**Letter of Notification
Greendale Substation Expansion**

Dear Madam:

Duke Energy Ohio proposes to expand the existing 138-kV Greendale Substation by approximately 300 square feet (approximately 21 percent) to install approximately 50 feet of new fencing around a secondary oil containment berm. The substation expansion will expand the existing 138-kV Greendale Substation to improve onsite oil containment from potential underground transmission systems and add flood protection within the substation.

In accordance with O.A.C. 4906-1-01 Appendix A, we are required to prepare this Letter of Notification for the Ohio Power Siting Board and, in compliance with O.A.C. 4906-6-07, we are hereby providing you with a link to an electronic copy.

A copy of the application has been placed at the main office of Duke Energy Ohio at 139 E.
