

Exhibit C-6 “Credit Rating,” provide a statement disclosing the applicant’s credit rating as reported by two of the following organizations: Duff & Phelps, Dun and Bradstreet Information Services, Fitch IBCA, Moody’s Investors Service, Standard & Poors, or a similar organization. In instances where an applicant does not have its own credit ratings, it may substitute the credit ratings of a parent or affiliate organization, provided the applicant submits a statement signed by a principal officer of the applicant’s parent or affiliate organization that guarantees the obligations of the applicant.

Applicant does not subscribe to the above mentioned organizations.

Exhibit C-7 “Credit Report,” provide a copy of the applicant’s credit report from Experian, Dun and Bradstreet or a similar organization.

No corporate credit report is available

Exhibit C-8 “Bankruptcy Information,” provide a list and description of any reorganizations, protection from creditors or any other form of bankruptcy filings made by the applicant, a parent or affiliate organization that guarantees the obligations of the applicant or any officer of the applicant in the current year or within the two most recent years preceding the application.

Applicant has not had any bankruptcy filings or reorganizations within the most recent two preceding years.

Exhibit C-9 “Merger Information,” provide a statement describing any dissolution or merger or acquisition of the applicant within the five most recent years preceding the application.

Keytex Energy Solutions, LLC has not had any dissolution or merger or acquisition within the five most recent years preceding the application.

Exhibit D-1 – Operations

Keytex Energy has established business processes and systems to manage all aspects of Brokering retail natural gas in Ohio. Applicant's operations will not include the production of natural gas from owned assets, nor will it take title to natural gas in Ohio. Instead, KEYTEX will assist end-users identify and take full advantage of their natural gas needs through effective purchasing strategies. KEYTEX intends to enter into agreements with licensed Natural Gas Suppliers throughout Ohio giving customers a variety of options to decide which supplier best suits their specific needs based on current market conditions, historical and expected usage. All outreach done on KEYTEX 's behalf will be done with the highest degree of professionalism, a strict adherence to Ohio Commission regulations and orders, and will be focused on providing its end-users with excellent, personal, customer service.

Since 2007, Keytex Energy and its managers have brought their considerable experience in the deregulated energy markets of Ohio, Pennsylvania, Illinois, New Jersey and Delaware. As they are already a licensed CRES in Ohio, Keytex will use existing relationships with licensed Suppliers to offer current and potential customers a variety of choices for not only their electric supply buy, upon PUCO approval, their natural gas supply as well.

Allowing Keytex to broker natural gas will benefit their existing and future customer base in Ohio by providing a full-spectrum service to each end-user, saving customers time and resources.

Exhibit D-2 – Operations Expertise

Applicant is currently licensed and operating as a Broker in the following jurisdictions:

1. Ohio CRES (Broker)
2. Pennsylvania EGS (Broker)
3. New Jersey (Electricity & Natural Gas Broker)
4. Illinois ABC License (Electricity Broker)
5. Pennsylvania NGS (Pending)
6. Delaware (electricity broker)

Keytex Energy Solutions, LLC (“KES”) an energy consulting and brokering company, was duly formed under the laws of the Commonwealth of Pennsylvania in 2007. Since its founding, KES’ mission has to become a leader in the deregulated energy market focusing on customer service and providing end-users the best possible value available in the marketplace.

Keytex has been a licensed electricity broker in Pennsylvania since March 11, 2010 (License No A-2009-2148518), Illinois ABC License No. 12-0525, and has held a similar license in Ohio since September 14, 2011 (License No. 11-389E), as well as New Jersey (electricity and natural gas) and Delaware (electricity broker).

Serving the residential, industrial and commercial markets in the aforementioned jurisdictions, Keytex works with dozens of natural gas and electricity suppliers with end-users consumption ranging from 35 MWh to 120,000 MWh in size.

Keytex reaches prospective customers through internal marketing methods focusing on telemarketing as well as Internet marketing through its website, www.keytexenergy.com.

