**Case No. 09-289-TP-ATA**

**Explanation of absence of non-PDF source file**

Per the Commission's Entry dated May 7, 2008 in Case No. 06-900-AU-WVR, ALEC, Inc. provides the following statement regarding the absence of a non-PDF source file: ALEC states that the filer does not have access to a non-PDF electronic source file of the filed document in the above-captioned proceeding because the filed document is a PDF scan of various documents, including revised tariff pages. Thus, it is not feasible to submit a non-PDF source file for this filing.
