Miami Valley Communications Council

Electric Power Aggregation Operation and Governance Plan

For additional information contact Miami Valley Communications Council:

Jay Weiskircher, Executive Director

Phone: 937-424-1660

Email: jweiskircher@mvcc.net

Introduction

The Miami Valley Communications Council (“MVCC”) has developed this Plan of Operation and Governance on behalf of its member and affiliate communities regarding government aggregation of firm, full requirements power supply electric for its consumers (the “Plan” or “Aggregation Program”). The Plan contains information on the structure, governance, operations, management, funding, and policies of the Aggregation Program to be utilized for participating consumers.

MVCC was formed in 1975 as a council of governments according to chapter 167 of the Ohio Revised Code. MVCC has acted as an agent for its members and affiliate communities to monitor, regulate and administer common cable television franchise agreements, manage the operation of the council’s cable access television channels, and develop and implement intergovernmental projects. The council is governed by a policy-making body consisting of delegates representing member cities. The council also has affiliate agreements with 24 other Miami Valley cities.

Now MVCC communities wish to proceed jointly to authorize MVCC to perform as their agent for development and administration of the Aggregation Program. The following communities have authorized MVCC to act on their behalf as their electric governmental aggregator: Centerville, Clayton, Englewood, Fairborn, Germantown, Kettering, Miamisburg, Moraine, Trotwood, Vandalia and West Carrollton. The Program may add other communities and thereby combine additional residential and small commercial customers into a buying pool that will be attractive to third party suppliers (Suppliers). Participation in the Program is voluntary. Any individual customer can decline to be a member of the aggregation program and remain with the AES (Local Utility) standard offer of service or to enter into a service contract with any competitive retail electric supplier.

The MVCC communities have passed the necessary ordinances to place the issue of electric governmental aggregation on the ballot. Voters in each community approved electric aggregation and the community decided to utilize MVCC and the following Plan outlined below. This Plan will not be adopted until two public hearings are held in accordance with Section 4928.20(C) of the Ohio Revised Code.

Process

This Plan allows municipalities to join as either an opt-in municipality (“OIM”) or an opt-out municipality (“OOM”).

If a community joins the Program as an OIM, that community’s eligible residential and small business customers in the authorized areas shall receive an offer letter setting forth the rates, terms, and conditions of the program. To participate the eligible residential and

small business customers must affirmatively enroll in the Program by a specific deadline described in the offer letter.

If a community elects to become an OOM, all eligible residential and small business customers in the authorized areas of MVCC are automatically included as participants in the Aggregation Program unless they opt-out of the program by providing written notice of their intention not to participate. As required by Ohio Law, the various communities jointly participating in the MVCC electric governmental aggregation passed a Resolution or Ordinance, which authorized submitting the selection of opt-out aggregation to the community's voters. The voters approved opt-out aggregation in each community and the community decided to join the MVCC Program.

In addition to each community joining the MVCC program, it is also required to comply with various PUCO regulations. As required by PUCO regulations MVCC will file an application with the PUCO for certification as a Government Aggregator after MVCC approves this Plan. As required by regulations, MVCC advertised public hearing dates to discuss the Plan and held two hearings on the Plan.

MVCC anticipates selection of a Provider after receiving approval from the PUCO as a governmental aggregator. Upon Provider selection an opt-out notice for the MVCC Program will be sent to all eligible electric customers in MVCC's OOM communities setting forth the rates, terms, and conditions of the program. This notice will provide potential Aggregation participants at least 21 days to return an opt-out card or other similar notice.

Contract

The focus of the MVCC Aggregation Program, as noted above, will be the acquisition of competitive prices and terms for power supply. The prices will be set through a competitive process and fully disclosed in either opt-in or opt-out consumer material provided to the potential consumer participants. Each Aggregation consumer shall be individually bound by the terms and conditions found in either the opt-out notice or opt-in letter and the Contract. Each Aggregation participant shall be solely responsible for payment and performance. Said charges shall take the form of either a fixed price or a price representing a percentage or price below the electric distribution utility's ("EDU") avoidable costs ("Avoidable") or Price to compare ("PTC"). These charges will also be available by calling the Provider's toll-free customer service telephone number.

MVCC Program's Retail Electric Generation Provider shall meet each of the following requirements:

- Has sufficient power supplies arranged and structure in place to provide retail firm power to the Members.

