

**Duke Energy Ohio  
Case No. 20-0347-EL-BNR  
STAFF Fifth Set of Data Requests  
Date Received: September 2, 2020**

**STAFF-DR-05-001**

**REQUEST:**

Is the cost of the asset going to be used in transmission formula rates (H-22) or distribution rates?

**RESPONSE:** Based on the cost estimate of transmission plant vs. distribution plant, approximately 97 percent of the project costs would be recovered through Rider DCI (distribution) or distribution base rates. The remainder would be included in Attachment H-22 and recovered through the BTR, to the extent not paid by wholesale customers.

**PERSON RESPONSIBLE:** Sarah Lawler
