies.

**You do not need to do anything to participate.** You will be automatically enrolled in the Miami Township Electric Aggregation Program. Both Miami Township and Duke Energy Retail are certified by the Public Utilities Commission of Ohio to provide this service. Participation in this program is voluntary. If you choose to opt out you may do so at no charge and you will continue to be served by your current supplier. Residential customers, if you opt out after the initial enrollment period you will be charged a termination fee of \$50. Non-Residential customers, if you opt out after the initial enrollment period you will pay damages of 1.5¢/kWh on any expected usages through the rest of the contract.

1. **Service:** Starting with the next available meter reading after the Utility confirms your enrollment with us (“Service Start Date”), we will provide you retail electric generation service in accordance with these Terms and Conditions of Electric Generation Service through your May 2014 meter reading date.

2. **Pricing:** You agree to pay the full amount charged by us, which shall be calculated on the basis of a rate that is not more than 5.20 cents per kWh, from the Service Start Date through your May 2014 meter reading date (“Initial Term”), the actual fixed price, subject to the maximum price limitations described above, to be determined by us, in our sole discretion. This fixed price for energy is firm and will not change for the duration of your Initial Term, regardless of changes in Utility or regulatory practice or policy. To the extent not provided by the Utility, we will also provide capacity at no extra charge to you. You will continue to incur service and delivery charges from the Utility. The Utility may charge you a switching fee. If you have any questions regarding your distribution service or fees, please contact the Utility.

3. **Right to Rescind:** You have the right to rescind your enrollment and this Agreement with no penalty within seven (7) calendar days of the postmark on the confirmation notice that will be sent to you by the Utility. If you wish to rescind, you must follow the instructions contained in the notice sent by the Utility. Customers who are renewing their agreement, or moving to a new price agreement, may rescind by calling us at 877-331-3045 within 10 days of approving this Agreement.

4. **Termination; Price Adjustment:** Your selected price plan will not change during the Initial Term. For residential customers, if you terminate this Agreement or switch to another supplier during the Initial Term of this Agreement, you will pay us a \$50.00 termination fee in addition to any other charges you incur. However, you may terminate this Agreement without incurring a termination fee if you move outside the area served by us or to an area where we charge a different price. For non-residential customers, during the Initial Term, you may terminate without penalty or damages only if you move from your current location (whether we serve your new location or not). If you terminate the contract during the Term for any other reason, we will not change you a penalty but you will be responsible for the payment of damages at a price of \$0.015 per kWh, charges for all the expected usage remaining under the Term of the Agreement. For accounts returning to the Utility, you may not be served under the same rates, terms and conditions that apply to other customers served by the Utility. Determination of residential or non-residential classification will be based on rate billed or some other indicator provided by the Utility.

5. **Invoicing and Payment:** You will continue to receive a single bill from the Utility that will contain its charges and our charges. If you wish to obtain budget billing service, you must contact the Utility to make your request. We do not offer budget billing for the generation portion of your bill. Bills will be due according to the Utility’s billing schedule. Failure to pay our charges may result in you being returned to the Utility’s standard service. Failure to pay the Utility’s charges may result in you being disconnected in accordance with the Utility’s tariff. Should you be switched back to the Utility for service, you may not be served under the same rates, terms and conditions that apply to other customers served by the Utility. We reserve the right to cancel this Agreement upon 14 days written notice for non-payment. Twice within a twelve month period, you may request at no charge up to 24 months of payment history for bills rendered under this Agreement.