- Has a Federal Power Marketer license with the Federal Energy Regulatory Commission.
- Is certified as a CRES by the PUCO.
- Registered as a generation supplier with the EDU prior to flowing power to Members.
- Has appropriate Transmission Service agreement(s) in place to serve the Members.
- Has or has arranged for an Electronic Data Interchange computer network that is capable of handling MVCC's Members requirements with the EDU.
- Has the ability to educate Members on the MVCC Aggregation Program.
- Has or has arranged for a call center capable of handling MVCC's Aggregation Group customer calls.
- Has a toll-free number as required by the PUCO for customer service inquiries and potential complaints related to the MVCC Program.
- Will hold MVCC financially harmless from any financial obligations arising from supplying power to the Members.
- Satisfies the EDU's and MVCC's credit requirements.
- Will assist the MVCC group and its consultant in filing reports required by the PUCO and Sections 4805.10(A), 4911.18(A) and 4928.06(F) of the Ohio Revised Code.

Definitions

To clarify certain terminology, the following terms shall have the meanings set forth below:

“Aggregation Program” or “Program” means the program developed by MVCC, as a Government Aggregator under Section 4928.20 Ohio Revised Code, to provide eligible residential and small business consumers with retail electric generation services.

“Government Aggregator” means Miami Valley Communications Council using its legislative authority to act as an aggregator for the provision of a competitive retail electric service under the authority conferred under Section 4928.20 of the Ohio Revised Code.

“Member” or “Aggregation Participant” means a person or consumer enrolled in the MVCC Program for competitive retail electric services.

“Retail Electric Generation Provider” (“Provider”) means an entity certified by the Public Utilities Commission of Ohio (“PUCO”) to provide competitive retail electric service(s), and which is chosen by MVCC to be the entity responsible to provide the required service related to Government Aggregation as defined in Section 4928.20 of the Ohio Revised Code and applicable provisions of the rules of the PUCO.

“Competitive Retail Electric Service” (“CRES”) means a component of electric retail service that is deemed competitive pursuant to the Ohio Revised Code or pursuant to an order of the PUCO.

Governmental Aggregation Services

The Aggregation Program is designed to reduce the amount participating consumers pay for electric energy, and to gain other favorable economic and non-economic benefits from Ohio's competitive retail electric market. The Aggregation Program achieves the favorable benefits by combining the electric loads of residential customers and small commercial consumers into a buying group ("Aggregation Group"). MVCC will not buy and resell power but will represent consumers interests as a purchasing agent ("Purchasing Agent") for the Aggregation Group. This means that MVCC will be a Governmental Aggregator, as defined by Ohio law and the rules established by the PUCO, and shall act on behalf of eligible residential and small commercial consumers in the MVCC municipalities to: 1) select a Retail Electric Generation Provider ("Provider") to supply the Aggregation Group; 2) negotiate the terms of supply between the Provider and each Aggregation participant; and 3) oversee the enrollment procedures administered by the Provider.

Provider

MVCC will use its Provider to perform and manage aggregation services for its Members. The Provider shall provide adequate, accurate, and understandable pricing terms and conditions of service, including any switching fees and the conditions under which a Member may rescind a contract without penalty. The Provider must provide MVCC or its authorized consultant, if requested, an electronic file containing the Members usage, and charges. Upon request this information shall be sent to MVCC or its authorized consultant within 30 days. The Provider must have local and/or a toll-free number for Members to call.

Database

The MVCC will provide a letter to the Provider authorizing the Provider to obtain the list of eligible customers from the local utility and will be relying on the EDU to provide an accurate list of eligible customers. The consultant and Provider will use that list and remove customer records that have returned opt-out forms, are Percentage of Income Payment Plan (PIPP) customers or are ineligible due to being a mercantile customer.

The Provider will build and maintain a database of all Members. The database will include all necessary information for the Provider and MVCC to serve the Aggregation. This information includes but is not limited to the name, address, account number or other EDU identifying number(s), and Retail Electric Generation Provider's account number of the Member, and other pertinent information such as rate code, rider code (if applicable), most recent 12 months of usage and demand, and meter read cycle. This database will be updated and provided to MVCC and/or its consultant at least every quarter. Accordingly, the Provider will implement a process to accommodate at Members that: 1) leave the program due to relocation, opting out, etc.; 2) decide to enter or opt-into the Program; 3) relocate

within eligible areas within the boundaries of MVCC member communities; and 4) move into the MVCC member communities' boundaries and desire to enter or opt-in to the Program. This database shall also be capable of removing PIPP customers from the Program, should that be necessary, and those who have opted out. The Provider will use this database to perform bill audits for clerical and mathematical accuracy of Member generation supply bills.