Keytex Energy Solutions will continue, at all times, handle customer inquiries and complaints in accordance with any and all applicable Commission rules, regulations and orders

Exhibit D-3 – Key Technical Personnel

To demonstrate Technical Fitness, Applicant hereby provides the following:

- Narratives for key operating personnel
- Please see resumes attached
- Copies of Licenses

Gregory T. Cammerata - Principal

In addition to his experience at KEYTEX Energy, Mr. Cammerata has 17 years experience with Allegheny Energy serving in various engineering and analytical capacities which began in 1991 as a Plant Engineer at a supercritical generation facility. In 1993 he was assigned to the Engineering Studies group where he specialized in the economics of Clean Air Act compliance. In 1999, Mr. Cammerata became a Project Development Engineer with the unregulated side of Allegheny Energy, where he managed all aspects of siting and developing new power generation projects and expansions of existing facilities. He also performed economic evaluations of potential purchases of externally developed generation projects and Keytex estitures of existing assets. In 2002 Mr. Cammerata became a Quantitative Analyst specializing in the area of Load and Generation Modeling as well as wholesale and retail pricing. He developed and modeled hedging strategies for Allegheny's wholesale trading group, developed pricing and load forecasting for structured transactions such as Provider of Last Resort agreements, developed wholesale and retail pricing models, modeled generation unit commitment and hedging strategies for Allegheny's generation fleet and modeled Allegheny's SO₂ and NO_x emission allowance requirements and compliance strategies.

Michael J. Cammerata – Principal

Mr. Cammerata has 13 years of experience in the energy industry. He joined Strategic Energy in 1997 as administrator of its web based electricity usage monitoring program. He later joined the energy management group in 1998 scheduling the company's initial energy deliveries as PA's electricity market first deregulated. In 2002 he became portfolio manager for the Texas region. As such, he was responsible for all forward hedging of electricity, ancillaries and renewable for SE's largest book. He has experience in scheduling and trading in NEPOOL, New York, PJM, MISO, ERCOT, and CA.

Michael A. Dandrea – Director, Sales and Marketing

Mr. Dandrea has 38 years of Engineering, Sales/Marketing, Global Utility/Industrial Business Development, and Operations Management responsibilities with General Electric's Power System Business in Schenectady, NY. Additionally for 10 years he served in various executive positions with Allegheny Energy (AE) until his retirement in 2005. As VP of Retail Energy Sales, Mr. Dandrea had profit and loss responsibility for AE's Retail Business Unit in the Middle Atlantic de-regulated electric energy markets. In

this role he led the development of AE's retail energy marketing strategy, costing/pricing methodology, and customer acquisition. As Executive Director of Gas Turbine Operations, Mr. Dandrea was responsible for the operation, management, personnel safety, and availability of AE's gas turbine fleet.

Lennie Davis – Director, Retail Operations

Lennie Davis has 23 years of experience with Allegheny Energy prior to joining KEYTEX Energy. Mr. Davis worked in a variety of business areas including customer service, financial analysis, marketing, market research, and load forecasting. His experience in deregulated retail markets began when Pennsylvania opened in 1997. Mr. Davis was part of the management team that created Allegheny Energy's first retail business unit. Over the next fifteen years his work in various Allegheny retail subsidiaries included oversight of customer service operations, call centers, data entry, EDI activities, billing, and collections. During this period Allegheny took significant market share in New Jersey, Ohio, and Pennsylvania. In addition to his energy background Mr. Davis has also managed the customer service organization for a food manufacturer, and provided technical support for a start-up software company.

Samuel E. Perry – Director, Gas Operations

Mr. Perry has over 35 years of executive experience in the energy business, with the majority of those years focused in natural gas. With a 28 year career at Equitable Resources, his expertise is extensive: rate making, drilling programs, interstate gas pipelines, gas supply, natural gas trading, FERC regulations, corporate planning, sales and marketing, and acquisitions. Along with various executive sales and management positions, Mr. Perry held the position of Marketing. From 2001 – 2009 he worked at the Hess Corporation as the Regional Sales Manager for the Ohio Valley. In this position, he had P&L responsibilities for the region covering Western Pennsylvania, Ohio, West Virginia, and Kentucky.

