Good morning Chad,

Per your request, your contractor has permission to work overnight in Blue Ash for specific parts of the project as we have previously discussed. These instances can be for crossing Reed Hartman Highway and working in the parking lot of the CMC complex. We understand that there may be other instances where this is warranted and request that you and your contractor schedule these events with the City to ensure there are no conflicts and disruption of our businesses and residents is kept to a minimum.

Thank you,

Gordon M. Perry, P.E.