Member Education

The Provider will develop, with the assistance of MVCC and its authorized consultant, a retail electric competition consumer educational program that generally explains the Aggregation Program to its Members. The program will, when practical, provide consumer education messages that are consistent with the Aggregation Program designed purpose, provide updates and disclosures mandated by Ohio law and PUCO rules, and implements a process to deal with allowing any person enrolled in the Aggregation Program the opportunity to opt out of the program at least every three years, without paying a switching fee to MVCC or the Provider.

Customer Service

The Provider will provide the customer service process that, at a minimum, will accommodate: 1) Member inquiries and complaints about billing; and 2) answer questions regarding the Program in general. This process will, at a minimum, include a description of how telephone inquiries will be overseen (either internally or externally), how invoices will be prepared, how remittance of payment will be dealt with, and how collections for delinquent accounts will be addressed. See Appendix B for a detailed description of the Customer Service Plan.

Billing

MVCC will use the Provider, or its designated agent, to provide billing services to each Member for the Competitive Retail Electric Services, with no additional administrative fee. At this time, the EDU will render the billing statement, which should be consistent with all applicable guidelines issued by the PUCO. As this market develops, MVCC may, at its option and in consultation with the Provider, change this function to the Retail Electric Generation Provider or a billing agency.

Credit and Deposit Policies

Collection and credit procedures remain the responsibility of the EDU, the Provider, and the individual Member. Members are required to remit and comply with the payment terms of the Local Utility. This Program will not be responsible for late or no payment on the part of any of its members. MVCC will have no separate credit or deposit policy.

Customer Service Procedures & Dispute Resolution

Members will have multiple means of addressing complaints. As a general rule, concerns regarding service reliability and billing should be directed to the EDU. The EDU continues to read meters, handle billing, and generally have the most information about a customer's account. Questions regarding the Program administration should go to the consultant, and any unresolved disputes should be directed to the Public Utilities Commission of Ohio. Listed below is a table of toll-free numbers for members to call for assistance.

Compliance Process

The Provider will have internal controls and processes that ensure the MVCC remains in good standing as a Government Aggregator and that it complies with all laws, rules and regulations surrounding the same, as they may be amended from time to time. The Provider will deliver periodic reports to MVCC and its consultant that will include at a minimum (i) the number of Members participating in the Program; and (ii) savings estimates or increase from the previous year's baseline. The Provider will also develop a process to monitor and provide notification to MVCC of any changes in laws, rules, or regulations.

Notification to EDU

In MVCC's OOM potential Aggregation participants that do not opt-out of the Aggregation Group will be enrolled automatically in the Aggregation Program. Such Members in the Aggregation Group will not be asked to take other affirmative steps to be included in the Group. In MVCC's OIM, potential Aggregation participants must affirmatively enroll in the Program to join the Aggregation Program. To the extent that the EDU requires notification of participation, MVCC will coordinate with its Provider to provide such notice to the EDU. The Provider will inform the EDU of any individuals who may have been permitted to join the Aggregation Group after the expiration of the enrollment period.

Opt-Out Activation of Service

In an MVCC OOM, all eligible electric customers in the MVCC Program shall be sent a notice that provides 21 days to opt out of the Program. All eligible customers who do not opt out will be automatically enrolled in the Program. During this opt-out period eligible consumers may opt-out of MVCC's Aggregation Group without fees charged by the Provider or MVCC. Generation service activation will occur thereafter without consumer action beginning on the customer's normal meter read date within the month when power deliveries begin under the Aggregation Program.

Opt-In Municipalities Activation of Service

After an offer letter is sent to eligible electric customers in the OIM the potential Aggregation Participant shall have 21 days to affirmatively enroll in the Program. Generation service activation will occur thereafter without consumer action beginning on the customer's normal meter read date within the month when power deliveries begin under the Aggregation Program.

Changes, Extension or Renewal of Service

At least every three years all consumers eligible to participate in MVCC's Program in an OOM will be given an opportunity to opt into or out of the Program, and reasonable notice will be provided as required by law and PUCO rules. Participants will also be notified of their right to select an alternate generation supplier and of their ability to return to EDU's Standard Service Offer. At least every three years consumers eligible to participate in MVCC's Program in an OIM will be given an opportunity to re-enroll, and reasonable notice will be provided as required by law and PUCO rules.

Termination of Service

If the Contract is terminated prior to the end of the term, each individual Member of the Aggregation Group will receive written notification of the termination of the Program at least sixty (60) days prior to termination of service. If the Contract is not extended or renewed, Members will be notified as required by law and the CRES rules of the PUCO in advance of the end of service. Members will also be notified of their right to select an alternate generation supplier and of their ability to return to the EDU's Standard Service Offer upon termination.