SUMMARY

Energy Executive with background in both regulated and deregulated operations, finance and marketing; ten years of retail market experience in all phases of enrollment and back office procedures; knowledge of utility billing practices; call center management; and regulatory affairs know-how.

EXPERIENCE

KEYTEX ENERGY SOLUTIONS

2009-present

SENIOR VP, RETAIL OPERATIONS

- Leads competitive bidding on energy supply for commercial and industrial customers, successfully placing over three billion kilowatt-hours of business.
- Maintains vendor relationships with wholesale suppliers across nation.
- Directs customer service and support operations.
- Manages online Customer Care Center.
- Directs bill audit program
- Compiles inventory of state and regional regulations controlling power sales.

NORTH SIDE FOODS

2005-2009

MANAGER, CUSTOMER SERVICE

- Led team of customer service professionals in business to business market.
- Managed order entry, delivery and invoicing cycles – resolves customer issues.
- Managed distribution network of three external warehouses.
- Served as member of Leadership Team in company-wide strategic planning.

PYRAMID CONSULTING – VELOSANT LP

2003-2004

CLIENT SERVICES CONSULTANT

- Trained Velosant customers on use of accounts payable / accounts receivable software.
- Resolved customer problems, provided Tier 2 technical support.
- Conducted help desk function for corporate clients.
- Presented new employee training.

ALLEGHENY ENERGY, INC.

2002

BUSINESS CONSULTANT, GAS FIRED POWER STATIONS

- Served as financial and accounting liaison for five power stations in four states.
- Performed financial analyses of power station capital investments and major expenditures.
- Managed station budget process, coordinating and consolidating annual budget preparation.

ALLEGHENY ENERGY, INC. (CONT.)

MANAGER, OPERATIONS

1998-2002

- Created customer service organization for Allegheny Energy's deregulated retail sales business unit which competed in Customer Choice programs in five states.
- Directed enrollment program for all deregulated retail customers. Successfully enrolled 250,000 customers with fifteen electric utilities in five states.
- Developed policies, hired and trained staff, and developed infrastructure.
- Led team that designed and established in-house call center for deregulated business unit.
- Directed daily call center operations. Conducted training on customer service and sales programs.
- Oversaw administration of 200,000 record customer database.
- Managed billing and collection programs for residential and commercial customers.
- Coordinated billing activities involving direct invoice, third party billing and Electronic Data Interchange (EDI) activities.
- Managed regulatory affairs for division. Researched, interpreted and applied regulatory rules and decisions from five public utility commissions.
- Participated on management team that marketed and sold this business unit to a former competitor.

TELEMARKETING MANAGER

1997-1998

- Created successful operations team for a start-up division in new Pennsylvania Pilot Customer Choice market.
- Hired personnel, developed procedures, built system infrastructure to meet demands of volatile deregulated electricity sales market.
- Designed outsourced call center solution, selected teleservices vendor and negotiated contract.
- Developed scripts and training materials for call center representatives.
- Analyzed call center performance, providing feedback and direction to teleservices vendor.
- Directed enrollment program and all customer service activities. Enrolled 25,000 customers in seven markets.
- Supervised data entry team of ten to forty persons.

RESIDENTIAL MARKETING ANALYST

1997-1998

- Developed Appliance Warranty program for residential customers.
- Established telemarketing and direct mail campaigns to promote products.
- Negotiated related multi-million dollar contracts (telemarketing and service administration).
- Co-founder of Competitor Intelligence function in new marketing organization.

SUPERVISOR, ECONOMIC DEVELOPMENT

1991-1996

SUPERVISOR, RESEARCH AND ANALYSIS

1987-1991

FORECAST ANALYST

1979-1987

EDUCATION

Masters of Business Administration: West Virginia University, Morgantown, WV
Bachelor of Science, Economics, Cum Laude: West Virginia Univ., Morgantown, WV

SUMMARY

I gained a solid foundation of energy industry knowledge as an Electrical Engineer and Quantitative Analyst with extensive generation and wholesale/retail electricity market experience at a large electric utility in the northeast. Using this knowledge, I have grown KEYTEX Energy into a major player in the retail energy services sector, currently managing over 3 Billion yearly KWH of customers across the country. Under my leadership, KEYTEX Energy was built on the principals of providing our customers with world class technical knowledge through a large and diverse team of energy professionals.

