**ANSWER OF DUKE ENERGY OHIO, INC.**

---

For its Answer to the Complaint of Melissa Broome and Peter Broome (Complainants), Duke Energy Ohio, Inc., (Duke Energy Ohio or Respondent) states as follows:

1. The Complaint is not in a form allowing for specific admission or denial as to individual allegations. Accordingly, Duke Energy Ohio generally denies the allegations set out in the Complaint.

2. With regard to the allegation in paragraph 1 of the Complaint that a stop order be issued, Duke Energy Ohio states that the Public Utilities Commission of Ohio (the Commission) is without jurisdiction to resolve issues of equity. Answering further, Duke Energy Ohio states that any vegetation management activities in which it may engage are permissible under express grants of easement and consistent with its Programs for Inspection, Maintenance, Repair and Replacement of Distribution and Transmission Lines, Section (f), as approved on June 13, 2016. All remaining allegations of this paragraph are denied.

3. In response to paragraph 2 of the Complaint, Duke Energy Ohio asserts that statements regarding the lack of objection to trimming trees are not allegations to which a response is required. However, to the extent a response is required, Duke Energy Ohio is without sufficient knowledge as to the truth of the opinions of Complainant and thus denies the same. Answering further, Duke Energy Ohio states that its practices are permissible under express grants of easement and consistent with its Programs for Inspection, Maintenance, Repair and Replacement of Distribution and Transmission Lines, Section (f), as approved on June 13, 2016.

4. In response to paragraph 3 of the Complaint, Duke Energy Ohio asserts that statements regarding the date on which activities may commence are not allegations to which a response is required. However, to the extent a response is required, Duke Energy Ohio states that the Commission is without jurisdiction to resolve issues of equity, as inferred by such statement. Answering further, Duke Energy Ohio states that its practices are permissible under express grants of easement and consistent with its Programs for Inspection, Maintenance, Repair and Replacement of Distribution and Transmission Lines, Section (f), as approved on June 13, 2016 and, as such, it cannot be deprived of its right to engage in permissible and lawful activities.

5. With regard to the documents attached to the Complaint, Duke Energy Ohio states the easement provided by Complainant is not relevant to his property or the lawful actions Duke Energy Ohio intends to undertake on Complainant's property so as to enable the continued safe and reliable operation of its high-voltage transmission system. Answering further, Duke Energy Ohio states that the easement provides it with the unambiguous right to remove trees and other obstructions in the easement and right-of-way. However, with regard to certain statements therein, Duke Energy Ohio states that the terms of its lawfully obtained easements speak for themselves and further denies that its request, as docketed under Case No. 16-915-EL-ESS, has

not been approved. Said request was approved pursuant to O.A.C. 4901:1-10-27(F)(2). Duke Energy Ohio further states that it has engaged in extensive community outreach, interacting with individual property owners on whose property the Company possesses easement rights and will be working. All remaining allegations, as inferred or implied by the documents attached to the Complaint, are denied.

6. Duke Energy Ohio denies each and every allegation of fact and conclusion of law not expressly admitted herein.

### **AFFIRMATIVE DEFENSES**

1. Duke Energy Ohio asserts as an affirmative defense the easement attached to the Complaint does not concern the property owned by Complainant. Such easement, therefore, cannot support the Complaint. Answering further, such easement expressly confirms the rights of Duke Energy Ohio to engage in vegetation management activities with regard to the property on which such easement exists.

2. The Complainant does not assert any allegations of fact that would give rise to a cognizable claim against Duke Energy Ohio.

3. Duke Energy Ohio asserts as an affirmative defense that, pursuant to R.C. 4905.26 and O.A.C. 4901-9-01-(B)(3), Complainant has failed to set forth reasonable grounds for complaint.

4. Duke Energy Ohio asserts as an affirmative defense that Complainant has not stated any request for relief that can be granted by this Commission.

5. Duke Energy Ohio states as an affirmative defense that Complainant lacks standing to assert any claims against the Company in respect of property for which he is not the lawful property owner of record.

6. Duke Energy Ohio asserts that to the extent Complainant is seeking monetary damages, such relief is beyond the scope of the Commission's jurisdiction.

7. Duke Energy Ohio asserts that to the extent the Complainant is seeking equitable relief, such relief is beyond the scope of the Commission's jurisdiction.

8. Duke Energy Ohio asserts that it has superior property rights, as confirmed by lawful grants of easement.

9. Duke Energy Ohio reserves the right to raise additional affirmative defenses or to withdraw any of the foregoing affirmative defenses as may become necessary during the investigation and discovery of this matter.

### **CONCLUSION**

WHEREFORE, having fully answered, Duke Energy Ohio respectfully requests that the Commission dismiss the Complaint of Jason Dimaculangan for failure to set forth reasonable grounds for the Complaint and to deny Complainant's request for relief, if any.

Respectfully submitted,