Opt-In Procedures

Eligible consumers may request to join the Aggregation Group after the expiration of any enrollment period by contacting the Provider. The Contract shall determine whether the Provider accepts them into the Program, and, if so, at what rate. The agreed upon policy in the Contract shall be consistent with the EDU's service activation requirements. Aggregation Group participants who move from one location to another within eligible areas of MVCC shall retain their participant status.

Opt-out Outside Enrollment Period

Members who switch to a different generation supplier after the expiration of the Opt-out period or affirmatively enrolling will be allowed to do so in correlation with the consumer's next scheduled meter read date but may be charged a switching fee in an amount and method determined by the Contract. Switching to a different generation supplier on the

next meter read date, however, will occur when the next meter read date is twelve (12) business days or more from the date of the consumer's notice of intent to opt-out of the Aggregation Group. Notification of intent to opt-out of the Aggregation Group may be made by contacting the Provider by telephone or in writing. Members who opt-out of the Aggregation Group will default to the EDU's Standard Service Offer, until the consumer selects an alternate generation supplier.

MISCELLANEOUS GOVERNANCE GUIDELINES

- A. The MVCC municipalities shall approve through Resolution or Ordinance the Plan of Operation and Governance for the Aggregation program and any Amendments thereto.
- B. MVCC shall contract with only Retail Electric Generation Providers certified by the Public Utilities Commission of Ohio for the provision of Competitive Retail Electric Service to the Aggregation Program Members.
- C. MVCC will require any Provider to disclose any subcontractors that it uses in fulfillment of the services described above.
- D. MVCC will require the Provider to maintain either a toll-free telephone number, or a telephone number that is local to MVCC Program Members.

Liability

MVCC shall not be liable to Members in the Aggregation Group for any claims whatsoever arising out of the aggregation program or the provision of aggregation services by MVCC or the Provider. Aggregation Group members shall assert any such claims solely against the Provider pursuant to the Power Supply Agreement, under which such participants are express third-party beneficiaries.

Availability of Plan of Operation and Governance

Copies of this plan are available from MVCC free of charge. Contact the MVCC office at 937-438-8887, for a copy or for more information.

Consumer Right to Contact PUCO and Ohio Consumers Counsel

Any electric customer, including any participant in the MVCC Electric Aggregation Program, may contact the Public Utilities Commission of Ohio (PUCO) for information, or make a complaint against the Program, the Provider. The PUCO may be reached toll free at 1-800-686-7826. The PUCO may be reached at 1-800-686-1570 for all TDD/TYY calls. The Ohio Consumers' Counsel may be reached at 1-877-742-5622.

Appendix A -- Education Process

The Provider will develop an educational program in conjunction with MVCC. Its purpose will be to explain the aggregation program to MVCC Members, provide updates and disclosures as mandated by State law and the rules of the PUCO, and provide the opportunity for the members to opt out of the program. The following are the program components:

1. Each eligible consumer within the MVCC OOM limits will receive via U.S. Mail notification of: what government aggregation means, their membership in the government aggregation program, the procedure which must be followed in order to opt out of the program, the price that they can expect to receive as a member of the program, and the deadline for returning the opt out form.
2. In MVCC's OIM, potential Aggregation participants must affirmatively enroll in the Program to join the Aggregation Program. To the extent that the EDU requires notification of participation, MVCC will coordinate with its Provider to provide such notice to the EDU. The Provider will inform the EDU of any individuals who may have been permitted to join the Aggregation Group after the expiration of the enrollment period.
3. The Provider will work with MVCC to provide opportunities for educating eligible MVCC consumers about the Program and their rights under the law, PUCO rules and this Program. In addition, the Provider and MVCC will work to provide education about and other opportunities for energy efficiency measures to help consumers reduce energy consumption.
4. The Provider will provide updates and disclosures as mandated by State law and rules of the PUCO.
5. For MVCC OOM, the opt-out opportunity will be provided to the Members of the program at least every three years. Should conditions, suppliers, price, or any other component of the program change within the three-year period, participants will be given a notice of their opportunity to opt out of, or into the program.
6. For MVCC OIM, At least every three years consumers eligible to participate in MVCC's Program in an OIM will be given an opportunity to re-enroll, and reasonable notice will be provided as required by law and PUCO rules.

