**Letter of Notification
Port Union to Mulhauser Rebuild Project**

Dear Ms. Young:

Duke Energy Ohio, Inc. (Duke Energy Ohio) is proposing an electric transmission project in your area. The project involves rebuilding 2.75 miles of double-circuit 138-kilovolt (kV) transmission lines in Butler County from our Mulhauser Substation, located at 7250 Dixie Highway in Fairfield, to the Port Union Substation at 5226 Rialto Road in West Chester Township.

Two transmission lines are presently supported by 15 steel lattice towers and 1 wood pole. The existing structures will be replaced by steel poles with concrete foundations. The steel poles will be up to 160 feet tall. One of the transmission lines will be rebuilt to add capacity and support the reliability of the electric transmission system. The second 138-kV transmission line will be transferred to the new structures, with the exception of three (3) segments of new line to be installed on the second 138-kV transmission line.

In accordance with O.A.C. 4906-1-01 Appendix A, we are required to prepare this Letter of Notification for the Ohio Power Siting Board and, in compliance with O.A.C. 4906-6-07, we are hereby providing you with a link to an electronic copy.

A copy of the application is available for public inspection at the main office of Duke Energy Ohio at 139 E. Fourth Street, Cincinnati, Ohio 45202, and at the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215.