- * 21 + years' experience in the Electricity Industry
- * Extensive background in economic analysis
- * Extensive background in modeling related to the energy markets and power generation assets

EXPERIENCE

KEYTEX ENERGY
PRESIDENT

06/07- Present

- Direct a staff of approximately 22 energy professionals
- Make all corporate decisions
- Establish strategic direction
- Represent our company in the marketplace.

GenOps, LLC
PRINCIPAL OWNER

01/12- Present

- Company controls and optimizes the dispatch of approximately 4000 MW of power generation in the PJM RTO
- Includes the dispatch and optimization of two of the largest coal fired electric generating plants in the northeast US.

ALLEGHENY ENERGY, INC.
LOAD & GENERATION MODELING QUANTITATIVE ANALYST

7/2002- 5/2007

- Developed and modeled hedging strategies for Allegheny's various tradebooks
- Developed and modeled Structured Transaction pricing and bidding strategies for all wholesale RFP's
- Built all retail pricing models used for the purposed of pricing retail electricity customers
- Modeled unit commitment and hedging strategies for Allegheny's generation fleet
- Managed and modeled Allegheny's SO₂ and NO_x emission allowance banks
- Directly reported to CFO for the purpose of providing all financial modeling relating to energy contracts with the state of California worth in excess of \$600 million.

PROJECT DEVELOPMENT ENGINEER

2/1999- 6/2002

Managed all aspects of siting and developing power generation projects and facilities, including:

- Market Analysis to determine most economically viable locations

- Development and presentation of the project's economic justification
- Prepared and negotiated generation interconnect agreements
- Negotiated, on Allegheny's behalf, with local government officials and the community
- Negotiated fuel supply contracts for the generation facilities
- Economically evaluated externally developed generation projects as well as asset purchases and divestitures

PROJECT ENGINEER

10/1996-1/1999

- Managed the economic analysis process for various capital projects
- Managed the economic analysis process relating to least cost compliance with the Clean Air Act.
- Engineered and managed various capital projects

ENGINEER – ENGINEERING STUDIES

8/1992- 9/1996

- Managed the economic analysis process for various capital projects
- Managed the economic analysis process relating to least cost compliance with the Clean Air Act.

PLANT ENGINEER – FORT MARTIN POWER STATION

7/1991- 7/1992

- Engineered various capital and maintenance project to maintain day to day operational reliability and availability of the power station

STATE OF ILLINOIS

ILLINOIS COMMERCE COMMISSION

Keytex Energy Solutions, LLC :
: :
Application for Licensure of :
Agents, Brokers and Consultants : 12-0525
under Section 16-115C of the :
Public Utilities Act. :

ORDER

By the Commission:

I. INTRODUCTION

On September 17, 2012, Keytex Energy Solutions, LLC ("Applicant") filed a verified application with the Illinois Commerce Commission ("Commission") requesting a certificate of service authority to operate as an agent, broker, or consultant ("ABC") in Illinois pursuant to Section 16-115C of the Public Utilities Act ("Act"), 220 ILCS 5/1-101 et seq., and 83 Ill. Adm. Code 454, "Licensure of Retail Electric Agents, Brokers and Consultants" ("Part 454"). Applicant requests authority to offer services as an ABC for the procurement or sale of retail electricity supply for third parties in the State of Illinois. On September 24, 2012, Applicant filed a supplement to the application.