Appendix B --- Customer Service Plan

A. Member Access:

1. Provider shall ensure Members reasonable access to their service representatives for inquiries, complaints, to discuss charges on Member bills, and transact any other business.
2. Telephone access shall be toll free and afford Members prompt answer times during normal business hours, as follows:

_____ **Corporation**
Address: _____
City: _____, _____
Toll-free telephone number: 1- _____
Hours: _____

3. Provider shall provide a 24-hour automated telephone message instructing callers to report any service interruptions or electrical emergencies to the EDU with appropriate phone numbers.

B. Member Complaints:

1. Provider shall investigate Member complaints (including complaints referred by EDU) and provide a status report within five calendar days following receipt of the complaint to:
 - a. The consumer when the complaint is made directly to the Provider; or
 - b. The consumer and The PUCO Staff (“Commission Staff”) when a complaint is referred to the Provider by the Commission Staff.
2. If an investigation is not completed within 14 calendar days, the Provider shall provide status reports to the consumer and MVCC, or if applicable, to the consumer, MVCC, the MVCC consultant and the Commission Staff. Such status reports shall be provided at five-day intervals until the investigation is complete, unless the action that must be taken will require more than five days and the Member has been so notified.
3. Provider shall inform the Member, or the Member, MVCC, MVCC consultant and Commission Staff, of the results of the investigation, orally or in writing, no later than five calendar days after completion of the investigation. The consumer, MVCC, the MVCC consultant, or Commission Staff may request the report in writing.

4. If a residential consumer disputes the Provider report, it shall inform the consumer that the Commission Staff is available to help resolve informal complaints. Provider shall provide the consumer with the current address, local/toll free telephone numbers, and TDD/TTY telephone numbers of the Commission's consumer services department.
5. Provider shall retain records of Member complaints, investigations, and complaint resolutions for one year after the occurrence of such complaints and shall provide such records to the Commission Staff within five calendar days of request.
6. Provider shall make good faith efforts to resolve disputes.

C. Member Billing and Payments

1. Provider shall arrange for the EDU or its agent to bill Members for such services according to a tariff approved by the commission. Residential Member bills issued by or for the Provider shall be accurate and understandable, be rendered at intervals consistent with those of the EDU and contain sufficient information for Members to compute and compare the total cost of competitive retail electric service (s). Such bills shall also include:
 - a. The Member's name, billing address, service address, the Member's EDU account number, and if applicable, Provider account number;
 - b. The dates of service covered by the bill, an itemization of each type of competitive service covered by the bill, any related billing components, the charge for each type of service, and any other information the Member would need to recalculate the bill for accuracy;
 - c. The applicable billing determinants, including beginning meter reading, ending meter reading(s), demand meter reading(s), multipliers, consumption(s), and demands;
 - d. For Member-generators with net metering contracts, a statement of the net metered generation;
 - e. The unit price per kWh charged for competitive service, as calculated by dividing current-period competitive service charges by the current-period consumption;
 - f. An identification of the provider of each service appearing on the bill;
 - g. The amount billed for the current period, any unpaid amounts due from previous periods, any payments or credits applied to the Member's account during the current period, any late payment charges or gross and net charges, if applicable, and the total amount due and payable.

2. The due date for payment to keep the account current. Such due date shall be no less than:
 - a. Fourteen days after the postmark date on the bill for residential Member and Twenty-one days after the postmark date or the bill for nonresidential Members;
 - b. Current balance of the account if a residential Member is billed according to a budget plan;
 - c. Options and instructions on how Members may make their payments;
 - d. For each provider, whose charges appear on the bill, a listing of the provider's toll-free telephone number and address for Member billing questions or complaints;
 - e. A listing of the toll-free consumer assistance telephone numbers and available hours for applicable state agencies, such as the commission, the Ohio Consumers' Counsel, and the Ohio Attorney General's office;
 - f. The AES Ohio or other EDU 24-hour local/toll-free telephone number for reporting service emergencies;
 - g. Identification of estimated bills or bills not based upon actual end-of-period meter readings for the period; and
 - h. An explanation of any codes and abbreviations used.
3. If applicable, Provider will, upon request, provide Members with the name and street address/location of the nearest payment center and/or authorized payment agent.
4. If applicable, when a Member pays the bill at a payment center or to an authorized payment agent, such payment shall be credited to the Member's account as of the day such payment center or agent receives it.
5. MVCC and the Provider shall establish policies and procedures for handling billing disputes and requests for payment arrangements.

D. Collections for delinquent accounts:

The EDU's credit and collection policies will apply to Program Members and shall be administered by the EDU. Neither the Governmental Aggregator, nor Provider, will implement additional policies with respect to credit, deposits, and collections. Failure to pay for Competitive Retail Electric Services may result in cancellation of the Member's contract with the Provider and return the Member to the EDU's Standard Service Offer.