II. REQUIREMENTS FOR ALL APPLICANTS UNDER SECTION 16-115C OF THE ACT

Applicant is a business organized under the laws of Pennsylvania and licensed to transact business in Illinois. Applicant has certified that it will comply with all applicable regulations; that it will comply with informational and reporting requirements established by Commission rule; that it will comply with informational and reporting requirements pursuant to Section 16-115C of the Act; and that it will comply with all other applicable laws, regulations, terms, and conditions required to the extent they have application to the services being offered by an ABC. Applicant has agreed to ensure that any person who acts on its behalf will comply with all applicable sections of Part 454. Applicant agrees that it will remain in compliance with the provisions of the Act and Part 454, and will ensure that authorizations received from customers, and all other applicable records are retained for a period of not less than three calendar years after the calendar year in which they were created. Applicant has agreed to adopt and follow rules and procedures to preserve the confidentiality of its customers' data. Applicant is licensed to offer similar services in Pennsylvania and Ohio. Applicant reports that it has not received any formal complaints.

III. FINANCIAL, TECHNICAL, AND MANAGERIAL REQUIREMENTS OF SECTION 16-115C

Applicant is required by Section 454.60 to demonstrate that it meets the managerial qualifications necessary to provide services as an ABC. Applicant must further provide an organizational chart that indicates the position of persons which satisfy the managerial qualification. Applicant has demonstrated that it meets the managerial qualifications set forth in Section 454.60 through Attachment 9 to the application and the September 24 supplemental filing. Attachment 9 contains the occupational background information of the persons being used to meet the requirements of Section 454.60(a). The supplemental filing contains a corporate organizational chart.

Applicant is required by Section 454.70 to demonstrate that it meets the technical qualifications necessary to provide services as an ABC. Applicant has demonstrated that it meets the technical qualifications set forth in Section 454.70 with the information provided in Attachment 10. Attachment 10 contains occupational background information on the persons being used to meet the requirements of Section 454.70(a).

Pursuant to the requirements of Section 454.80 of Part 454, Applicant provided a surety bond in the amount of \$5,000 issued by a qualifying surety authorized to transact business in Illinois. Applicant further agrees to comply with the Code of Conduct for ABCs contained in Section 454.90.

IV. COMMISSION CONCLUSION AND CERTIFICATE OF SERVICE AUTHORITY

The Commission has reviewed the application and attachments along with the supplementary information provided by Applicant regarding the technical, managerial, and financial requirements and all other requirements of the Act and Part 454 and finds that the Applicant sufficiently demonstrates compliance with the requirements. The Commission concludes, therefore, that Applicant's request for a certificate of service authority to operate as an ABC in Illinois should be granted and should include the following authority:

CERTIFICATE OF SERVICE AUTHORITY

IT IS CERTIFIED that Keytex Energy Solutions, LLC is granted service authority to operate as an agent, broker, or consultant for the procurement or sale of retail electricity supply for third parties in the State of Illinois.

V. FINDINGS AND ORDERING PARAGRAPHS

The Commission, having reviewed the entire record, is of the opinion and finds that:

- (1) Applicant, a business organized under the laws of Pennsylvania, seeks a certificate of service authority to operate as an ABC under Section 16-115C of the Act;
- (2) the Commission has jurisdiction over the party hereto and the subject matter hereof;
- (3) the recitals of fact and conclusions reached in the prefatory portion of this Order are supported by the record and are hereby adopted as findings of fact;
- (4) Applicant has demonstrated that it possesses sufficient financial, managerial, and technical resources and abilities to provide services as an ABC for the procurement or sale of retail electricity supply to third parties in the State of Illinois;
- (5) Applicant has complied with Section 16-115C of the Act and Part 454; and
- (6) Applicant should be granted a certificate of service authority to operate as an ABC as specified in this Order.

IT IS THEREFORE ORDERED by the Illinois Commerce Commission that Keytex Energy Solutions, LLC is hereby granted a Certificate of Service Authority authorizing it to operate as an agent, broker, or consultant; said Certificate of Service Authority shall read as that set forth in Section IV of this Order.

IT IS FURTHER ORDERED that Keytex Energy Solutions, LLC shall comply with all applicable Commission rules and orders now and as hereafter amended.

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By order of the Commission this 3rd day of October, 2012.

ORDER NO. 8487

ELECTRIC SUPPLIER CERTIFICATE

This 21st day of November 2013, the Public Service Commission (the "Commission") determines and orders the following:

WHEREAS, on October 31, 2013, Keytex Energy Solutions, LLC ("Keytex" or the "Company") filed an application (the "Application") pursuant 26 Del. C. §1001 - §1020, the Electric Utility Restructuring Act (the "Act") and 26 Del. Admin. C. §3001, the Commission's Rules for Certification and Regulation of Electric Suppliers (the "Supplier Rules"),¹ seeking certification as a retail electric supplier in order to broker the sale or purchase of Electric Supply Service; and

WHEREAS, in the Application, the Company states it is seeking certification as a Broker² that will utilize appropriate energy procurement strategies to meet the needs of commercial and industrial customers in Delaware; and

¹ Unless otherwise noted, capitalized terms shall have the meanings ascribed to them in the Act and the Supplier Rules.

² Pursuant to §1001(3) of the Act, "Broker" is defined as a person or entity that acts as an agent or intermediary in the sale or purchase of, but that does not take title to, electricity for sale to retail electric customers." Although a Broker never takes "title" to any electric supply product, §1001(14)(c) of the Act deems a broker an "Electric Supplier."

WHEREAS, Staff reports that the Application fulfills all of the requirements for an Electric Supplier Certificate to act as a Broker as set forth in the Supplier Rules. In particular, Staff reports that the Company appears to possess the financial, operational, managerial, and technical capabilities to operate as a Broker of Electric Supply Service. Therefore, Staff recommends that the Commission issue an Electric Supplier Certificate authorizing the Company to broker sales and customer purchases of Electric Supply Services in the State of Delaware;

NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE VOTE OF NOT FEWER THAN THREE COMMISSIONERS:

1. Keytex is hereby granted a certificate to do business and operate as an "Electric Supplier" (Broker) within the State of Delaware. Under this Electric Supplier Certificate, the Company is authorized to broker Electric Supply Service within the State of Delaware consistent with and in accordance with the Act and the Supplier Rules.

2. Keytex is hereby notified that a violation of any applicable order, statute, regulation, rule, or other controlling authority may be enforced by sanctions permitted by §§1012(a) and 1019 of the Act and §3001-10.2 of the Supplier Rules.

3. Keytex shall file such reports and pay such fees and assessments as may be required or imposed by §§114, 115 and 1012(c)(2) of the Act and §§3001-3.9 and 3.10 of the Supplier Rules.

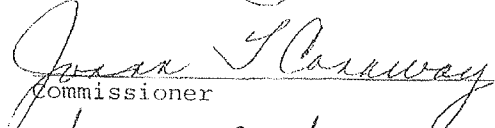

4. Keytex consents to the jurisdiction of the courts of the State of Delaware for all acts or omissions related to its offering of Electric Supply Services in this State.

5. Keytex is hereby placed on notice that the costs of this proceeding will be charged to it pursuant to §114(b)(1) of the Act.

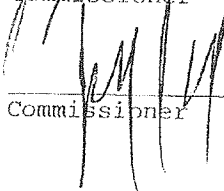

6. The Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.

Re: **Energy Agent, Private Aggregator and Energy Consultant Initial Registrations**
Dkt. Nos. EE13010023L & GE13010024L

Dear Mr. Morrisey

In accordance with the Electric Discount and Energy Competition Act of 1999, N.J.S.A. 48:3-49 et seq. at its March 20, 2013 Agenda meeting, the New Jersey Board of Public Utilities voted to issue **REGISTRATIONS** as an Energy Agent, Private Aggregator and Energy Consultant to KEYTEX Energy Solutions, LLC. Your registration numbers are EA-0216, PA-0126, EC-0059.

The enclosed registrations are effective March 20, 2013 and expire on March 19, 2014. These registrations and the rights thereunder are Non-Transferable.

This letter is not an endorsement of, nor is it intended for use in, the marketing promotions of the registrant. Registrants shall comply with all applicable law, including the Electric Discount and Energy Competition Act, which prohibits the unauthorized change of a customer's energy provider and other fraudulent and illegal marketing activities.

If you have any questions, please contact Anna Procopio at (609) 292-1681.

Sincerely,
